Dragon in Exile Sharon Lee, Steve Miller, 2015-05-16 18 in the popular and exciting science fiction Liaden Universe Clan Korval rebuilds its fortunes on the gritty semi anarchic planet of Surebleak Over a quarter million Liaden Universe books are in print with an audience that keeps growing Star trading Clan Korval known to Terrans as the Tree and Dragon Family and to the locals simply as the Dragon has been convicted of crimes against the homeworld No matter that one of the crimes consisted of saving the elitist planet of Liad from very real internal threats the Council of Clans wanted Korval heads to roll Unfortunately for the Council the Dragon s allies conspired to impose a milder punishment for saving the worlbanishment rather than execution Now relocated to the free for all world of Surebleak the Dragon is under contract to keep the Port Road open to all traffic and to back the New Bosses in imposing law and order on a society originally based on larceny and assassination This modest rustication is going surprisingly well until Korval discovers that the enemy they d sought to destroy wasn t quite destroyed and is more determined than ever to eradicate Korval While the banishment killed no one initially many of Korval s trading allies are spooked and some are reneging on ancient agreements leaving the Dragon to make its own way The clan s efforts to stealthily recruit new allies is going haywire and a secret death toll is rising even as the clan s adherents endure increasing exposure to danger and deceit off world To make matters worse an active portion of Surebleak s native population liked the Old Ways just fine and are conspiring to take the New Bosses and the Dragon down and are sure they have the firepower and people to do it The exiled Dragon has to make an urgent choice accept an alliance with criminals or face down each and every enemy in person one by one At the publisher s request this title is sold without DRM Digital Rights Management

[Diviner's Bow](#) Sharon Lee, Steve Miller, 2025-04-01. NEW ENTRY IN THE BEST SELLING LIADEN UNIVERSE SERIES. A world divided cannot stand. A people divided cannot thrive. The Oracle has Seen the end of Civilization and the end of the Haosa too. Reactions to this are mixed. On the one hand foresight is a notoriously erratic Gift. On the other can Civilization or the Haosa afford to assume that the prophecy is an error. And if the Oracle has Seen truly is it possible to alter the future. While well meaning people struggle to implement change that might at least mitigate a disaster others are looking toward the profit they can make from the end of the world. In the meantime the Tree and Dragon Trade Team has concluded its whole port inventory and is about to propose Colemeno as a trade hub and anchor to a brand new route. Padi yos Galan is preparing to step into new roles personally and in trade. And the lives of two small children may be the thread that binds the future or unravels it. At the publisher's request this title is sold without DRM Digital Rights Management. Praise for the Liaden Universe series.
