Decentralization and Recentralization in the Developing World J. Tyler Dickovick, 2011-01-01 In the 1980s and 1990s much of the developing world experienced transitions to democracy accompanied by economic liberalization and decentralization of power to subnational governmental bodies The process of decentralization has been studied intensively but little attention has been paid so far to the recentralization that has occurred in some countries in the past decade In this book J Tyler Dickovick seeks to illuminate how the processes of decentralization and recentralization are interrelated and what the dynamics of each is He argues that decentralization occurs as a result of the decline in the power of the presidency whereas recentralization occurs when the president resolves an extraordinary economic crisis The processes of decentralization and recentralization Dickovick further

argues have the same dynamics whether they occur in federal or unitary states To test the theory Dickovick compares a strong federal system Brazil with a weak one South Africa and compares these in turn with two unitary regimes Peru and Senegal Decentralization and Recentralization in the Developing World provides a much more nuanced understanding of when and why decentralization and recentralization happen and what their importance is to intergovernmental shifts in power

L'étude préparée par le Comité directeur sur la démocratie locale et régionale CDLR présente certains points sensibles du processus budgétaire, analyse les solutions essayées par les différents États membres du Conseil de l'Europe et met en avant ce qui paraît constituer des pratiques plus particulièrement intéressantes. Enfin la lumière de ces bonnes pratiques budgétaires susceptibles de renforcer la transparence et l'efficacité des services locaux elle propose des conclusions et des lignes directrices à l'intention des gouvernements et des autorités locales et régionales.

Finances publiques Anne-Claire Dufour, Sébastien Kott, Carole Moniolle, Manuel Tirard, 2023-10-17 Les finances publiques sont particulièrement redoutées des étudiants et souffrent d'une injuste réputation. Ce manuel vise une présentation globale et complète de la matière finances de l'État, locales, sociales et européennes. Pour autant, il propose une approche pédagogique, innovante des finances publiques. Puisque la technique effraie, expliquons-la. Puisque les finances publiques reposent sur des concepts inconnus, plaçons-les au centre de l'apprentissage. Il s'adresse aux étudiants en sciences politiques, en administration économique et sociale ou en droit, ainsi qu'à ceux préparant des concours administratifs.

La Coopération intercommunale : les deux logiques Maurice Bourjol, 1995-01-01 T23:00:00+01:00 Les lois des 6 février 1992 et 4 février 1995 n'ont pas rompu la malédiction pesant en France sur les politiques de regroupements et de fusions des communes, puisqu'une nouvelle forme est en gestation. L'ouvrage distingue une logique syndicale, syndicats de communes, syndicats mixtes et une logique de l'intégration autour de l'EPCI dotés d'une fiscalité propre, districts, communautés de différentes obédiences. L'auteur livre certains tabous en posant clairement la question de fond au-delà de statistiques laborieuses : quel est le bilan de la logique de l'intégration dans les domaines clés de l'emploi et des déséquilibres régionaux ? Quelle est l'efficacité réelle des incitations financières et de la fiscalité propre ? La superposition d'institutions n'engendre-t-elle pas une superposition de fiscalités locales appelées à suppléer les carences nationales et supranationales ?

Démocratisation et décentralisation Charles Nach Mbak, 2003-01-01 La décennie 90 a connu une véritable euphorie décentralisatrice. Aujourd'hui, la décentralisation se présente comme le résultat d'une volonté des acteurs africains de refonder le système de gouvernance sur une légitimation de l'état partir de la base. Si c'est bien sous la double pression des acteurs internes et de ses partenaires extérieurs que l'état africain se résout à se décentraliser, il apparaît que ce dernier a dû une certaine façon instrumentaliser la réforme pour sauvegarder ses privilèges. La nouvelle décentralisation est-elle pour autant condamnée comme ses devancières ? La réponse est négative et pour cause.
