The Integrity of the Body of Christ Arden Mahlberg, Craig L. Nesson, 2016-05-23 For religious communities to have integrity and credibility they must flourish as places of love and respect Every aspect of church life is defined and protected by essential boundaries boundaries around space time thought speech will emotion and behavior both for clergy and church members Lack of awareness and attention to boundary keeping diminishes the integrity of the church and harms its mission whereas insight and vigilance about best practices lend freedom and energy to the calling of the church to care for others and to reach out to the world In a flourishing Christian community a wide array of boundaries must be recognized celebrated and navigated from the boundaries that define and protect us as individual persons to role boundaries and the boundaries that define essential communal functions such as worship This book is no conventional account of boundaries It takes a comprehensive approach to the challenge of understanding and creating healthy boundaries It applies the lessons from the emerging field of behavioral ethics to the rich and rewarding complexity of boundaries in church life helping us to be more loving and responsible in how we think speak and act so that the church can be true to its identity and mission *Faith Journey* Jr. Hood, 2011-03 Advance praise for Faith Journey Good pastors are recognizing that the task for forming people in faith has a new urgency in our time Preaching to people who are not learning about the faith and being formed in discipleship can devolve into entertaining an audience instead of edifying a congregation of the faithful In this book Doug Hood provides welcome help in this important ministry of weaving into the fabric of people's lives the basic pattern of the Christian faith a wise and worthy guide for pastors and lay people From the Forward by Thomas G Long author of *The Witness of Preaching* and Bandy Professor of Preaching Candler School of Theology Emory University Doug Hood leads us into a wonderfully accessible approach to a deeply engaging experience of growth in discipleship By offering the interplay of readings reflections spiritual exercises and questions he leads the reader into the life changing journey of growing in Christlikeness and what it is to be loved by Christ and loving others in Christ's name It is a superb guide for personal study small groups and classes E Stanley Ott Ph D President of the Vital Churches Institute As pastors and church leaders we want more for the spiritual life of our parishioners than an emotional high or intellectual stimulation We want our people to know God Doug Hood has developed an understandable and highly accessible resource for congregations Using time tested spiritual disciplines Faith Journey encourages church members to be receptive to what God is doing in their lives James Hodsden Senior Minister of the Ardmore Presbyterian Church Ardmore PA W Douglas Hood Jr D Min Fuller Theological

The Stratified Leadership Model of the First-Century Christian Church Barton S. Garratt Edsall, 2025-07-29 This research work aims to present a solution to the problem of withering Christian congregations present in modern Christian churches by way of expounding the doctrine that Jesus or his apostles promoted as displayed in the four canonical Gospels the Acts of the Apostles or the New Testament epistles This study presents factual information showing that the doctrine and arrangement of leaders that developed within the first century church may have been overlooked and lost by the wayside of history in favor of established traditions Paul declared his purpose for visiting the church believers in Rome was not to collect money or build houses of worship but so that their lives might manifest spiritual fruit Following that example improving the spiritual quality of their people s lives should be the primary goal of all Christian ministers The majority of this work will conduct a careful exegesis of selected passages

from the New Testament which focus on the leadership model utilized by the first century church This study presents in detail the stratified leadership model of the early times in such a fashion that any modern church might replicate its design

Making Disciples Sylvia Wilkey Collinson, 2007-01-01 The Christian faith community regards the making of disciples as a prime directive of Jesus himself though this theme is not dominant in contemporary models of teaching in the church This investigation seeks to develop a theory of discipling and to test its congruence as an effective educational strategy with the objectives of modern Christian faith communities After briefly examining the discipling model of teaching as practiced in the world of the Ancient Near East a detailed study of New Testament texts investigates the practice of discipling by Jesus and his followers and in the church of the first century An understanding of the concept of discipling is gained by gradually refining its definition as the study progresses through a contemporary examination of other informal models of education Religious and educational research findings are explored to enable the validity of the discipling model to be determined Finally the definition is used as a benchmark to examine various contemporary educational theories within the community of faith In contrast to the schooling model discipling has been shown to be an effective model for teaching attitudes values and behavior as well as knowledge and beliefs in today's church Its emphasis on commitment to learning relationships within a nurturing community and active involvement in the mission of Christ to the world and its capacity to adapt to differences in age culture ability and interests make it a model of teaching worthy of much greater attention by the Christian faith community
