## **Drawing Fire Investigating The Accusations Of Apartheid In Israel:**

**Drawing Fire** Benjamin Pogrund, 2023-06-14 Benjamin Pogrund who spent 26 years as a journalist in South Africa investigating apartheid and who has been living in Israel for the past 15 years investigates the accusation that Israel is practicing apartheid and the motives of those who make it His study is founded on a belief in Israel combined with frank criticism to provide a balanced view of Israel's strengths and problems To understand Israel today one must first look at the past and so the book first outlines key foundational events to explain current attitudes It then explores the contradictions found in the region including discrimination against Israeli Arabs and among Jews before concluding that it is wrong to affix the apartheid label to Israel inside the Green Line of 1948-1967 It also deconstructs the criticisms of Israel and the boycott movement before arguing for two states Israeli and Palestinian as the only way forward for Jews and Arabs This detailed and balanced study offers a unique comparison between South Africa and Israel

**Boycotting Israel is Wrong** Philip Mendes, Nick Dyrenfurth, 2015-05-01 This is the first progressive book to argue that the BDS movement boycott divestment and sanctions against Israel is the wrong way to broker peace in the Israeli-Palestinian conflict rather it argues that peace will come only when both Israelis and Palestinians' legitimate claims to statehood are recognised by both sides The BDS movement boycott divestment sanctions against Israel has gained traction and publicity worldwide for a decade Yet here Philip Mendes and Nick Dyrenfurth two politically progressive commentators argue that BDS is far too blunt an instrument to use in such a complex political situation Instead they critically analyse the key arguments for and against BDS and propose a solution that supports Israel's existence and Palestinian rights to a homeland urging mutual compromise and concessions from both sides

**Comprehending Antisemitism through the Ages: A Historical Perspective** Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2021-08-23 This volume traces the history of antisemitism from antiquity through contemporary manifestations of the discrimination of Jews It documents the religious sociological political and economic contexts in which antisemitism thrived and thrives and shows how such circumstances served as support and reinforcement for a curtailment of the Jews' social status The volume sheds light on historical processes of discrimination and identifies them as a key factor in the contemporary and future fight against antisemitism

**Challenging the Boycott, Divestment and Sanctions (BDS) Movement** Ronnie Fraser, Lola Fraser, 2023-02-13 Challenging the Boycott Divestment and Sanctions BDS Movement focuses on the efforts to oppose antisemitism the academic boycott and the BDS movement The State of Israel has faced many threats most of them military since it was established in 1948 but the threat posed by the NGO forum at the United Nations World Conference against Racism in Durban South Africa in August 2001 was different The forum unleashed the new antisemitism which targeted the State of Israel as well as a non-violent civil society based campaign based on the South African anti-apartheid campaign of the 1980s which was to form the basis of the international Boycott Divestment and Sanctions BDS movement directed at the State of Israel Featuring case studies from the United States Great

Britain Israel and South Africa each chapter of this wide ranging volume discusses examples of opposition to the divisive BDS campaign and the proposed academic boycott of Israel over the last two decades including the fight for formal recognition of the new antisemitism by governments and international bodies and the use of a variety of legal measures The rise of antisemitism within academia and wider society is also examined This book will be vital reading for students scholars and activists with an interest in social movements Israel and Middle East politics and history *Can Academics Change the World?* Moshe Shokeid,2020-05-01 Moshe Shokeid narrates his experiences as a member of AD KAN NO MORE a protest movement of Israeli academics at Tel Aviv University who fought against the Israeli occupation of Palestinian territories founded during the first Palestinian Intifada 1987 1993 However since the assassination of Prime Minister Rabin and the later obliteration of the Oslo accord public manifestations of dissent on Israeli campuses have been remarkably mute This chronicle of AD KAN is explored in view of the ongoing theoretical discourse on the role of the intellectual in society and is compared with other account of academic involvement in different countries during periods of acute political conflict

Israel in a Turbulent Region Tore Petersen,2019-03-07 This anthology examines and deconstructs what Israeli security looks like and how its various security identities have evolved both before the establishment of the state and in the years and decades since 1948 It casts light on how aspects of Israel s foreign relations have been shaped as much by internal politics as by external challenge Further not only does it answer the questions surrounding Israel s past but examines carefully what type of country it has now become Compared to much of the turbulence in the region Israel s diplomacies have been remarkably resilient and inventive With the background of 100th anniversary of the Balfour declaration this book is a multidisciplinary study using several different methodological approaches from discursive analyses to theories of memories and identity to interviews with Israeli soldiers in the field to a legal approach to the topic as well as International Relations studies and traditional archival studies South Africa was one of Israel s main partners in terms of security cooperation and weapons research and development until the fall of the apartheid regime This has been compensated with Israel opening up diplomatic relations with China 1991 and India 1992 and extending its ties with Japan While the EU often criticize Israel s policies against the Palestinians this is mostly rhetoric as for practical purposes Israel is like a member of the EU This comprehensive volume studying contemporary Israel is an invaluable resource for students and scholars interested in Foreign and Security Policy Israel and the Middle East *Decoding Antisemitism* Matthias J. Becker,Hagen Troschke,Matthew Bolton,Alexis Chapelan,2024-10-15 This open access book is the first comprehensive guide to identifying antisemitism online today in both its explicit and implicit or coded forms Developed through years of on the ground analysis of over 100 000 authentic comments posted by social media users in the UK France Germany and beyond the book introduces and explains the central historical conceptual and linguistic semiotic elements of 46 antisemitic concepts stereotypes and speech acts The guide was assembled by researchers working on the Decoding Antisemitism project at the Centre for

