## **Escaping The Prism Fade To Black Poetry And Essays:**

*Escaping the Prism ... Fade to Black* Jalil Muntaqim, 2015 Jalil Muntaqim is a former member of the Black Panther Party and the Black Liberation Army For over forty years Jalil has been a political prisoner and one of the New York Three NY3 in retaliation for his political activism *Escaping the Prism Fade to Black* is a collection of Jalil's poetry and essays written from behind the bars of Attica prison Combining the personal and the political these texts afford readers with a rare opportunity to get to know a man who has spent most of his life over forty years behind bars for his involvement in the Black Liberation Movement of the 1960s and early 1970s Jalil's poetry deals with a range of themes spirituality history and the struggle for justice depression humor and sexual desire the pain and loneliness of imprisonment the ongoing racist oppression of New Afrikan people in the United States and the need to find meaning in one's life At the same time his political essays show him to be as eager as ever to intervene in and grapple with the events of today always with an eye to concretely improving the lives of the oppressed *Escaping the Prism Fade to Black* also includes an extensive examination of the U S government's war against the Black Liberation Army in general and Jalil and the New York Three in particular by renowned scholar activist Ward Churchill In this highly detailed essay *The Other Kind On the Integrity Consistency and Humanity of Jalil Abdul Muntaqim* Churchill traces this story from the FBI's murderous COINTELPRO repression of the Black Panther Party through the NEWKILL operation which led to the NY3's incarceration to the more recent Phoenix Taskforce which orchestrated the re prosecution of Jalil and other veteran Black activists in the case of the San Francisco 8 With illustrations by revolutionary prisoner artists Zolo Agona Azania and Kevin Rashid Johnson as well as various outside artist activists *Pacifism as Pathology* Ward Churchill, Michael Ryan, 2017-04-15 *Pacifism as Pathology* has long since emerged as a dissident classic Originally written during the mid 1980s the seminal essay *Pacifism as Pathology* was prompted by veteran activist Ward Churchill's frustration with what he diagnosed as a growing and deliberately self neutralizing hegemony of nonviolence on the North American left The essay's publication unleashed a raging debate among activists in both the U S and Canada a significant result of which was Michael Ryan's penning of a follow up essay reinforcing Churchill's premise that nonviolence at least as the term is popularly employed by white progressives is inherently counterrevolutionary adding up to little more than a manifestation of its proponents desire to maintain their relatively high degrees of socioeconomic privilege and thereby serving to stabilize rather than transform the prevailing relations of power This short book challenges the pacifist movement's heralded victories Gandhi in India 1960s antiwar activists even Martin Luther King Jr's civil rights movement suggesting that their success was in spite of rather than because of their nonviolent tactics Churchill also examines the Jewish Holocaust pointing out that the overwhelming response of Jews was nonviolent but that when they did use violence they succeeded in inflicting significant damage to the Nazi war machine and saving countless lives As relevant today as when they first appeared Churchill's and Ryan's trailblazing efforts were first published together in book form in 1998 Now along with the

preface to that volume by former participant in armed struggle political prisoner Ed Mead postscripts by both Churchill and Ryan and a powerful new foreword by leading oppositionist intellectual Dylan Rodríguez these vitally important essays are being released in a fresh edition

**Remembering the Armed Struggle: My Time with the Red Army Faction** Margrit Schiller, 2021-02-01 Margrit Schiller was an early member of the Red Army Faction the West German urban guerrilla group In 1971 she was captured and charged with a murder she did not commit and upon her release she returned to the underground being captured again in early 1974 She would spend most of the 1970s in prison enduring isolation conditions meant to break the human spirit and participating hunger strikes and other acts of resistance along with other political prisoners from the RAF In Remembering the Armed Struggle Schiller recounts the process through which she joined her generation's revolt in the 1960s going from work with drug users to joining the antipsychiatry political organization the Socialist Patients Collective and then the RAF She tells of how she met and worked alongside the group's founding members Ulrike Meinhof Andreas Baader Jan Carl Raspe Irmgard Müller and Holger Meins how she learned the details of the May Offensive and other actions while in her prison cell about the struggles to defend human dignity in the most degraded of environments and the relationships she forged with other women in prison Also included are a foreword by Ann Hansen who situates the draconian prison conditions inflicted on the RAF within the context of a global counterinsurgency program that would help spawn the plague of mass incarceration we still face today an afterword by the late Osvaldo Bayer and an appendix by J Smith and Andr Moncourt summarizing the politics and history of the RAF in the 1970s

