Culturally Affirming Literacy Practices for Urban Elementary Students Lakia M. Scott, Barbara Purdum-Cassidy, 2016-08-17 The nation's demographic of public schools are more ethnically racially and linguistically diverse than ever before Strauss 2014 However there are still educational policies and practices that call to question whether traditionally marginalized students receive an equitable education This is demonstrated in national achievement trends which highlight disproportionality ratings among minoritized student groups Also when examining school discipline policies expulsion ratings special education services and school choice movements all seem to handicap educational opportunity for low income Black and Brown students As American schools become more and more diverse it is imperative that the literacy practices used to teach young students of color reflect the nation's changing demographic This book provides practical insights guided by conceptual and contextual knowledge in understanding how to teach urban African American and Hispanic Latino students by discussing issues associated with critical pedagogies literacy and culturally appropriate instructional strategies that have demonstrated success for traditionally marginalized student populations This book examines culturally affirming literacy practices from three main components 1 scholarship 2 the field of practice and 3 teacher education models Each of these three are significant in understanding how to teach minoritized populations As such chapters have been organized into three main sections that address scholarship and research trends in the field and implications for teacher education models all in order to advance the literacy achievement of African American and Hispanic Latino students

Playing with Print Carol Ann Bloom, 2007-05 To create a classroom where first encounters with literacy are playful and exploratory not formal and separate from the child's world this book spills out a rich cascade of ideas in four areas making the classroom a print rich learning environment including print in daily activities practicing literacy through art activities and dramatic play and recasting the teacher's role into spectator advisor resource and scribe Hundreds of ideas support these goals Grades preK 2 Suggested resources Illustrated Good Year Books 204 pages Second Edition

Developing Teaching Skills in the Primary School Jane Johnston, John Halocha, Mark Chater, 2007-10-16 Teaching is a complex process which involves the development and utilization of subject knowledge and teaching skills Containing reflective and practical skills this book supports such development focusing specifically on teaching skills considering what they are how they develop and how they differ between age and subject The book contains three sections Planning Doing and Reviewing which demonstrate effective classroom practice It uses examples of practitioners at different stages of their professional development to link theory and practice and includes discussions on contemporary issues in primary education such as Constructivist teaching and learning
