Deegan,2022-10-01 Written by Craig Deegan Australia s premier sustainability and social accounting academic An Introduction to Accounting Accountability in Organisations and Society is the only resource in the market that brings corporate accountability sustainability and social responsibility together to provide a unique offering within the introductory accounting market This text takes a unique approach by embracing from the start the notion of accountability for the environment and sustainability in accounting providing students with an understanding of accounting s pervasive and transformative role as a social practice and organisational driver It shows that environments ideas and values change the interconnectivity of society that the planet must be respected as a resource and that people are affected influenced by the information they receive and the way it is presented The text emphasises that accounting and accountability are key aspects of every person s life and that the practice of accounting while often being seen as very technical in nature has many social implications Learning accounting through the lens of sustainability and the environment embeds this perspective in students minds so that in their careers they will actively seek and use accounting information to make decisions that take into

consideration accountability for the environment Premium online teaching and learning tools are available on the MindTap platform Learn more about the online tools [au cengage com mindtap](https://www.cengage.com/mindtap) *An Introduction to Accounting: Accountability in Organisations and Society* Craig Deegan,2019-06-01 Written by one of ANZ s premier sustainability and social accounting academics *An Introduction to Accounting Accountability in Organisations and Society* brings today s accounting hot topics of corporate accountability sustainability and social responsibility to life with the only complete textbook created from the ground up for these modern accounting teaching and learning concepts *An Introduction to Accounting Accountability in Organisations and Society* takes a unique approach in embracing from the start the notion of accountability for the environment and sustainability in accounting the structure content and learning activities provide students with an understanding of accounting s pervasive and transformative role as a social practice and organisational driver It shows that environments ideas and values change the interconnectivity of society that the planet must be respected as a resource and that people are affected influenced by the information they receive and the way it is presented It is emphasised that accounting and accountability are key aspects of every person s life and that the practice of accounting while often being seen as very technical in nature has many social implications Learning accounting through the lens of sustainability and the environment embeds this perspective in students minds so that in their careers they will actively seek and use accounting information to make decisions that take into consideration accountability for the environment Premium online teaching and learning tools are available on the MindTap platform Learn more about the online tools [here cengage com au mindtap](https://www.cengage.com/au/mindtap)

Accounting Theory: Practical Application for Social Science Research Erlane K Ghani,Mazurina Mohd Ali,Nor Farizal Mohammed,Kamaruzzaman Muhammad,Nassr Saleh Mohamad Ahmad,2024-01-01 This textbook provides a comprehensive guide to accounting theory and aims to improve the readers capacity to think critically about accounting and accounting challenges It is intended for accounting students who are enrolled in an accounting theory course as well as those who want to pursue postgraduate accounting studies namely a PhD This textbook starts with an explanation of what accounting is followed by its history and conceptual framework before tying accounting to research Subsequently seven theories of accounting are selected and introduced as the accounting research community has made substantial use of these theoretical frameworks In this textbook too applications of accounting theory to previous studies are provided *Financial Accounting Theory* Stephen A. Zeff,Thomas F. Keller,1969 **The Dynamics of Corporate Social Responsibility** Maria Aluchna,Samuel O. Idowu,2016-12-27 This book explores recent developments in the theory strategic perspective and international practice of corporate social responsibility In particular it discusses the consequences of the economic slowdown apparent in many economies and the impact of changes in the regulatory environment It consists of three parts Part one addresses a variety of theoretical approaches as well as the dynamics and criticism of corporate social responsibility It takes into account social and governmental expectations for the new and extended role of companies in the economy and in society

and provides a new context and theoretical assumptions regarding the functions and tasks of corporate social responsibility Part two discusses the practical aspects relating to strategic management and corporate governance corporate disclosure and reporting as well as the empowerment of stakeholders Lastly part three focuses on the international practice of corporate social responsibility in various organizational and institutional settings Using numerous case studies the book explores the challenges and tasks of CSR in emerging markets in the fashion industry and in global and family companies It identifies the changes that can be detected following the financial crisis closing the loop and linking the empirical findings with the revised theoretical framework Sustainability Accounting and Accountability Jan Bebbington,Jeffrey