What People Are Saying Margrit Schiller's life story Remembering the Armed Struggle is not meant to mark a hard break with the Red Army Faction but is more of a critical reflection in the spirit of solidarity Even those who do not share Schiller's perspective will find it interesting to join her as she looks back on her years underground and in prison

diesseits Schiller's recollections are profoundly honest and to the point She neither glorifies the Red Army Faction nor does she repent or distance herself from her past

taz I am moved by the honesty of this story showing the limits doubts and uncertainties Margrit is far from pretending to be a hero or providing a heroic tale

May Margrit's experiences and those of her comrades help us to continue the battle for the freedom of political prisoners in any corner of the world May they also allow us to radically question the prison system which is used as a space to discard the excluded and to criminalize poverty

Memory freedom and desire are part of the experience of resistance of our bodies of our lives

And Margrit stripping away her own history in this book with pain but with courage helps us to continue spinning colors flavors sounds and aromas in this mild time of attempts

Claudia Korol author of *Las Revoluciones de Berta* 2019 from the Prologue to the Spanish edition The book challenges prejudices and dares to address subjects that are taboo especially in these latitudes so plagued by silences about the human aspects that mark the reality of the struggle to free ourselves

This story is the story of hundreds of antisystem militants It contains that old but not perished left wing argument from the 1960s about how words should have some connection to actions

ex presas politicas Memoria v testimonios      *Rattling the Cages* Josh Davidson, Eric King, 2023-12-05 Dispatches from behind bars Political prisoners speak out The official story is that the United States has no political prisoners The reality is that there are hundreds of people rounded up placed behind bars and kept there for inordinately long sentences because of their political beliefs and activities A project of abolitionist Josh Davidson and political prisoner Eric King this book is filled with the experience and wisdom of over thirty current and former North American political prisoners It provides first hand details of prison life and the political commitments that continue to lead prisoners into direct confrontation with state authorities and institutions The people Josh Davidson has interviewed include former radicals and Black liberation militants from the sixties and seventies current antifascists nonviolent Catholic peace activists Animal and Earth Liberation Front saboteurs and more Their stories are moving often tragic yet deeply inspiring Collectively these people have spent hundreds of years behind bars and their experiences speak directly to the cruelty and immorality of our prison and so called criminal justice systems Although their sentences and the conditions they have endured vary dramatically this wide range of voices come together to embody what bell hooks called a legacy of defiance It is this legacy of tirelessly struggling to right today's wrongs and create a better tomorrow that the prison system tries yet fails to extinguish Contributors include Donna Willmott James Kilgore Mark Cook Rebecca Rubin Hanif Shabazz Bey Chelsea Manning Oso Blanco Ann Hansen Sean Swain Martha Hennessy Jalil Muntaqim Jeremy Hammond Kojo Bomani Sababu Laura Whitehorn Eric King Rattler Ray Luc Levasseur Elizabeth McAlister Malik Smith David Campbell Xinachtli David Gilbert Susan Rosenberg Daniel McGowan Linda Evans Herman Bell Jennifer Rose Ed Mead Jerry Koch Michael Kimble Bill Harris Jaan Laaman Jake Conroy Marius Mason Bill Dunne Oscar Lopez Rivera

Fade to Black Sylvia Renee Maye, OhioLINK Electronic Theses and Dissertations Center, 2012 Fade to Black is a collection of poetry detailing the human condition from the individual and personal perspective of an African American woman Although the main framework of the thesis deals with the African American condition from a feminine perspective there are other subsequent poems that address familial ties and significant personal events that can shape an individual thus this manuscript is separated into parts which all seemingly coincide with one another Part 1 is an introspective and individualistic view into the African American female experience and acts as a physical catharsis both in function and form Part 2 is not as ethnocentric as the previous section where one can locate the cultural viewpoint it is thematically egocentric However it is still an extension of Part 1 while remaining an independently functioning piece on its own Finally Part 3 though more sporadic in its poetic theme and lacking a personal connection to the individual is meant to be read from a universal context It doesn't quite fit into either of the aforementioned sections and is very abstract in subject matter As a conclusion to the collection historical narrative poems were chosen and are exemplary of this lack of connection with an individual perspective which is intended to leave the reader pondering his or her own cultural perception and how he or she views other races from the same context Whether you can identify personally with certain poems versus others this cyclical collection of poetry is

deliberate in prompting introspection and allowing if only for a moment the reader to see the world through a different set of eyes
