Final Wishes A Cautionary Tale On Death Dignity And Physician Assisted Suicide:

Final Wishes Paul Chamberlain, 2009-01-01 Patrick is dying a slow agonizing death He wants his friend Dr Ron Grey to help him but not to help him get better Instead Patrick wants Ron to help him end his suffering by helping him end his life This is the premise of a story that Paul Chamberlain employs to reveal the ethical and emotional complexities of a movement that is gaining supporters daily It is a story that sends Ron Grey on a difficult journey across a continent and through a minefield of conflicting ideas and values Should people have a legal right to choose the time of their death Can adequate safeguards be employed to protect the public from potential abuses of physician assisted suicide laws What does it mean for people to die with dignity Will people feel an obligation not to burden their families with their prolonged illness What has been the experience in the Netherlands which has had a physician assisted suicide law for over twenty five years What about the possibility of misdiagnosis Is there a legitimate public interest in what appears to be a purely private act Can morality be legislated at all All of these vital issues are clearly and carefully considered Yet as we move through the legal political medical and ethical questions we also see the personal side of these topics played out in the context of a caring family and a deep friendship Here is a timely and helpful book on one of the most controversial concerns of our day *Moral Choices* Scott B.
