**Principles and Applications** J William Petty, Sheridan Titman, Arthur J Keown, Peter Martin, John D Martin, Michael  
Burrow, 2015-05-20 The sixth edition of Financial Management provides students with an overview of financial management  
suited to the first course in finance The focus of the text is on the big picture providing an introduction to financial decision  
making grounded in current financial theory and the current state of world economic conditions Attention is paid to both  
valuation and capital markets as well as their influence on corporate financial decisions The 10 basic principles of finance are  
introduced in the first chapter and woven throughout the text to give students a solid foundation from which to build their  
knowledge of finance The goal of this text is to go beyond teaching the tools of a discipline or a trade and help students gain  
a complete understanding of the subject This will give them the ability to apply what they have learnt to new and as yet  
unforeseen problems in short to educate students in finance      *Books in Print* ,1979      *Energy Research Abstracts* ,1979
