Final Seance The Strange Friendship Between Houdini And Conan Doyle:

Final Seance Massimo Polidoro, 2010-06-03 Polidoro has written and written well a saga of two Titans that is also a remarkable exploration of both superstition and obsession at the lush twilight of the Edwardian era Baltimore Sun This is the story of an unusual friendship between two of the most intriguing characters of the early 20th century renowned escape artist Harry Houdini and celebrated mystery writer Sir Arthur Conan Doyle creator of Sherlock Holmes Both men were fascinated by the occult practice of spiritualism Houdini as an ardent skeptic who often publicly exposed fraudulent mediums and Conan Doyle as a true believer who became convinced that the dead could and did communicate with the living Despite their differing perspectives the two men not only respected each other but became friends The correspondence between them on the subject provides a fascinating glimpse not only into the personalities of two talented and interesting celebrities but also into a psychic phenomenon that is the ancestor of today's channeling craze Based on original correspondence photographs and his own extensive research Massimo Polidoro reconstructs this unusual friendship between a believer and a skeptic which weathered mediums seances an apparition of Houdini's departed mother automatic writing by Conan Doyle's wife public debunkings and hurt feelings He also discusses the final rift that ended the friendship of the two strong-willed men Fans of Conan Doyle Houdini magic and the historical roots of the New Age will be delighted by this amazing story Massimo Polidoro is executive director of the Italian Committee for the Investigation of Claims of the Paranormal editor of *Scienza Paranormale* Science and the Paranormal and author of twelve books on the paranormal *Masters of Mystery: The Strange Friendship of Arthur Conan Doyle and Harry Houdini* Christopher Sandford, 2013-02-05 Renowned mystery author Arthur Conan Doyle and famous illusionist Harry Houdini first met in 1920 during the magician's tour of England At the time Conan Doyle had given up his lucrative writing career killing off Sherlock Holmes in the process in order to concentrate on his increasingly manic interest in Spiritualism Houdini who regularly conducted seances in an attempt to reach his late mother was also infatuated with the idea of what he called a living afterlife though his enthusiasm came to be tempered by his ability to expose fraudulent mediums many of whom employed crude variations of his own well-known illusions Using previously unpublished material on the murky relationship between Houdini and Conan Doyle this sometimes macabre sometimes comic tale tells the fascinating story of the relationship between two of the most loved figures of the twentieth century and their pursuit of magic and lost loved ones **The Adventures of Arthur Conan Doyle** Russell Miller, 2008-12-09 As the creator of Sherlock Holmes the world's most famous man who never was Arthur Conan Doyle remains one of our favorite writers his work is read with affection and sometimes obsession the world over Doctor writer spiritualist his life was no less fascinating than his fiction Conan Doyle grew up in relative poverty in Edinburgh with the mental illness of his artistically gifted but alcoholic father casting a shadow over his early life He struggled both as a young doctor and in his early attempts to sell short stories having only limited success until Sherlock Holmes became a publishing

phenomenon and propelled him to worldwide fame While he enjoyed the celebrity Holmes brought him he also felt that the stories damaged his literary reputation Beyond his writing Conan Doyle led a full life participating in the Boer War falling in love with another woman while his wife was dying of tuberculosis campaigning against injustice and converting to Spiritualism a move that would bewilder his friends and fans During his lifetime Conan Doyle wrote more than fifteen hundred letters to members of his family most notably his mother revealing his innermost thoughts fears and hopes and Russell Miller is the first biographer to have been granted unlimited access to Conan Doyle's private correspondence The Adventures of Arthur Conan Doyle also makes use of the writer's personal papers unseen for many years and is the first book to draw fully on the Richard Lancelyn Green archive the world's most comprehensive collection of Conan Doyle material Told with panache The Adventures of Arthur Conan Doyle is an unprecedentedly full portrait of an enduringly popular figure **A Descent Into Edgar Allan Poe and His Works** Beatriz González Moreno, Margarita Rigal Aragón, 2010 Today Edgar Allan Poe is a well known and highly regarded author When a hundred years ago 1909 a group of Poe acquaintances fans and scholars got together at the University of Virginia to commemorate Poe's birth centenary they had to do so in order to modify the persistent misstatements of his earlier biographers and to correct the unsettled judgment of his literary rank Now in 2009 many Poe fans and scholars are gathering together once more to honour Poe on the second centenary of his birth Different types of events theatrical and musical performances book auctions etc and academic conferences have been celebrated on both sides of the Atlantic acclaiming Poe's literary rank again This volume brings together a wide range of scholars with varied critical approaches and succeeds in shedding new light on E A Poe on the occasion of his Bicentenary The book is organized into three principal sections the first part focuses on the reception of Poe in Great Britain France and Spain the second revisits some of Poe's main legacies such as his stories of detection the Gothic and Science Fiction and the third deals with the aesthetic quality of his narratives and also offers an analysis of his work integrating Text Linguistics within the broader study of social discourses Vision, Science and Literature, 1870-1920 Martin Willis, 2015-10-06 This book explores the Victorian concept of vision across scientific and cultural forms Willis charts the characterization of vision through four organizing principles small large past and future to arrive at a Victorian conception of what vision was Willis then explores how this Victorian vision influenced twentieth century ways of seeing **The Man Who Would Be Sherlock** Christopher Sandford, 2018-12-04 A world famous biographer reveals the strange relationship between Sir Arthur Conan Doyle's real life and that of Sherlock Holmes in the engrossing The Man Who Would Be Sherlock Though best known for the fictional cases of his creation Sherlock Holmes Conan Doyle was involved in dozens of real life cases solving many and zealously campaigning for justice in all Stanford thoroughly and convincingly makes the case that the details of the many events Doyle was involved in and caricatures of those involved would provide Conan Doyle the fodder for many of the adventures of the violin playing detective There can be few if any literary creations who have found such a consistent yet

