Dornyo, 2020-10-09 This book is one of a series of various doctoral research project papers and has been further refined and converted into a book. Managers are usually multifaceted with multiple disciplines, even though they have one or two areas as majors, specialties, or experience. It is in the light of this that *Management Science Featuring Micro-Macro Economics and Management of Information Technology* was designed in this context to contain economics with IT as a course of study.
