Romaniuk,Animesh Roul,Pamela Fabe,János Besenyő,2024-10-24 Handbook of Terrorist and Insurgent Groups A Global Survey of Threats Tactics and Characteristics examines the most current and significant terrorist and insurgent groups around the world The purpose is to create a descriptive mosaic of what is a pointedly global security challenge The volume brings together conceptual approaches to terrorism insurgency and cyberterrorism with substantive and empirical analyses of individual groups organisations and networks By doing so not only does the coverage highlight the past present and future orientations of the most prominent groups but it also examines and illustrates their key characteristics and how they operate including key leaders and ideologues Highlighting specific individual groups the chapters collectively present a robust and comprehensive

outlook on the current geography of terrorism and insurgency groups operating in the world today This comprehensive volume brings the collective expertise and knowledge of more than 50 academics intelligence and security officials and professionals together all of whom are considered subject experts in their respective areas of research and practice The volume is based on both desk based and fieldwork conducted by experts in these areas incorporating analyses of secondary literature but also the use of primary data including first hand interviews on the various groups regions of operation their tactics and how their ideologies motivate their actions Alternative Criminologies Pat Carlen,Leandro Ayres França,2017-08-10 Alternative Criminologies celebrates a kaleidoscopic process of permanent critique and a diversity of social and scientific knowledges It examines complex and global crime issues in light of the many alternative scientific artistic empathetic campaigning and otherwise imaginative criminologies that attempt to understand and or fundamentally change why crime and justice take the forms they do From cutting edge topics such as crimes against humanity the criminology of mobility terrorism cybercrime corporate crime and green criminology to gendered perspectives on violence against women sexualities and feminist and queer criminologies to key issues in penology such as mass incarceration the death penalty desistance from crime risk and the political economy of punishment Alternative Criminologies demonstrates the breadth the variety and the vibrancy of contemporary perspectives on crime criminalization and punishment Bringing together 34 leading experts from around the world this international collection unites fresh and insightful theoretical positions with innovative empirical research and marks an important juncture for criminologies and their imagined futures Alternative Criminologies is essential reading for students of crime and criminal justice The Palgrave Handbook of Criminology and War Ross McGarry,Sandra Walklate,2016-08-22 This interdisciplinary Handbook brings together into one coherent volume a range of international authors who firmly establish the relevance of war within the discipline of criminology The chapters address emerging and prevailing issues in the criminological study of war including state crime corporate crime victimology genocide policing security and various forms of violence Taking a critical standpoint including feminist cultural and radical approaches amongst others the Handbook is split into five clear sections 1 The Criminogenic Contexts of War 2 Violence and Victimization at War 3 Violence War and Security 4 Perpetrators of Violence and the Aftermath of War and 5 Cultural and Methodological Developments for a Criminology of War Edited by two leading experts in the field this Handbook provides an original point of reference on the contemporary debates and applications of criminology and war and will be a key resource for academics and students across criminology international relations critical military studies military sociology peace studies and law Routledge Handbook of Risk Studies Adam Burgess,Alberto Alemanno,Jens Zinn,2016-03-31 It is over 40 years since we began to reflect upon risk in a more social than technological and economic fashion firstly making sense of the gap between expert and public assessment of risks such as to our health and environment With fixed certainties of the past eroded and the technological leaps of big data ours is truly an age of risk

uncertainty and probability from Google's algorithms to the daily management of personal lifestyle risks Academic reflection and research has kept pace with these dizzying developments but remains an intellectually fragmented field shaped by professional imperatives and disciplinary boundaries from risk analysis to regulation and social research This is the first attempt to draw together and define risk studies through a definitive collection written by the leading scholars in the field It will be an indispensable resource for the many scholars students and professionals engaging with risk but lacking a resource to draw it all together

Christian Ethics Non-violent Resistance Approach to Boko Haram Anthony Okechukwu Nnadi PhD STD,2024-04-10 The book takes a practical look at the complexity of the nature of violence terrorism in Nigeria in the light of the Catholic social teaching on non violent resistance With the critical analyses of some policies strategies used to address the problem of Boko Haram terrorism in Nigeria the book explores a range of questions Does severe punishment work effectively as deterrence against possible involvement in terrorism Does applying lex talionis reduce or exacerbate recidivism What are the right mechanisms to stop terrorism violence in Nigeria This book is convinced that nothing is resolved through violence and that violence begets violence alluding that responding to terror with terror is a retaliatory method that is self defeating On the whole it has been noted that the principle or law of retaliation Lex Talionis alone cannot stop armed insurgency in Nigeria thus the book suggests non violent resistance as the best way to address terrorism and violent conflicts Non violent resistance does not mean condoning violent attacks against innocent civilians Based on the Christian ethical principles of the dignity of the human person and justice this book explicitly declares that the killing of innocent civilians is absolutely immoral The book explores the use of the term Islamic terrorism and the Islamic ethics of justice peace and nonviolence and underlines that the Islamic core moral principles in no way support terrorism While stating that terrorism is morally wrong this book states that the causes of terrorism must be addressed with justice and fairness On this basis the book insists on critically investigating the following religious extremism corruption bigotry in politics and religion the glaring sense of apathy among the political elite to the suffering of the oppressed and the mismanagement and abuse of political positions or the nation's resources for selfish interest There must be a rethink aimed at finding the best way to build an ethical society a framework for justice and peace
