Euthanasia, Suicide, and Despair: Can the Bible Help? Michael J. Lowis,2015-10-21 Despite its title this is not a morbid or depressing book but one that it is hoped will bring encouragement and comfort to all who are experiencing life s difficulties even to the point of wondering if they wish to continue living However the question of whether or not it is morally acceptable for people to receive help to end their lives prematurely is a divisive one but it is one that cannot be ignored Some countries have already legalized voluntary euthanasia whilst others are still wrestling with this ethical dilemma We all hope that we will never be faced with this situation but if it does arise where can we turn for help and guidance The Bible is one useful resource as over fifty passages have been identified that relate to coping with desperate life circumstances along with a few instances where a life has been ended prematurely In addition to identifying and discussing these passages this book also provides helpful background on the

history of the biblical sources used along with factors influencing their interpretation Reading this book should provide strength and courage to persevere through life s adversities *The Unformed Conscience of Evangelicalism* J. Daryl Charles,2002-01-01 J Daryl Charles urges the evangelical church to better equip in character and moral vision its pastors leaders and members to constructively and effectively engage the ethical debates of the twenty first century **Ethical Issues that Matter** Enoch Hammond Oglesby,2002 Faith communities have always struggled with the questions of ethical method and cultural inclusivity Accordingly Ethical Issues that Matter enlarges the methodological discussion among ethicists and theologians by adopting the landscape of a mountain as a useful metaphor for racism *Choosing the Good* Dennis P. Hollinger,2002-09-01 An intelligent discussion of the foundations and methods in ethics and ways to apply a Christian worldview to our secular culture **Bioengagement** Nigel M. de S. Ngaruiya,2019-12-31 This collection of essays the product of the 8th annual conference of the Africa Society of Evangelical Theology wrestles with the topics of God and creation from distinctly African perspectives Touching on topics from environmentalism to ethnic conflict to childlessness the contributors present a powerful and timely reflection on the nature of God as creator and the implications of that identity on our relationship with the divine with the earth and with each other Highlighting the rich wisdom of African voices this book explores the particularities and complexities of an African cultural context while presenting biblical truth that extends beyond geographical limits Anyone interested in thinking theologically about our role in the universe God has made or what African culture in dialogue with Scripture has to teach us will find this book to be an invaluable resource Mouse Morality Annalee R. Imitation in Early Christianity Cornelis Bennema, 2025-03-20 What did exhortations to follow Jesus or imitate Christ mean to early Christians Cornelis Bennema examines mimesis as a religious ethical concept in early Christianity the imitation of Jesus and other exemplars to become a better more Christlike person Situating appeals for imitation in the New Testament and Apostolic Fathers within the cultural and social context of the

broader Greco Roman world Bennema shows how early Christian mimesis was not about literal replication but instead was a creative cognitive and transformative means for shaping conduct and character As part of this study Bennema explores key questions about the historic origins of early Christian mimesis the language that early Christian authors used to articulate the concept of mimesis the scope nature and workings of mimesis in each major section of early Christian literature and how early Christians navigated the challenges of imitating exemplars such as Paul or Jesus who were not physically present Offering well researched answers to these questions Bennema provides readers with a nuanced and informative picture of exhortations to imitation in the New Testament and Apostolic Fathers
