Dream With Your Eyes Open:

Dream with Your Eyes Open S.G. Cao, 2019-02-19 In most cases the higher something costs the more value and importance people put on an item like a house a car a computer a cell phone or in this case a book If I were the one to determine the sales price of my book I would sell it for at least 85 to 110 to limit the number of people from reading my book The reason is that people mostly likely will value an expensive book more than a book that is less than 25 Unfortunately I am not in the position to decide the selling price of my book To be honest I actually don't need too many people to read my book so that it is not saturated and people who read my book will appreciate the knowledge that they receive from my book Regardless whether people value the importance of my book or not as far as I am concerned the knowledge that I have written down is the backbone and the essence of my well being today I would not have the strength or stamina to write this book without the knowledge that I have It enables me to go on with my life I am more energetic and more productive now than I was before I want to see people live a life full of vitality and energy Did you ever find yourself lacking the drive strength and stamina to continue your day in the past Do you want to get the fire energy power and enjoyment back in your life If you do you have come to the right place You have the energy and the potential in you You just don't know it yet Once you receive the knowledge you will know it for the rest of your life *Dreaming with Your Eyes Wide Open*, *The Initiation* Elena Monroe, ABIGAIL LA wasn't home just home for now Transplanted here to model I learned Hollywood isn't where dreams survive the harsh reality of millions all sharing that same dream Executive assistant is who I am now Slave Hollywood's darling took a liking to me One not easily ignored when they give you a taste of the high life I was supposed to give up hope and give in to LA's bad reputation but I had rules Well just one read the rules before you break them Unwilling to abandon all my morals the filter came off my life to see the world I was one foot in was invitation only GRIMM I'm not sure I was ever really Jason Whoever he was was a distant memory now Grimm is who I am now Death I abandoned my birth name companionship happiness that wasn't shaped like Xanax all because I was expected to be the kind of elite that pulls the strings Pull the strings but follow the rules No distractions No serious relationships Keep what we do secret Born into a rite I didn't ask for a society of puppeteers An invitation I marked not attending *Dreaming with Your Eyes Wide Open* Eleanor Newhouse Graves, 2022-10-21 **The Heart of the Shaman** Alberto Villoldo, 2018 The Heart of the Shaman will take you on a journey into the sacred world of the shaman through stories dreams and ancient rites In his latest book Alberto Villoldo sets his focus on the dreaming and time travel practices of the medicine men and women of the Andes and Amazon whose wisdom radically changed his worldview Villoldo shares some of their time honored teachings that emphasize the sacred dream an ephemeral yet powerful vision that has the potential to guide us to our purpose and show us our place in the universe The practices in this book will help you forge a sacred dream for yourself They will help you craft a destiny infused with courage and driven by vision You'll be invited to follow the footsteps of the luminous warrior and learn how to break out

of the three nightmares surrounding love death and safety that have held you captive and transform them into the experience of timeless freedom known as the Primordial Light This creative power exercised by shamans will lead you to create beauty and healing and dream a new world into being When you transform these dreams and accept that life is ever changing that your mortality is a given and that no one except you can free you from fear the chaos in your life turns to order and beauty prevails Wake up from the slumber you are living in and dream with your eyes open so that all the possibilities of the future are available to you
