Final Hope Gaining Control Of Your Aggressive Dog:

Final Hope: Gaining Control of Your Aggressive Dog Stephen J. Joubert, 1998-09-16 The first truly comprehensive approach to dealing with an aggressive dog The book looks first at the roots of aggression examining the different types of canine aggression and what can cause them It then turns to practical solutions The physical and mental tools you ll need patterns of training that can head off trouble and correcting specific problems Help in setting realistic goals and expectations and on permanently getting control of an aggressive dog with exercises for a lifetime round out this very comprehensive thoroughly researched book *AKC Gazette* ,2004 *Pet Business* ,1999 *A Ray of Hope* Ray McSolely,2024-08-23 A Ray of Hope tells the story of Ray McSoley a pioneer of 50 years working in the field of dog behavior therapy This book opens your mind and heart to what Ray simply calls Quiet Firmness the secret to his seemingly mystical success helping dogs with people problems Written with empathy wisdom understanding and sprinkled with laugh out loud humor the book reads like Ray is sitting with you at your kitchen table talking dogs Join this highly gifted dog man as he travels the U S Canada England and India helping some of his more than 24 000 clients solve their troubled dogs issues by a process of gaining and giving mutual trust and respect along with a clear leader presence Called the last resort by many dog owners the man truly is a ray of hope *American Book Publishing Record Cumulative 1998* R R Bowker Publishing,1999-03 *Forthcoming Books* Rose Army,1998-06 *Cumulated Index to the Books* ,1999 *The Truth About Men* DeVon Franklin,2020-02-25 The New York Times bestselling author of *The Wait* and spiritual teacher for our times Oprah Winfrey frankly and openly explores why men behave the way they do and what everyone men and women alike need to know about it We hear it all the time Men cheat Men love power Men love sex Men are greedy Men are dogs But is this really the truth about men In this groundbreaking book DeVon Franklin dishes the real truth by making the compelling case that men aren t dogs but all men share the same struggle He provides the manual for how men can change both on a personal and a societal level by providing practical solutions for helping men learn how to resist temptation how to practice self control and how to love But *The Truth About Men* isn t just for men DeVon tells female readers everything they need to know about men He offers women a real time understanding of how men s struggles affect them insights that can help them navigate their relationships with men and information on how to heal from the damage that some misbehaving men may have inflicted This book is a raw informative and accessible look at an issue that threatens to tear our society apart yet it offers a positive way forward for men and women alike *Dog Control and Welfare* Great Britain: Parliament: House of Commons: Environment, Food and Rural Affairs Committee,2013-02-15 DEFRA s belated proposals to tackle irresponsible dog ownership are too limited Since 2007 dogs have killed seven people including five children in private homes The NHS also spends over 3 million annually treating dog attack injuries Some eight assistance dogs a month and thousands of livestock annually are attacked by dogs The Home Office approach to tackling antisocial behaviour is too simplistic and fails to reflect the impact that poor breeding and

training by irresponsible owners can have on a dog's behaviour. New rules should give enforcement officers more effective powers including Dog Control Notices to prevent dog-related antisocial behaviour. Local authorities need to devote more resources to the effective management of stray dogs. MPs call for changes in the legislation to give powers to extend the banned list to include other dogs with particularly aggressive characteristics. At the same time those tasked to enforce legislation should have the discretion to neuter rather than destroy a banned animal where a particular dog poses no threat. The Advisory Council on Welfare Issues of Dog Breeding should be given a formal regulatory role to enforce standards. Any breeder producing more than two litters per year should be licensed and subject to welfare checks. The Kennel Club should stop registering puppies from breeders not compliant with its own Assured Breeder Scheme. It should also commission an independent annual review of Breed Standards led by vets to eliminate health problems linked to breeding for exaggerated characteristics. Lastly, MPs call on websites advertising pets to develop a voluntary Code of Practice.