evolving independent life as Holmes He is a paradigm that can be endlessly changed yet always maintains an underlying consistent identity both drug addict and perfect example of the analytic mind and as Christopher Sandford demonstrates so clearly in many of these respects he mirrors his creator [Focus On: 100 Most Popular Former Roman Catholics Wikipedia contributors](#), **The Spiritualist Movement** Christopher M. Moreman, 2013-08-27 At once controversial and intriguing Spiritualism has spread from the United States to become a global movement Bringing together perspectives from within the movement and without this unique collection treats readers to insights about Spiritualism s history belief and practice Based on the belief that the dead can communicate with the living through mediums Spiritualism touches concepts as timelessly fascinating as human mortality and the continuing existence of the soul beyond bodily death This comprehensive work will help readers parse the mysteries of this uniquely American religion through three thematically organized volumes Spiritualism in the U S and Globally Evidence and Beliefs and Cultural and Social Issues Drawing on fields as diverse as psychology sociology religious studies anthropology history ethnic and gender studies literature and art this broad based collection frames Spiritualism through the views of a team of international scholars Among the many things that separate Spiritualism from mainstream religions is the involvement of women in central leadership roles Such cultural and political elements of the movement are one aspect of this study Of equal interest to believers and skeptics alike will be the work of scholars who have devoted themselves to examining the claim that communication through mediums proves the existence of life after death **The Man Who Created Sherlock Holmes** Andrew Lycett, 2008-11-18 Though Sir Arthur Conan Doyle s name is recognized the world over for decades the man himself has been overshadowed by his better understood creation Sherlock Holmes who has become one of literature s most enduring characters Based on thousands of previously unavailable documents Andrew Lycett author of the critically acclaimed biography Dylan Thomas offers the first definitive biography of the baffling Conan Doyle finally making sense of a long standing mystery how the scientifically minded creator of the world s most rational detective himself succumbed to an avid belief in spiritualism including communication with the dead Conan Doyle was a man of many contradictions Always romantic energetic idealistic and upstanding he could also be selfish and fool hardy Lycett assembles the many threads of Conan Doyle s life including the lasting impact of his domineering mother and his wayward alcoholic father his affair with a younger woman while his wife lay dying and his nearly fanatical pursuit of scientific data to prove and explain various supernatural phenomena Lycett reveals the evolution of Conan Doyle s nature and ideas against the backdrop of his intense personal life wider society and the intellectual ferment of his age In response to the dramatic scientific and social transformations at the turn of the century he rejected traditional religious faith in favor of psychics and s ances and in this way he embodied all of his late Victorian early Edwardian era s ambivalence about the advance of science and the decline of religion The first biographer to gain access to Conan Doyle s newly released personal archive which includes correspondence diaries original manuscripts and more Lycett combines assiduous research with

