Prince Rupert's Drop Charles Gaultschi III, 2019-12-20 Prince Rupert's Drop book presents a timeless plot An atheist sets out on a journey to disprove God's existence Things don't turn out exactly as planned The book's central character Rupert Austin plays both antagonist and protagonist in equal measure The former as a dark and disturbed boy with no empathy no compassion no love and no guilt for any of it Rupert has only one emotion fear and from there fear's timeless bedfellow hate You see Rupert is a severely autistic multiple savant He's statistically one out of ten billion since the dawn of man A child that talks at birth won't feed

from the breast won't open its eyes covers its ears and lashes out to communicate displeasure because it can't stand the noise of its own voice Such a child would die on its own of starvation be culled as weak or be persecuted as a witch demon But most importantly if the child survived long enough to get the strength Rupert's lot would kill itself Every single time The setting is in the mid twenty first century It's the time of a sweeping American revival called the Wildfire Outside America the world is literally in flames due to massive uprisings of isolated ghettos We follow Rupert through high school He shuns a loving mother and is manipulated by an abusive father He is adopted by a classmate to be protected and tamed She is largely successful until she unwittingly leads Rupert into an exorcism by a spin off Christian cult Rupert almost dies Rupert seeks revenge To get it he will attempt to destroy the thriving mythology of a higher power If you clip the tail the head will die Prince Rupert's drop Rupert seeks out a partner for his proposed crime against humanity Winchester Carnegie II the richest man alive Together they will exploit the world's most powerful computer She's a sentient computer and performs heinous acts to achieve their goal ridding man of God The computer is narcissistic and a sociopath She has even less empathy than Rupert in the beginning But Rupert is asked a curious question during his rampage You a Judas a Saul or a Paul On the road to Damascus This is a story about a doctor healing himself and not knowing it On Rupert's misguided path he's a coconspirator in horrific genocide shameless execution and a general disregard for life That will change Not only will the doctor heal himself he will release a deluge on the world's inferno

Shifting Moon Hope Worthington, 2023-08-31 Seventeen year old Remy West is a typical high school senior She is bright popular with her friends and schoolmates a leader on her cheerleader squad and looking forward to the next chapter of her life when she graduates and attends college Like most teenaged girls living in an affluent area of Long Island and part of what many consider the popular group Remy has her insecurities One of the prettier girls in school Remy has never had nor wanted a serious relationship or any relationship at all She feels much more at ease in a small quiet group of people or just hunkering down at home with a good book rather than hanging in a big crowd or partying with whom many consider to be her popular group of friends Remy has always felt that a piece of her was incomplete and her quest for something deeper often cast her as cold conceited and a bit of a tease by others Even as a little girl Remy had an intense

feeling that something bigger was awaiting her just out of reach But now as a popular senior with the all of the peer pressure that accompanied such a label it would be so much easier if she could just let go not care and go with the flow her friends always seemed to want from her Such pressure was no more present than with Daniel Gatto the tall popular senior that most girls would kill just to get close to Daniel had been courting Remy on and off all of senior year While Daniel was attractive something about him always made Remy apprehensive and a bit uncomfortable Moreover Daniel refused to take no for an answer despite Remy s polite rebuff to his advances leading Remy to question whether Daniel s interest in her was genuine or for some ulterior motive With a simple tap on the shoulder Remy s life would change forever Logan Canino was unlike any boy she had ever seen As soon as Remy lays eyes on him she knows he is more than just a new guy at school Remy does not know why but she feels an instant connection to Logan Little did she know that Logan had been keeping watch on Remy all her life and the connection she felt had been forged years before when she was just a little girl Remy quickly learns that Logan Canino is no boy at all Although appearing to be just 18 Logan is in reality decades older and not exactly human but instead a Canine Shifter and the designated future leader of the Shifter Council the ruling body overseeing the four shifter clans created in ancient Rome by Diana the goddess of the hunt and guardian of wild beasts horses and domesticated animals Logan s sudden appearance in Remy s life is no coincidence He has known since Remy was a child that she is his one true soul mate and the only person who can help him attain his full potential and power as leader of the four clans But there are dark forces lurking about that will take extreme measures to keep Remy and Logan apart and keep them from completing their bonding ritual As Logan s courtship of Remy intensifies Daniel s jealousy rages Adversaries since they were shifter children and schoolmates at an exclusive prep school a front for shifters adolescents Daniel a feline shifter and a sworn enemy of the canines and especially Logan will take extreme measures to keep Logan from taking his rightful place as leader of the Shifter Council even if it means sacrificing Remy s life to prevent Logan from reaching his full potential Alternating between ancient Roman times and the creation of the four shifter clans Druid life and Shaman Priests in Ireland during the Iron Age the founding of an exclusive prep school in 1901 in Upstate New York and the present day social pressures experienced by high school girls Remy the high school dreamer looking for more than life has thus far offered Logan the canine shifter destined for leadership who believes nothing is more important than finding one s true soul mate and Daniel the shrewd but evil nemesis who will stop at nothing to keep Logan from taking his rightful place as Leader of the Shifter Council

The Pitfalls of Reform John Tanner, 2013-12-16 The systems that make up the accountability package in education standards assessments and the quality determination for a school have each entered the educational field under the explicit assumption by their creators that they would drive educator behavior in a positive way But what if that isn t actually the case What if each of the components was actually designed for another purpose entirely and now is tasked with a role that was never considered in its design If that is the case those who put the systems in place risk expecting a result that the system

was never designed to produce That is exactly where we find ourselves today In education the misalignment between what the systems were designed to do and the intent of those who selected them is masked in the sheer complexity of the educational exercise What this book does so marvelously is unravel that complexity and present the contradictions in a clear coherent manner Understanding these contradictions is the first step towards actual improvement
