Institutions and Markets focuses on the operation of Australia's financial system. Thoroughly updated, this eighth edition retains the structure of the seventh edition, examining the financial system's three main functions: settlement, flow of funds, and risk transfer. The book provides a comprehensive and comprehensible integrated account of the activities of Australia's financial institutions and markets and their instruments, including the major capital and foreign exchange markets and the markets for derivatives. This new edition is complemented by digital resources on the MindTap online platform, also enabling flipped delivery of the content, expanded learning objectives, and updated case studies and research to cover recent events such as Brexit. Premium online teaching and learning tools are available to purchase on the MindTap platform. Learn more about the online tools: cengage.com/au/learning/solutions

Corporate Governance, Capital Markets, and Capital Budgeting Baliira Kalyebara, Sardar M. N. Islam, 2013-07-31 The primary contribution of this book is to integrate the important disciplines which simultaneously impact the investment appraisal process. The book presents a study that develops a new approach to investment appraisal which uses a multiple objective linear programming MOLP model to integrate the selected disciplines which include capital markets, corporate governance, and capital budgeting. The research covers two case studies: one in the e-commerce sector and another in the airline industry, in which the above disciplines are integrated. Readers from the areas of corporate governance, regulation, and accounting would find the survey of different approaches and the new integrated optimization approach particularly useful.
