Drag Racing Gassers Photo Archive Lou Hart, 2007-05-01 One of drag racing's very popular classes formed was the Gassers. During the 50s Model A and 1932-34 Fords were considered the hot set up for these gas classes. Using Ford V8 flatheads and later overhead valve engines, Gas Coupe and Sedan classes had to maintain stock wheelbases and the engine relocation was limited. By the mid 60s it was rare to find an upper classed gasser with any other body make than Willys, Studebaker, Austin or Anglia. They were the stoutest full bodied cars on strips nationwide. Touring teams ran four to six times every week, often traveling several hundred miles day and night to make their next dates. This was old school racing. However, interest waned as fliptop funny cars took over in popularity. The battles in A GS, later AA GS ranks created many heroes and villains who etched their marks into drag racing history. Gassers shared with fans of the quarter mile one of the most thrilling overall racecar types and for an era that was all too short they were literally the Kings of the Sport. Enjoy this photo book that takes you back to that time.

Hot Rod Gallery II Pat Ganahl, 2016-08-15 In the best selling original book *Hot Rod Gallery A Nostalgic Look at Hot Rodding's Golden Years 1930-1960*, author and historian Pat Ganahl opened his archives and shared 192 pages and 350 photos of some of the most interesting and best photos of his collection. Filled with fascinating images of some of the coolest cars and builders, long forgotten car clubs and great shots of the dry lakes, nostalgia fans flocked to grab a piece of hot rodding history all in one convenient package. Well, if some is good, more is better, right? In *Hot Rod Gallery II: More Great Photos and Stories from Hot Rodding's Golden Years*, Ganahl dug deeper into his massive archive for even cooler and more never before seen photos in both color and black and white to provide another album of great hot rodding photos. He was pleasantly surprised to find that he had more great stuff in old files and folders hidden away for decades. In this edition are even more dry lakes shots, post war rods, lead sleds, show circuit cars and a chapter on marvelous mills. He even dug a little deeper into the early 1960s. If you liked the first edition of *Hot Rod Gallery* by Pat Ganahl, *A Nostalgic Look at Hot Rodding's Golden Years 1930-1960*, you may like this one even more. Ganahl guarantees that it is filled with images you have never seen and he offers his commentary and a lifetime of expertise in this selection of fantastic images from his expansive archive. You can spend hours looking at all the details and soaking in the history in these images and we know you'll enjoy this book as much as you did the first.

The History of AMC Motorsports Bob McClurg, 2016-01-15 When thinking of a manufacturer's racing involvement, AMC is not a manufacturer that immediately comes to mind. Yet even from the very beginning of American motorsports, the companies that became AMC had some serious involvement in motorsport. From the early Nash and Hudson models all the way through the muscle car era, AMC had direct involvement in racing. The success of Nash and Hudson in early NASCAR racing, AMC Javelins in Trans Am racing and AMC's involvement with Mark Donahue and Roger Penske in both their Trans Am and 1970s NASCAR teams prove that AMC was in it to win it. *The History of AMC Motorsports* from veteran racing journalist Bob McClurg covers it all from a Nash American Motors corporate history, the

first years of NASCAR the 1960s efforts that included Trans Am and drag racing Super Stock programs to the Craig Breedlove land speed record efforts when 106 world records were shattered and covered by Hot Rod magazine And let's not forget the 1970s Trans Am championships with Donahue and Penske and finally the NASCAR success with Bobby Allison in the always curious looking Matador which is also covered here Never before has a single volume chronicled the events that encompass AMC racing history Whether a hardcore racing history fan or a casual enthusiast of the AMC street offerings *The History of AMC Motorsports* provides a unique showcase vital to every enthusiast's library

Drag Racing in the 1970s Doug Boyce, 2025-01-15 Re-live the 1970s with this book that covers a sensational and unique decade of drag racing history In the 1950s drag racing was in its infancy The sport made incredible technological advancements in the 1960s and that technology was streamlined and refined with a sense of professionalism in the 1970s It became more difficult for a local homebuilt shoestring budget team to compete at the national level These teams were priced out of the top classes by larger teams that had more sponsorship money So the low budget teams dropped to less expensive classes or simply sold their gear and stopped competing However drag racing in the 1970s was fascinating in its own right There was still a significant amount of development as well as new classes to celebrate Funny Cars morphed from altered wheelbase doorslammers in the early 1960s to full blown tube chassis flip top fiberglass bodied beasts by 1970 This led to the creation of the Pro Stock class which was a popular child of the 1970s with its rivalries and connections to the Detroit manufacturers In the interest of safety Top Fuel cars became mid engine beasts and they turned out to be faster as well By the end of the decade Funny Cars nearly became full bodied versions of the Top Fuel cars Many of these developments are still evident in NHRA racing today In *Drag Racing in the 1970s* veteran racing author Doug Boyce takes you chronologically through the entire exciting decade covering the cars the classes and the future hall of fame drivers who raced them The transition to professionalism the big money sponsors the many sanctioning bodies the rivalries and even the lower classes such as Modified Eliminator and Super Stock are chronicled in this illustrated tribute Add a copy to your drag racing library today