Unerman,Brendan O'Dwyer,2014-06-05 The management and balancing of social environmental and economic sustainability is one of the most complex and urgent challenges facing both private and public sector organizations today with these challenges of sustainability posing many risks to and many opportunities for advancing the aims and performance of organizations Accounting and accountability processes and practices provide key tools to help organizations to more effectively identify and manage the risks and opportunities of sustainability Popular features from the first edition are retained whilst recent developments in theory and practice are accounted for New substantive chapters on water resource accounting carbon accounting and decision making have been introduced and the book continues to benefit from a host of expert contributors from around the world including Jesse Dillard Rob Gray Craig Deegan This comprehensive and authoritative textbook will continue to be a key resource for students of accounting and sustainability as well as being a vital tool for researchers Sustainability Accounting and Accountability ,2014 Teaching IFRS Richard M.S. Wilson,Ralph W. Adler,2013-09-13 The increasing pace of global conformance towards the adoption of International Financial Reporting Standards IFRS highlights the need for accounting students as well as accounting practitioners to be conversant with IFRS Teaching IFRS offers expert descriptions of and insights into the IFRS convergence process from a teaching and learning perspective Hence this book is both timely and likely to have considerable impact in providing guidance for those who teach financial reporting around the world The contents of the book come from authoritative sources and offer something distinctive to complement the existing textbooks which typically focus on the technical aspects of IFRS and their adoption Drawing upon the experiences of those who have sought to introduce IFRS related classroom innovations and the associated student outcomes achieved therefrom the book offers suggestions about how to design and deliver courses dealing with IFRS and catalogues extensive listings of IFRS related teaching resources to support those courses This book was originally published as a special issue of Accounting Education An international journal **EBOOK: Financial Accounting and Reporting: An International Approach** Anne Marie Ward,Craig Deegan,2013-03-16 Financial Accounting and Reporting An International Approach is an adaptation of McGraw Hill Australia s bestselling financial accounting text Australian Financial Accounting by Craig Deegan authored by Anne Marie Ward of Ulster University Set within an international context

with a solid grounding in IAS IFRS the book provides students with a detailed grasp of reporting requirements in an accessible and engaging manner Up to date throughout and complete in theoretical and practical coverage the book successfully communicates the detail necessary to understand challenge and critically evaluate financial reporting The result gives students a strong foundation for current study and their future professional lives The Routledge Companion to Accounting, Reporting and Regulation Carien van Mourik, Peter Walton, 2013-10-01 Financial accounting reporting and regulation is a vast subject area of huge global importance with interest rising significantly in the light of the ongoing global financial crisis The authors begin with a broad overview of the subject of accounting setting the stage for a discussion on the theoretical and practical issues and debates regarding financial reporting which are expanded on in the second part of the book This includes how to define the reporting entity recognition and measurement of the elements of financial statements fair values in financial reporting and the costs and benefits of disclosure The third part assesses the interest need and theories behind the accounting reporting and regulation industry while parts four and five look at the institutional social and economic aspects with issues such as accounting for environmental management and accounting regulation and financial reporting in Islamic countries both issues of ever increasing importance This authoritative Companion presents a broad overview of the state of these disciplines today and will provide a comprehensive reference source for students and academics involved in accounting regulation and reporting *Accounting Education Research* Richard M.S. Wilson, 2015-04-10 An annual prize is awarded for the best paper appearing in *Accounting Education* an international journal and this book contains the prize winning papers for every year from 1992 to 2012 The journal's primary mission since the first issue was published in March 1992 has been to enhance the educational base of accounting practice and all the papers in this book relate to that mission These papers reporting on research studies undertaken by accounting education scholars from around the world build on research findings from the broader domain of education scholarship and embrace a wide array of topics including curriculum development pedagogic innovation improving the quality of learning and assessing learning outcomes Of particular interest are three themes each of which runs through several of the papers students approaches to learning and learning style preferences ethics and moral intensity and innovation within the accounting curriculum Accounting educators will find many ideas in the book to help them in enriching their work and accounting education researchers will be able to identify many points of departure for extending the studies on which the papers report whether comparatively or longitudinally This book is a compilation of papers originally published in *Accounting Education* an international journal
