results in a lively drawing that captures the form movement and ultimately the spirit of the animal in question Combining scientific knowledge with expert practical guidance is key to creating successful drawings of animals and Tim s ability to convey this in a way that is both accessible and engaging makes this a unique and inspiring guide suitable for artists of all levels Tim s book takes you on a journey of discovery that will enable you to develop the skills techniques and knowledge you need to sketch a broad range of wildlife encompassing mammals reptiles birds fish and insects It includes quick gestural sketches as well as linear and tonal studies in a variety of media pencil pen and ink and watercolour There are numerous studies comprising how to represent the different patterns of animals coats how to capture the plumage of an exotic bird in watercolour and how to sketch a hippo s hooves as well as guidance on tools materials and basic techniques The result is a treasure chest of fascinating facts studies sketches and annotated drawings that will not fail to ignite your enthusiasm for drawing animals from life
