Fate in Film Thomas M. Puhr, 2022-10-18 The course of events is predetermined and cannot be changed Forces beyond our control or even our comprehension shape our fates Such is the deterministic worldview embedded in a wide swath of contemporary cinema from arthouse experiments to popular genre films through both thematic concerns and narrative structures These films especially the recent spate of elevated science fiction and horror tap into this deep seated anxiety by focusing on characters who ultimately fail to transcend the patterns and structures that define them Thomas M Puhr identifies and analyzes the ways that cinema has

dealt with the tension between fate and free will from Stanley Kubrick's *The Shining* to Christopher Nolan's *Tenet*. He examines films that express deterministic ideas including circular narratives of stasis or confinement and fatalistic portraits of external forces dictating characters' lives. Puhr considers determinism at the levels of the individual, the family, and society, reading films in which characters are trapped by past or alternate selves, the burdens of family histories, or oppressive social structures. He explores how films such as Joel and Ethan Coen's *Inside Llewyn Davis*, Ari Aster's *Hereditary*, Jordan Peele's *Us*, and Lucrecia Martel's *Zama* confront the limits of human agency. Puhr relates deterministic themes to the nature of moviegoing. In denying characters any ability to choose alternative paths, these films mirror how viewers themselves can only sit and watch. Recasting the works of some of today's most compelling directors, *Fate in Film* is an innovative critical account of an unrecognized yet crucial aspect of contemporary cinema.

Bible and Cinema Adele Reinhartz, 2013-10-08 This is a comprehensive introduction to the ways in which the Bible has been used and represented in mainstream cinema. Adele Reinhartz considers the pervasive use of the Bible in feature films and the medium of film as part of the Bible's reception history. The book examines how films draw on the Old and New Testament and the figure of Jesus Christ in various direct and indirect ways to develop their plots, characters, and themes. As well as movies that set out explicitly to retell biblical stories in their ancient context, it explores the ways in which contemporary fictional feature films make use of biblical narrative. Topics covered include how filmmakers make use of scripture to address and reflect their own time and place, the Bible as a vehicle through which films can address social and political issues, reflect human experiences and emotions, explore existential issues such as evil and death, and express themes such as destruction and redemption; the role of the Bible as a source of ethics and morality; and how this connection is both perpetuated and undermined in a range of contemporary Hollywood films. Films that create an experience of transcendence and the ways in which the Bible figures in that experience. Reinhartz offers insightful analysis of numerous films, including *The Ten Commandments* and *The Shawshank Redemption*, paying attention to visual and aural elements as well as plot, character, and dialogue. Students will find this an invaluable guide to a growing field.

The Gangster Film Ron Wilson, 2014-12-16 This volume examines the gangster film in its historical context, with an emphasis on the ways the image of the gangster has adapted and changed as a result of socio-cultural circumstances. From its origins in Progressive Era reforms to its use as an indictment of corporate greed, the gangster film has often provided a template for critiquing American ideas and values concerning individualism, success, and business acumen. The gangster genre has also been useful in critically examining race and ethnicity in American culture in terms of otherness. Films studied include *Musketeers of Pig Alley* (1912), *The Racket* (1928), *The Captive City* (1952), *The Godfather Part Two* (1974), *Goodfellas* (1990), and *Killing Them Softly* (2012).

The Forgotten Film Adaptations of D.H. Lawrence's Short Stories Jason Mark Ward, 2016-07-11 This book looks beyond fidelity to emphasize how each adaptation of D. H. Lawrence's short stories functions as a creative response to a text, foregrounding the significance of its fluidity, transtextuality, and genre. The adaptations analysed range

from the first to the most recent and draw attention to the fluidity of textual sources the significance of generic conventions and space in film the generic potentialities latent within Lawrence's tales and the evolving nature of adaptation By engaging with recent advances in adaptation theory to discuss the evolving critical reception of the author's work and the role of the reader this book provides a fresh forward looking approach to Lawrence studies Playing with Scripture Andrew Judd, 2024-01-22 This book puts a creative new reading of Hans Georg Gadamer's philosophical hermeneutics and literary genre theory to work on the problem of Scripture Reading texts as Scripture brings two hermeneutical assumptions into tension that the text will continually say something new and relevant to the present situation and that the text has stability and authority over readers Given how contested the Bible's meaning is how is it possible to read Scripture as authoritative and relevant Rather than anchor meaning in author text or reader Gadamer's phenomenological model of hermeneutical experience as Spiel play offers a dynamic intersubjective account of how understanding happens avoiding the dead end of the subjective objective dichotomy Modern genre theory addresses some of the criticisms of Gadamer accounting for the different roles played by readers in different genres using the new term Lesespiel reading game This is tested in three case studies of contested texts the recontextualization of psalms in the book of Acts the use of Hagar's story Genesis 16 in nineteenth century debates over slavery and the troubling reception history of the rape and murder in Gibeah Judges 19 In each study the application of ancient text to contemporary situation is neither arbitrary nor slavishly bound to tradition but playful The Sports Film Bruce Babington, 2014-03-18 After covering the genre's early history and theorizing its general characteristics this volume then focuses on specific instances of sports films such as the biopic the sports history film the documentary the fan film the boxing film and explores issues such as gender race spectacle and silent comedy Four major films are then closely analysed Chariots of Fire Field of Dreams the Indian cricket epic Lagaan and Oliver Stone's Any Given Sunday While recording American film's importance to the genre the book resists the conventional over concentration on American cinema and sports by its attention to other cinemas for example the British Indian Australian South Korean Thai German New Zealand Spanish and so on with the many different sports they depict **The Vampire Film** Jeffrey Andrew Weinstock, 2012 This introductory volume offers an elegant analysis of the enduring appeal of the cinematic vampire From Georges Méliès's early cinematic experiments to Twilight and Let the Right One In the history of vampires in cinema can be organized by a handful of governing principles that help make sense of this movie monster's remarkable fecundity Among these principles are that the cinematic vampire is invariably about sex and the vexed human relationship with technology and that the vampire is always an overdetermined body condensing what a culture considers other This volume includes in depth studies of films including Powell's A Fool There Was Franco's Vampyr Lesbos Cronenberg's Rabid Kaelin's Daughters of Darkness and Merhige's Shadow of the Vampire Queer Cinema Barbara Mennel, 2012-10-23 Queer Cinema Schoolgirls Vampires and Gay Cowboys illustrates queer cinematic aesthetics by highlighting key films that emerged at historical turning
