**Loose Leaf Financial Accounting with Connect Access Card w/LearnSmart** J. David Spiceland, Don Herrmann, Wayne M Thomas, 2013-05-08 The financial accounting course is taken by all business majors usually in their sophomore year Financial accounting reports summarize the financial health operating results and changes in financial status for a business as viewed over a specific period of time This information is used by outside parties such as stockholders creditors prospective investors regulatory agencies and the general public The financial accounting market can be segmented into three categories preparer traditional balanced and user innovative Spiceland Thomas Herrmann falls into the balanced segment by offering a balance between the user and preparer orientation The decision maker's perspective used throughout the book competes directly with Kimmel's pedagogical approach Financial Accounting has been revised based on the great success of Financial Accounting 2e Spiceland Thomas Herrmann The content was developed with feedback from over 480 reviewers and focus group participants from across the country The authors David Spiceland Wayne Thomas and Don Herrmann have developed a unique text based on over 50 collective years of experience in the classroom They've brought together best practices like highlighting Common Mistakes offering frequent Let's Review exercises integrating the course with a running Continuing Problem demonstrating the relevance of the course to non majors with a Career Corner and communicating it all in a student friendly Conversational Writing Style

**Financial Accounting with Connect Access Card** Daniel Short, Robert Libby, Patricia Libby, 2010-12-02 Libby Libby Short wrote this text based on their belief that the subject of financial accounting is inherently interesting but financial accounting textbooks are often not They believe most financial accounting textbooks fail to demonstrate that accounting is an exciting field of study and one that is important to future careers in business When writing this text they considered career relevance as their guide when selecting material and the need to engage the student as their guide to style pedagogy and design Libby Libby Short is the only financial accounting text to successfully implement a real world single focus company approach in every chapter Students and instructors have responded very favorably to the use of focus companies and the real world financial statements The

companies chosen are engaging and the decision making focus shows the relevance of financial accounting regardless of whether or not the student has chosen to major in accounting

**Financial Accounting: Making the Connection with Connect Access Card** Wayne Thomas, Don Herrmann, J. **Loose-Leaf version Financial Accounting: Making the Connection with Connect Access Card** J.