Research on Antisemitism at Technische Universität Berlin building on existing basic definitions of antisemitism and drawing on expertise in various fields Using authentic examples taken from social media over the past four years it sets out a pioneering step by step approach to identifying and categorising antisemitic content providing guidance on how to recognise a statement as antisemitic or not This book will be an invaluable tool through which researchers students practitioners and social media moderators can learn to recognise contemporary antisemitism online and the structural aspects of hate speech more generally in all its breadth and diversity Commitment and Controversy Living in Two Worlds Jeremy

Rosen, 2022-07-31 The information about the book is not available as of this time Just, Reasonable Multiculturalism Raphael Cohen-Almagor, 2021-07-29 This book explores the main challenges against multiculturalism It aims to examine whether liberalism and multiculturalism are reconcilable and what are the limits of liberal democratic interventions in illiberal affairs of minority cultures within democracy In the process this book addresses three questions whether multiculturalism is bad for democracy whether multiculturalism is bad for women and whether multiculturalism contributes to terrorism Just Reasonable Multiculturalism argues that liberalism and multiculturalism are reconcilable if a fair balance is struck between individual rights and group rights Raphael Cohen Almagor contends that reasonable multiculturalism can be achieved via mechanisms of deliberate democracy compromise and when necessary coercion Placing necessary checks on groups that discriminate against vulnerable third parties the approach insists on the protection of basic human rights as well as on exit rights for individuals if and when they wish to leave their cultural groups **Routledge Handbook of Public**

**Diplomacy** Nancy Snow, Nicholas J. Cull, 2020-01-20 The second edition of the Routledge Handbook of Public Diplomacy co edited by two leading scholars in the international relations subfield of public diplomacy includes 16 more chapters from the first Ten years later a new global landscape of public diplomacy has taken shape with major programs in graduate level public diplomacy studies worldwide What separates this handbook from others is its legacy and continuity from the first edition This first edition line up was more military focused than this edition a nod to the work of Philip M Taylor to whom this updated edition is dedicated This edition includes US content but all case studies are outside the United States not only to appeal to a global audience of scholars and practitioners but also as a way of offering something fresher than the US UK centric competition In Parts 1-4 original contributors are retained many with revised editions but new faces emerge Parts 5 and 6 include 16 global case studies in public diplomacy expanding the number of contributors by ten The concluding part of the book includes chapters on digital and corporate public diplomacy and a signature final chapter on the noosphere and noopolitik as they relate to public diplomacy Designed for a broad audience the Routledge Handbook of Public Diplomacy is encyclopedic in its range and depth of content yet is written in an accessible style that will appeal to both undergraduate and postgraduate students **Hate Speech in Social Media** Isabel Ermida, 2023-12-12 This edited book offers insight into the

linguistic construction of prejudice and discrimination in social media Drawing on the outputs of a three year research

project NETLANG involving scholars from five European countries Portugal Czech Republic Estonia Finland and Poland as well as on external contributions from participants in the project s final conference the collection brings together a variety of linguistic approaches to the study of online hate speech ranging from pragmatic to syntactic morphological and lexical analyses with a considerable focus on Natural Language Processing and Corpus Linguistics Data from English Portuguese Danish Lithuanian Persian Polish and Slovenian are examined along with various geopolitical contexts for hate speech especially anti refugee and anti immigrant discourse The authors explore a continuum of overt to covert textual data namely i structural elements such as syntactic and morphological patterns which recur throughout the texts ii lexical and stylistic elements revealing the often implicit ways in which vocabulary choices and rhetorical devices signal the expression of hate and iii interactional elements concerning the pragmatic relationships established in online communicative exchanges The chapters cover numerous types of prejudice such as sexism racism nationalism antisemitism religious intolerance ageism and homo transphobia The book will be of interest to an academic readership in Linguistics Media Studies Communication Studies and Social Sciences      **Robert Mangaliso Sobukwe** Benjamin Pogrund,2019-10-16 A collection of thought provoking and moving essays on Robert Sobukwe commissioned and edited by his biographer and friend Benjamin Pogrund Sobukwe was a lecturer lawyer founding member and first president of the Pan Africanist Congress PAC and Robben Island prisoner      **Antisemitism in Reader Comments** Matthias J. Becker,2021-04-28 This book examines the most frequent form of Jew hatred Israel related antisemitism After defining this hate ideology in its various manifestations and the role the internet plays in it the author explores the question of how Israel related antisemitism is communicated and understood through the language used by readers in below the line comments Drawing on a corpus of over 6 000 comments from traditionally left wing news outlets The Guardian and Die Zeit the author examines both implicit and explicit comparisons made between modern day Israel and both colonial Britain and Nazi Germany His analyses are placed within the context of resurgent neo nationalism in both countries and it is argued that these instances of antisemitism perform a multi faceted role in absolving guilt re writing history and reinforcing in group status This book will be of interest not only to linguistics scholars but also to academics in fields such as internet studies Jewish studies hate speech and antisemitism      [A Jewish Voice](#) Jeremy Rosen,2019-11-20 This book is a collection of ideas I have written about over the past year or so in the form of weekly blogs They describe the different thoughts I have had on a range of topics from religious political historical and cultural to specifically Jewish My way of thinking comes from the integration of Jewish and secular western ideas and values I write to inform to challenge to educate and to entertain Often controversially I am aiming at a Jewish audience that is looking for new ways of treating religious issues in a non conformist way that encourages a critical view of life And for others interested in how I as a Jewish person try to reconcile two very different ways of looking at the world      *Comparing Armed Conflicts* Bruno Charbonneau,Adam Sandor,2021-07-12 Comparing armed conflicts primes the production of categories that

