Concordance of the Sublime Quran Laleh Bakhtiar, 2011-01-01 The Concordance of the Sublime Quran serves the need of those who do not know the Arabic language but want to understand the Quran This work is a translation and transliteration of the Arabic Concordance known as al Mujim al mufahris This all English work shows the semantic structure of the Arabic vocabulary in order to arrive at the multiple meanings of Arabic three and four letter roots and their derivatives Divided into three parts Part 1 Contents lists the 3673 transliterated Arabic derivatives of all verbs nouns and some particles in the Quran Part 2 Text lists the transliterated derivatives their grammatical structure and English translation followed by the verses in which the word appears in The Sublime Quran Part 3 Index lists the 6000 words used in the translation followed by reference to the derivative found in both Part 1 Contents and Part 2 Text The Sublime Ouran Laleh Bakhtiar, 2009 First translation by American woman Refutes husbands can beat their wives The Sublime Quran ,2007 This is the first translation of the Quran by an American woman It is a universal and inclusive translation with the hope that Islam will be better understood in the West She also challenges the use of the wowrd to beat in 4 34 as meaning to go away which is how the Prophet of Islam understood the word as it has historically justified violence against and abuse of Muslim women This interpretation must change she says and revert to the way the Prophet understood it Women and Gender in the **Qur'an** Celene Ibrahim, 2020 Stories related to gendered social relations permeate the Qur an and nearly three hundred verses involve specific women or girls These stories weave together theology and ethics to reinforce central Qur anic ideas regarding submission to God and moral accountability Women and Gender in the Qur an outlines how women and girls old young barren fertile chaste profligate reproachable and saintly enter Qur anic sacred history and advance the Qur an s Retranslating the Bible and the Qur'an Pieter Boulogne, Marijke H. de Lang, Joseph overarching didactic aims Verheyden, Despite the lively scholarly discourse on retranslation and its manifest value for uncovering dynamics of cultural change interpretation and reception the retranslation of religious texts has received only fragmented attention in recent years By spanning both historical and current aspects and by treating the Bible and the Qur an together this book breaks new ground and paves the way for future research on the myriad discursive and religious aspects of retranslation This carefully curated collection of articles compellingly argues that the retranslation of canonical religious texts is a multi faceted phenomenon With cases ranging in time from the early Reformation to the present and traversing linguistic contexts from Russia to Sweden Slovenia to Saudi Arabia the essays capture diverse dimensions of retranslation work The collection demonstrates that retranslations of such texts manifest in different forms depending on the religious political and societal circumstances the targeted audiences and the status of existing translations Their reception too may vary greatly depending on those same circumstances Authored by specialists in the different fields of retranslation of the Bible and the Qur an each contribution illustrates this complexity and offers a fresh perspective and insight that help lay the groundwork for future
