Value Based Performance Measures

Nils Eikelmann, 2020-08-19 Nils Eikelmann describes the framework conditions for the application of value based performance measures and critically analyses selected ones The disclosure of value based performance indicators is important in order to demonstrate the successful management of a company and to satisfy the increasing information needs of investors However companies adapt the developed theoretical concepts of value based performance measures to their practical needs and thus investors are no longer able to compare the performance of companies In addition there is a variety of different metrics from which companies can choose The empirical study aims to reduce existing research gaps and is divided into three parts the analysis of annual reports of selected European companies the calculation of a standardised value based performance measure and a value relevance study in the form of an association study
