Political Confidence and Democracy in Europe Christian Schnaudt, 2018-07-09 This book examines the antecedents and consequences of citizens confidence in different political institutions and authorities Its main argument states that a distinction between confidence in representative and regulative institutions and authorities is of crucial importance in order to gain novel insights into the relevance of political confidence for the viability of democratic systems Relying on individual level data from the European Social Survey ESS the author provides empirical evidence that citizens from a total of twenty one European countries make a distinction between confidence in representative institutions and authorities and confidence in regulative institutions and authorities Furthermore the author shows that both types of political confidence emanate from different sources and are associated with varying consequences Overall these findings indicate that confidence in representative and confidence in regulative institutions and authorities establish two qualitatively different types of political confidence each with distinct implications for the functioning and well being of modern democracies

Aspects of Political Ideas and Institutions in Ancient India Ram Sharan Sharma, 1991 The present work Aspects of Political Ideas and Institutions in Ancient Indian discusses different views on the origin and nature of the state in ancient India It also deals with stages and processes of state formation and examines the relevance of caste and kin based collectivities to the construction of polity The Vedic assemblies are studied in some detail and developments in political organisation are presented in relation to their changing social and

economic background The book also shows how religion and rituals were brought in the service of the ruling class

Localism and the Design of Political Systems Rick Harmes,2020-12-31 This book examines localism as a political idea and policy approach and explains what localism is about why it is growing in importance and how it relates to other themes in politics Illustrated with case studies from the United Kingdom mainland Europe and the Indian sub continent the book analyses localism in conceptual and theoretical terms and locates it within the overall landscape of political thought Key themes covered in the book include place space and scale decentralization and devolution multi level governance public value democracy and empowerment and political design With the focus on the bottom up constructivist aspects of localism the book argues that localism is most likely to work successfully in a political order where sovereignty is distributed across various social spheres and levels of government It offers a comprehensive view of localism by synthesizing its various strands and creating a distinctive framework for design and evaluation This book will be of particular interest to scholars students and practitioners of localism particularly within local and regional government public administration and policy human and political geography and urban studies Study guide for examination number 1 ,1970 **Indonesia Country Study**
