FLE - Ebook Anne Aubert-Godard, 2015-02-04 sous la direction d'Anne Godard. La littérature dans l'enseignement du FLE. Alors que la didactique de la littérature en français langue maternelle a connu de grandes évolutions depuis une dizaine d'années, les travaux en didactique du français langue étrangère et le matériel pédagogique produit en référence à l'approche par compétences mise en avant par le Cadre européen commun de référence pour les langues ont réservé une place réduite à la littérature. Dans le même temps, plusieurs transformations ont affecté la littérature comme objet et comme discipline, la situant dans un continuum de pratiques culturelles et dans une francophonie élargie qui modifient les relations entre langue et littérature. Cet ouvrage a donc pour objectif de fournir des clés de compréhension de ce que représente la littérature en français langue étrangère historiquement, théoriquement et pratiquement dans les institutions étrangères et dans le matériel pédagogique. Il s'adresse aux étudiants et formateurs et leur présente, à travers des analyses d'exemples et des propositions pédagogiques diversifiées, des pistes pour faire de la littérature le levier d'une approche renouvelée de la langue afin de développer des compétences à la fois communicatives et interprétatives en associant l'apprentissage langagier avec la sensibilité imaginative et la pensée.

Aborder l'œuvre d'art dans l'enseignement des langues - Ebook Catherine Muller, Nathalie Borgé, 2020-01-29. Dans un contexte où l'approche sensible est de plus en plus mise en avant en didactique des langues, l'œuvre d'art représente un support privilégié de échanges culturels et langagiers. Elle favorise un engagement des apprenants propice aux processus d'acquisition, à travers un partage d'émotions et une stimulation de l'imaginaire comme de la créativité. Cet ouvrage, destiné à un large public d'enseignants, de formateurs, d'étudiants et de chercheurs, propose une réflexion autour de la réception de la peinture et de la photographie d'auteur. Des orientations concrètes et de nombreuses pistes pour la mise en place d'activités à partir de supports iconiques y sont développées. Nous interrogeons les conditions de l'émergence d'une expérience esthétique aussi bien en classe que hors les murs. La médiation de l'apprenant et celle de l'enseignant de langue sont mises en exergue de même que les dimensions interculturelles impliquées. **Guide Vert Argentine** Collectif, 2024-05-31 T00:00:00+02:00. In Defence of Europe Loukas Tsoukalis, 2016-06-16 Europe has not been so weak and divided for a long time Buffeted by a succession of crises it has shown a strong collective survival instinct but a poor capacity to deliver In times when the tectonic plates are shifting and tension between global markets and national democracies is rising can Europe hold together under what terms and indeed for what purpose The euro crisis has left big scars and is not over yet Economic divergence has grown between and within countries leading in turn to political fragmentation and the rise of populism And growth remains slow fragile and uneven Europe is in a bind it is difficult to go forwards and scary to go backwards In between it is an unhappy and unstable state of affairs Looking further afield a more assertive Russia and an imploding neighbourhood may not even allow Europe the luxury to decline in grace A convinced European and familiar with the world of Brussels Loukas Tsoukalis is critical of the way Europe has handled its multiple crises in recent years He addresses the key issues and difficult choices facing Europe today Can Europe collectively manage globalization combine growth with inclusive societies and reconcile its apparent yearning for soft power with the often hard reality of the world outside Individual countries cannot handle these challenges on their own While knowing full well the difficulties in reaching a common European stance Tsoukalis is also acutely aware of the consequences of failure