penetrating insight to offer the most comprehensive lucid and sympathetic portrait yet of Conan Doyle's personal journey from student to doctor from world famous author to ardent spiritualist The Magician and the Spirits Deborah Noyes, 2017-08-22 Noyes makes history accessible and irresistible Excellent A century ago the curious idea that spirits not only survive death but can be contacted on the other side was widespread Psychic mediums led countless s'ances claiming to connect the grieving with their lost relations through everything from frenzied trance writing to sticky expulsions of ectoplasm The craze caught Harry Houdini's attention Well known by then as most renowned magician and escape artist he began to investigate these spiritual phenomena Are ghosts real Can we communicate with them Catch them in photographs Or are all mediums flim flammers employing tricks and illusions like Houdini himself Peopled with odd and fascinating characters Houdini's gripping quest will excite readers universal wonderment with life death and the possibility of the Beyond School Library Journal starred review of *Ten Days a Madwoman* *New Light Through Old Windows: Exploring Contemporary Science Through 12 Classic Science Fiction Tales* Stephen Webb, 2019-01-07 This book presents the reader with some of the earliest classic SF short stories all of them published between 1858 and 1934 featuring both well known and long forgotten writers dealing for the first time with topics to which science had some answers only at much later stages This includes aspects of alien life forms transmogrification pandemics life on Mars android robots big data matter transmission and impact events to name but a few The short stories are reprinted in full alongside extensive commentaries which also examine some of the latest scientific thinking surrounding the story's main theme and provide the reader with suggestions for further reading **Through a Glass, Darkly** Stefan Bechtel, Laurence Roy Stains, 2017-06-13 2018 ASJA Award Winner in the Biography History Category Is it possible to make direct contact with the dead Do the departed seek to make contact with us The conviction that both things are true was the cornerstone of spiritualism a kind of do it yourself religion that swept the Western world from the 1850s to the 1930s Prominent artists and poets prime ministers and scientists all joined hands around the s'ance table But the movement's most famous spokesman by far was Sir Arthur Conan Doyle whose public quarrels with Houdini over the truth of spiritualism made headlines across the country Known to the world as the creator of Sherlock Holmes Conan Doyle had undergone what many considered an enigmatic transformation turning his back on the hyper rational Holmes and plunging into the supernatural What was it that convinced a brilliant man the creator of the great exemplar of cold objective thought that there was a reality beyond reality Though most modern sources make Conan Doyle out to be a kindly but credulous old fool and though the spiritualist era was rife with fraud Stefan Bechtel and Laurence Roy Stains take a closer look They reexamine the old records of trance mediums and s'ances and they discover that what Conan Doyle and his colleagues uncovered is as difficult to dismiss now as it was then *Determined Spirits* Christine Ferguson, 2012-04-04 Examines the Spiritualist movement's role in disseminating eugenic and hard hereditarian thought **Secrets of the Psychics** Massimo Polidoro, 2012-06-14 This intriguing examination of the bizarre and the strange by a

topnotch investigator will interest both skeptics and believers alike Illustrations

The New Encyclopedia of Unbelief Tom Flynn, 2007-04-30 Successor to the highly acclaimed Encyclopedia of Unbelief 1985 edited by the late Gordon Stein the New Encyclopedia of Unbelief is a comprehensive reference work on the history beliefs and thinking of America s fastest growing minority those who live without religion All new articles by the field s foremost scholars describe and explain every aspect of atheism agnosticism secular humanism secularism and religious skepticism Topics include morality without religion unbelief in the historicity of Jesus critiques of intelligent design theory unbelief and sexual values and summaries of the state of unbelief around the world In addition to covering developments since the publication of the original edition the New Encyclopedia of Unbelief includes a larger number of biographical entries and much expanded coverage of the linkages between unbelief and social reform movements of the 19th and 20th centuries including the labor movement woman suffrage anarchism sex radicalism and second wave feminism More than 130 respected scholars and activists worldwide served on the editorial board and over 100 authoritative contributors have written in excess of 500 entries The distinguished advisors and contributors philosophers scientists scholars and Nobel Prize laureates include Joe Barnhart David Berman Sir Hermann Bondi Vern L Bullough Daniel Dennett Taner Edis the late Paul Edwards Antony Flew Annie Laurie Gaylor Peter Hare Van Harvey R Joseph Hoffmann Susan Jacoby Paul Kurtz Gerd L demann Michael Martin Kai Nielsen Robert M Price Peter Singer Victor Stenger Ibn Warraq George A Wells David Tribe Sherwin Wine and many others With a foreword by evolutionary biologist and best selling author Richard Dawkins this unparalleled reference work provides comprehensive knowledge about unbelief in its many varieties and manifestations