when mobilized can alter the trajectories of the conflicts Considering the political dynamism of spaces of conflict and intervention and that practitioners regularly seek out academic expertise this book discusses the possibilities and limits of comparative approaches to understanding armed conflict and intervention Capacity building experts development workers international organizations and diplomats use their previous experiences and bring them into new contexts to understand and respond to their environment Conflict actors can also make comparisons to buttress their political position in negotiations consolidate their control over fighters and as calls for transnational rebel solidarity The use of such comparisons is an inherently political move and it has an impact on the production of scientific knowledge on conflict dynamics themselves and on the formulation and implementation of conflict management policy comparison is inherently a practice of order making While there are important epistemological and methodological stakes associated with researchers engaging in comparison there are also important productive effects connected to the research avenues taken The chapters in this book were originally published in the Civil Wars

**Antisemitismus im 21. Jahrhundert** Marc Grimm,Bodo Kahmann,2018-10-08 In den vergangenen Jahren vollzog sich eine deutlich beobachtbare Radikalisierung des Antisemitismus in Europa die mit den islamistisch motivierten Terroranschlägen von Paris Toulouse Brüssel und Kopenhagen auch mörderische Konsequenzen hatte Als Indikator für eine neue Qualität und Virulenz des Antisemitismus kann jedoch nicht nur der islamistische Antisemitismus gesehen werden sondern auch die Zunahme von Antisemitismus in politisch und sozial arrivierten Kreisen und Milieus

Zugleich ist die Hemmschwelle für die Überwindung und Akzeptanz antisemitischer Ressentiments gesunken sofern diese als Israelkritik camoufliert sind Parallel zu diesen Entwicklungen stellte der Antisemitismus sein Mobilisierungspotential für den politischen Protest auf der Straße unter Beweis etwa im Rahmen der Mahnwachen für den Frieden und während des Gaza Krieges 2014 Die Beiträge des Sammelbandes untersuchen Aspekte dieser Entwicklungen und befassen sich schwerpunktmäßig mit Antisemitismus in der öffentlichen Kommunikation islamischen Antisemitismus und Antisemitismus in politischen Bewegungen Mit Beiträgen von Alvin Rosenfeld Dina Porat Matthias Kuntzel Karin Stagner Navras Alfreedi Stephan Grigat Amy Elman Florian Markl Franziska Krah Matthias J Becker Dana Ionescu Daniel Rickenbacher Zbyněk Tarant Gábor Jikeli Ullrich Bauer Michael Hagemann Laura Luise Hammel Simon Gansinger      **Spy Schools** Daniel Golden, 2017-10-10 A Pulitzer Prize winning journalist exposes how academia has become the center of foreign and domestic espionage and why that is troubling news for the nation's security Photos      Robert Sobukwe - How can Man Die Better Benjamin Pogrand, 2015-06-26 I am greatly privileged to have known him and to have fallen under his spell His long imprisonment restriction and early death were a major tragedy for our land and the world ARCHBISHOP DESMOND TUTU on Sobukwe On 21 March 1960 Robert Mangaliso Sobukwe led a mass defiance of South Africa's pass laws He urged blacks to go to the nearest police station and demand arrest Police opened fire on a peaceful crowd in the township of Sharpeville and killed 69 people This protest changed the course of South Africa's history Sobukwe leader of the Pan Africanist Congress was jailed for three years for incitement At the end of his sentence the government rushed the so called Sobukwe Clause through Parliament to keep him in prison without a trial For the next six years Sobukwe was kept in solitary confinement on Robben Island On his release Sobukwe was banished to the town of Kimberley with very severe restrictions on his freedom until his death in February 1978 This book is the story of a South African hero and of the friendship between him and Benjamin Pogrand whose joint experiences and debates chart the course of a tyrannous regime and the growth of black resistance This new edition of How Can Man Die Better contains a number of previously unpublished photographs and an updated Epilogue
