concept native to pre modern cultures **Religion** Thomas A. Tweed,2020-09-25 Religion plays a central role in human experience Billions of people around the world practice a faith and act in accordance with it Religion shapes how they enter the world and how they leave it how they eat dress marry and raise their children It shapes their assumptions about who they are and who they want to be Religion also identifies insiders and outsiders who has power and who doesn t It sanctifies injustice and combats it It draws national borders It affects law economy and government It destroys and restores the environment It starts wars and ends them Whether you notice it or not religion plays a role in how billions conduct their lives We are called then to understand this important factor in human life today Beginning with the first signs of religion among ancient humans and concluding with a look at modern citizens and global trends leading scholar Thomas Tweed examines this powerful and enduring force in human society Tweed deftly documents religion as it exists around the world addressing its role in both intensifying and alleviating contemporary political and environmental problems from armed conflict to climate change Religion A Very Short Introduction offers a concise non partisan overview of religion s long history and its complicated role in the world today **Second Edition: the Attributes of God in the Monotheistic Faiths of**

Judeo-Christian and Islamic Traditions Husein Khimjee Ph.D.,2018-08-08 This book is the Second Edition of the book first published in 2011 It is one of the first books of its kind in the market clearly explaining and expanding the Attributes of God in the Judeo Christian and Islamic traditions With the expansion of the book in its Second Edition it also contains discussion of Prophets and Messengers and in particular discusses the status of Abraham in all the Three monotheistic traditions The Jewish Christian and Islamic traditions This book is about God and our relationship with God What is more interesting about the Second Edition is that it expands the possibility of more research on the concept of prophethood in the family of Abrahamic faiths Further it discusses the status of Abraham according to the theology of St Paul comparing it briefly with Islam This book discusses also the status of Jesus in the Jewish and in the Islamic traditions *Eleven Great Religions of the World Today* Hap C. S. Lyda,2020-11-09 This book is a brief simplified presentation of eleven major world religions active today It is an objective study of the history beliefs sacred scripture festivals and population It is intended to supply knowledge without comparing the religions or attempting to convert anyone to any of them It is a book to further knowledge for understanding living religions and their cultures The contents are described according to the locations of their origins the Middle Far and Near East The book is readable for youths and adults The book is very useful for students taking beginning courses in religion and religions This book is quickly readable without distracting references The importance of the eleven religions described in this book is noted in that they claim the membership of five of the seven billion people in our world

Nonviolence in the World's Religions Jeffery D. Long,Michael G. Long,2021-09-23 The twenty first century began with the terrorist attacks of September 11 2001 Much has been written and debated on the relationship between faith and violence with acts of terror at the forefront However the twentieth century also gave rise to many successful nonviolent protest

movements Nonviolence in the World's Religions introduces the reader to the complex relationship between religion and nonviolence Each of the essays delves into the contemporary and historical expressions of the world's major religious traditions in relation to nonviolence Contributors explore the literary and theological foundations of a tradition's justification of nonviolence the ways that nonviolence has come to expression in its beliefs symbols rituals and other practices and the evidence of nonviolence in its historic and present responses to conflict and warfare The meanings of both religion and nonviolence are explored through engagement with nonviolence in Hindu Buddhist Chinese Sikh Jewish Christian Islamic Jain and Pacific Island religious traditions This is the ideal introduction to the relationship between religion and violence for undergraduate students as well as for those in related fields such as religious studies peace and conflict studies area studies sociology political science and history

[Fabricating Religion](#) Russell T. McCutcheon, 2018-09-24 The revised essays collected here four of which are published for the first time continue a longstanding argument made by McCutcheon and others that the study of religion would benefit from self-conscious scrutiny of its tools the interests that may drive them and the effects that might follow their use The chapters examine a variety of contemporary sites in the modern field where this thesis can be argued whether involving the anachronistic use of the category religion when studying the ancient world to current interest in so-called critical religion or critical realist approaches Moreover contrary to some past characterizations of such critiques a constructive way forward for the field is once again recommended and at several sites exemplified in detail redescribing not only religion as something ordinary but also our tendency to create the impression of exceptional and thus set apart things places and people Aimed at scholars and students alike the book is an invitation to examine our own scholarly practices and thereby take a more active role in shaping the field in which we carry out our work as scholars of this thing we call religion

God among Sages Kenneth Richard Samples, 2017-01-31 Was Jesus just a spiritual leader like Buddha Krishna Confucius and Muhammad Or is he something more something else entirely In God among Sages apologist Ken Samples offers readers a biblical and historical portrait of Jesus grounded in the claims Jesus makes about himself Then Samples compares and contrasts Jesus with Buddha Krishna Confucius and Muhammad using eight relevant categories of evaluation He also helps readers understand the competing philosophies of religious pluralism inclusivism and exclusivism The result is a clearer understanding of what sets Jesus apart as not simply a teacher to follow but God himself worthy of our full allegiance and worship Christians who struggle to answer claims that Jesus was just a good teacher as well as those haven't quite made up their minds about Jesus's claims to divinity will value this accessible introduction to comparative religions

[Ancient African Religions](#) Robert M. Baum, 2024 This book examines the history of religions in Africa from the burial practices of the earliest humans to the rise of centralized theocratic kingdoms like ancient Egypt up to the rise of Islam in the Seventh Century

An Introduction to Religious and Theological Studies, Second Edition Cyril Orji, 2021-01-07 An Introduction to Religious and Theological Studies walks students through topical issues to be encountered in the study of the

Abrahamic religions Judaism Christianity and Islam as these religions encounter other religions in the context of the wider ecumenism The text is written from a Christian point of view and aims at helping students understand that to be Christian is to be ecumenical African Traditional Religions ATRs has been included in this survey to provide background for the religious traditions and cultures of peoples of Africa as Christianity moves inexorably southward The book has been written with undergraduate general education students in mind including meeting the needs of those in seminaries and theological institutes