Match Race Mayhem Doug Boyce, 2017-06-15 Drag racing is a very regulated sport In the history of the NHRA IHRA and other sanctioning bodies many classes existed in an effort to make sure the cars racing against each other are as equal as possible It is a noble if not futile pursuit You have two cars facing off that have very similar statistics in terms of weight transmission type fuel type estimated horsepower and all other sorts of measurables The byproduct is that often the races that were fair were not the races that the fans wanted to see During the golden age of drag racing fans didn't care as much about class racing as much as they wanted to see scores settled rivalries battled and interesting match ups There were the manufacturer rivalries Ford versus Chevy Chevy versus Mopar Mopar versus Ford as well as numerous driver rivalries Match races were also a great way to feature wildly popular cars that no longer had a class in which to compete yet the fans still wanted to see them So popular and intense were these races that many track promoters didn't bother to promote class racing at all Instead they used the

match races as headliners similar to the marquee at your local arena or a billboard in Las Vegas all resulting in putting more fans in the stands And the drivers loved it too Although the prize money for national events was fairly average for the day the extra appearance fees and prize money to lure the most popular match racers to events increased the driver s take exponentially Many of the most popular pro drivers quit class racing altogether just to go match racing Veteran drag race author Doug Boyce tells the tale of the history of match racing through the cars the drivers the events the classes the rivalries and everything else that was fun about match racing during the golden era It s all here complemented by wonderful vintage photography provided by fans and professionals in attendance If you are a fan of any class of drag racing from any era Match Race Mayhem is a fun addition to your racing library p p1 margin 0 0px 0 0px 0 0px 0 0px font 12 0px Arial

Lost Drag Strips II Scotty Gosson,2016-04-15 Fresh on the heels of the best selling book Lost Drag Strips comes a new look at other long lost and forgotten drag racing facilities from the 1950s 1960s and 1970s In the first volume the author examined the birth of drag racing and its subsequent popularity that invaded every city and community across America Unfortunately after the initial explosion of popularity it waned and various drag strips closed for a myriad of reasons Financial pressure for the real estate they occupied suburban sprawl and waning participation were all reasons for the change in fortunes for the small and even not so small racetracks The first volume was great but readers demanded more Lost Drag Strips II picks up where the first volume left off covering even more tracks with archival photos of racing in the tracks heyday the cars that ran there and coverage of the tracks as they exist today This volume also includes some of the tracks that survived those that fought off the economic demons and the urban sprawl and continue to run today Tracks in this volume include Fort Wainwright Racing Lions Motorsports Park Avenue G Drag Strip Fremont Baylands Drag Strip San Fernando Drag Strip Fontana Drag City Inyokern Drag Strip Kahuku Air Strip Las Vegas Speedrome Continental Divide Raceways SRCA Drag Strip Southwest Raceway Willow Run Raceway Minnesota Dragways KCTA Drag Strip Detroit Dragway Niagara Airport Dragstrip New York National Speedway York US 30 Drag O Way South Mountain Raceway La Place Dragway Yellow River Drag Strip Thunderbolt Dragway and more Chevy Drag Racing 1955-1980: A Celebration of Bowtie's

Success at the Drag Strip Doug Boyce,2020-03-15 Relive the glorious first 25 years of Chevy drag racing in this comprehensive and nostalgic history With the introduction of Chevy s OHV V 8 in 1955 the brand s domination on the drag strip immediately snowballed Drag racers loved the compact V 8 It was lightweight revved high and responded like no other engine previously produced to modification Chevy saw a record year in sales in 1955 thanks to a combination of a restyled body and the new mill It was the age of ingenuity and those who could get their hands on the new engine were swapping it into engine bays that once housed other weaker mills Ford s flathead one that had dominated for so long was rendered obsolete almost overnight Chevy had a winner and dominated the sales charts for years to come Aftermarket manufacturers got on board and offered up all the go fast goodies needed to make Chevy a winner no matter what category they ran From

Dragsters to Stock Chevy's success was immediate And it was a long term success thanks to a combination of years of great styling and a vast array of driveline combinations Accomplished racing author Dour Boyce takes a celebratory look at those years of success with a focus on the first 25 years 1955 through 1980 Chevrolets gave rise to such stars as Bill Grumpy Jenkins Jungle Jim Liberman Sneaky Pete Robinson Dyno Don Nicholson Sox Martin Dick Harrell Dave Strickler and many more World champs and fan favorites all drove Chevys The success showed in the record books No brand has won more races and events or has set more national records than Chevrolet And unlike the other manufacturers Ford and Chrysler it was done with little to no factory support Whether you are a hardcore Chevy fan or just love catching up on the history of drag racing during the golden age this nostalgic look at Chevy racing history is sure to entertain for hours on end **Road and Track**, 2005 **1001 Steve McQueen Facts: The Rides, Roles and Realities of the King of Cool** Tyler