Nonsense on Stilts Massimo Pigliucci, 2018-10-05 This crash course in critical thinking includes handy rules for evaluating the confused public discourse on climate change evolution and even UFOs Discover Recent polls suggest that fewer than forty percent of Americans believe in Darwin s theory of evolution despite it being one of science s best established findings Parents still refuse to vaccinate their children for fear it causes autism though this link has been consistently disproved And about forty percent of Americans believe that the threat of global warming is exaggerated including many political leaders In this era of fake news and alternative facts there is more bunk than ever But why do people believe in it And what causes them to embrace such pseudoscientific beliefs and practices In this fully revised second edition noted skeptic Massimo Pigliucci sets out to separate the fact from the fantasy in an entertaining exploration of the nature of science the borderlands of fringe science and borrowing a famous phrase from philosopher Jeremy Bentham the nonsense on stilts Presenting case studies on a number of controversial topics Pigliucci cuts through the ambiguity surrounding science to look more closely at how science is conducted how it is disseminated how it is interpreted and what it means to our society The result is in many ways a taxonomy of bunk that explores the intersection of science and culture at large Broad in scope and implication Nonsense on Stilts is a captivating guide for the intelligent citizen who wishes to make up her own mind while navigating the perilous debates that will shape the future of our planet

Brilliant required reading for well everyone New Scientist *Spirit Sleuths* Gail Jarrow, 2024-09-10 The latest from acclaimed author Gail Jarrow reveals how magicians including Harry Houdini and his team of investigators exposed fake mediums who exploited the vulnerable and gullible in the early twentieth century After millions of people died during World War I and from the 1918 influenza pandemic the popularity of Spiritualism soared Desperate to communicate with their dead loved ones the bereaved fell prey to extortion by fraudulent mediums and fortune tellers But magician Harry Houdini wasn't fooled He recognized the scammers methods as no more than conjurer's tricks Angered by the way people were exploited Houdini set out to expose the ghost hoaxes In his stage show he revealed the fraudsters techniques and he used a team of undercover investigators to collect proof of s ancestors' deceptions His head secret agent was a young New York private detective and disguise expert Rose Mackenberg a woman who continued her ghost busting career for decades long after Houdini's death in 1926 Ideal for young readers and adults who are drawn to the worlds of psychics and magicians this riveting book uncovers a little known chapter in American history and details the ways people were and still are deceived by mediums and fortune tellers

Trance Speakers Claudie Massicotte, 2017-05-17 Few people know that Susanna Moodie participated in spiritual sances with her husband Dunbar and her sister Catharine Parr Traill Moodie like many other women found in her communications with the departed an important space to question her commitment to authorship and her understanding of femininity Retracing the history of possession and mediumship among women following the emergence of spiritualism in mid nineteenth century Canada and unearthing a vast collection of archival documents and photographs from sances Claudie Massicotte pinpoints spiritualism as a site of conflict and gender struggle and redefines modern understandings of female agency *Trance Speakers* offers a new feminist and psychoanalytical approach to the religious and creative practice of trance arguing that by providing women with a voice for their conscious and unconscious desires this phenomenon helped them resolve their inner struggles in a society that sought to confine their lives Drawing attention to the fascinating history of spiritualism and its persistent appeal to women Massicotte makes a strong case for moving this practice out of the margins of the past A compelling new reading of spiritual possession as a response to conflicting interpretations of authorship agency and gender *Trance Speakers* shines a much needed light on women's religious practices and on the history of spiritualist traditions and travels across North America and Europe

Lillibridge Houses, expanded version James Lowell Hall, 2015-07-19 Tells the history of the Lillibridge family and their homes beginning with Thomas Lillibridge who moved to Rhode Island in the 1690s This expanded edition includes the story of the Hampton Lillibridge House one of the most haunted houses in Savannah Georgia

Psychology and Its Cities Christopher D. Green, 2018-09-03 Within the social and political upheaval of American cities in the decades surrounding the turn of the 20th century a new scientific discipline psychology strove to carve out a place for itself In this new history of early American psychology Christopher D Green highlights the urban contexts in which much of early American psychology developed and tells the stories of well known early

psychologists including William James G Stanley Hall John Dewey and James McKeen Cattell detailing how early psychologists attempted to alleviate the turmoil around them American psychologists sought out the daunting intellectual emotional and social challenges that were threatening to destabilize the nation s burgeoning urban areas and proposed novel solutions sometimes to positive and sometimes to negative effect Their contributions helped develop our modern ideas about the mind person and society This book is ideal for scholars and students interested in the history of psychology
