Fontographer: Practical Font Design for Graphic Designers David Bergsland, 2011-10-29 Why do you want to use Fontographer For the fun of it When I received the opportunity to go back to my roots and see what the new Fontographer was like I was a little concerned I had just spent nine years painfully teaching myself to letterspace by hand to write OpenType features and to become accustomed to the tool set of FontLab Don't get me wrong FontLab is a great program There are still a few features of FontLab that as a professional font designer I cannot do without But I was taken by surprise Fontographer brought the fun back It is still the same marvelous program with which I first learned to design fonts The drawing interface is still clean clear and elegant It still works the way I have learned to work over the past two decades of digital graphic design I found pleasure in drawing again Fontographer is a wonderful drawing experience It has been a real joy to experience that again After nearly a decade in FontLab font design is fun again [Library of Congress Subject Headings](#) Library of Congress, Library of Congress. Subject Cataloging Division, Library of Congress. Office for Subject Cataloging Policy, 2013 *Architectural Study Drawings* Daniel M. Herbert, 1993-06-15 Study drawings play a key role in the exploration and development of architecture in the early stages of design Yet these principal tools for graphic thinking have been largely taken for granted in the design professions This guide brings study drawings into the foreground by analyzing actual drawings used by architects past and present Architectural Study Drawings is the first source to provide a basis for understanding the primary means of graphic thinking used in the creation of these drawings It also explains versatile applications of these drawings in architectural practice teaching and research Evaluations of more than 80 drawings and diagrams demonstrate how study drawings are active participants in rather than passive records of the designer's graphic thinking The author probes characteristics and properties of study drawings in addition to how graphic and cognitive processes combine to guide design decision making Drawings of great past architects ranging from Leonardo da Vinci and Le Corbusier to Carlo Scarpa are analyzed Excerpts are included from recent interviews with five contemporary architects Joseph Esherick Helmut Jahn Robert Stern Stanley Tigerman and Peter Eisenman Readers will learn from these masters how to enhance the value of study drawings in various design situations Throughout the author clarifies how theoretical aspects

of study drawings relate to actual design practice Detailed chapters discuss key topics such as The theoretical structure of study drawings Applications for handmade drawings How to make better use of current computer aided design CAD systems Examples of drafting room dialogue in practice that help improve design working processes Architectural Study Drawings offers valuable insights that can be applied on the drawing board in the school and office in teaching of both media and design and in research and development for CAD systems
