Encyclopedia of Modern Ethnic Conflicts [2 volumes] Joseph R. Rudolph Jr., 2015-12-07 This reference helps students understand the major ethnic conflicts that dominate the headlines and shape the modern world

Ethnic Conflict Jerry Boucher, Dan Landis, Karen A. Clark, 1987 The main focus of this book is on conflict between those ethnic groups which are not organized as nation states The authors identify the fundamental issues in a cross section of group conflicts and provide a theoretical and conceptual analysis of these controversies By focusing on ethnic conflict they are able to indicate crucial variables which are relevant to the understanding of superpower or minipower rivalry and violence International Perspectives on Ethnic Conflict opens with an overview of conflict models and concludes with a summary and comparison of international conflicts with an eye to the political economic and social solutions which will minimize their occurrence and the possibility of social catastrophe

Understanding Ethnic Conflict Ray Taras, Rajat Ganguly, 2002 The completely updated new edition of this groundbreaking text provides students with a clear analytical framework for understanding ethnic conflicts and how they affect international relations This text surveys theories of nationalism and ethnic conflict and tests their applicability to a number of contemporary cases the more confident nationalism of Putin's Russia the intensification of ethnic war in Sri Lanka and the struggle to change the face of nationalism in the former Yugoslavia to name just a few After a look at the sources of nationalist conflict in a country each case study then asks how the international system reacted Taken as a whole the book examines how successful the international system has been in managing the many ethnic conflicts that erupted after the Cold War The conclusion of the new edition focuses on the dilemma facing U S foreign policy makers as the Bush administration begins whether and where to intervene to combat ultra nationalism and promote liberal internationalism

Encyclopedia of the Stateless Nations James Minahan, 2002

Encyclopedia of Race and Ethnic Studies Ellis Cashmore, 2004-03-01 Developed from the critically acclaimed and commercially successful Dictionary of Race and Ethnic Relations now in its fourth edition Encyclopedia of Race and Ethnic Studies has been assembled by a world class team of international scholars led by Ellis Cashmore to provide an authoritative single volume reference work on all aspects of race and ethnic studies From Aboriginal Australians to xenophobia Nelson Mandela to Richard Wagner sexuality to racial profiling the Encyclopedia is organized alphabetically and reflects cultural diversity in a global context The entries range from succinct 400 word definitions to in depth 2000 word essays to provide comprehensive coverage of all the key terms concepts and debates important figures both historical and contemporary landmark cases historical events Although unafraid to engage with

cutting edge theory the Encyclopedia is uncluttered by jargon and has been written in a lucid facts fronted style to offer an accessible introduction to race and ethnic studies The Encyclopedia is also fully cross referenced and thoroughly indexed with most entries followed by annotated up to date suggestions for further reading to guide the user to the key sources It is destined to become an essential resource for scholars and students of race and ethnic studies as well as a handy reference for journalists and others working in the field

Encyclopedia of Stateless Nations James B. Minahan, 2016-08-01 This book addresses the numerous national movements of ethnic groups around the world seeking independence more self rule or autonomy movements that have proliferated exponentially in the 21st century In the last 15 years globalization religious radicalization economic changes endangered cultures and languages cultural suppression racial tensions and many other factors have stimulated the emergence of autonomy and independence movements in every corner of the world even in areas formerly considered immune to self government demands such as South America Researching the numerous ethnic groups seeking autonomy or independence worldwide previously required referencing many specialized publications This book makes this difficult to find information available in a single volume presented in a simple format accessible to everyone from high school readers to scholars in advanced studies programs The book provides an extensive update to Greenwood's Encyclopedia of the Stateless Nations Ethnic and National Groups around the World that was published more than a decade earlier Each ethnic group receives an alphabetically organized entry containing information such as alternate names population figures flag or flags geography history culture and languages All the information readers need to understand the motivating factors behind each movement and the current situation of each ethnic group is presented in a compact summary Fact boxes at the beginning of each entry enable students to quickly access key information and consistent entry structure makes for easy cross cultural comparisons

The territorial management of ethnic conflict, 2003 **An Introduction to Ethnic Conflict** Milton J. Esman, 2004-09-03 Written by one of the world's leading scholars in the field this book provides an excellent introduction to ethnic conflict in the contemporary world In ten concise chapters Milton Esman explores the origins of ethnic pluralism and analyses the causes and manifestations of conflicts both peaceful and violent involving ethnic communities across the globe He discusses the role of outsider governments diasporas international agencies and non government organizations in provoking and managing ethnic conflicts and appraises methods which have proven effective for their peaceful resolution The book concludes with a look at the future of ethnic conflict and argues for the need to regulate such conflicts in an increasingly interdependent world Enriched by a plethora of apt examples drawn from all continents with end of chapter summaries and a glossary of key terms this textbook is essential reading for all students of politics international relations and political sociology

Understanding Ethnic Conflict Raymond Taras, 2017-08-21 Understanding Ethnic Conflict provides all the key concepts needed to understand conflict among ethnic groups Including approaches from both comparative politics and international relations this text offers a model of ethnic conflict's

internationalization by showing how domestic and international actors influence a country's ethnic and sectarian divisions. Illustrating this model in five original case studies, the unique combination of theory and application in *Understanding Ethnic Conflict* facilitates more critical analysis of contemporary ethnic conflicts and the world's response to them.

Understanding Ethnic Conflict Raymond Taras, 2015-08-07 *Understanding Ethnic Conflict* provides all the key concepts needed to understand conflict among ethnic groups. Including approaches from both comparative politics and international relations, this text offers a model of ethnic conflict's internationalization by showing how domestic and international actors influence a country's ethnic and sectarian divisions. Illustrating this model in five original case studies, the unique combination of theory and application in *Understanding Ethnic Conflict* facilitates more critical analysis of contemporary ethnic conflicts and the world's response to them. *Encyclopedia of the Stateless Nations* James Minahan, 2002 Divided Europeans: Understanding Ethnicities in Conflict Tim Allen, John Eade, 2023-09-20 This book critiques the concepts of cultural functionalism and biologised ethnicity. The chapters examine ethnicities in conflict across Europe and have been selected on the grounds that they not only provide a rich ethnographic account of overt ethnic conflict or racial violence but also relate these local situations to wider processes. The contributors do not put forward a single homogeneous point of view but they all assume perspectives that are opposed to the prevalent simplistic primordialism of most media coverage and political analysis. Most of the contributors are anthropologists and have presented drafts of their chapters at a series of meetings organised by a network called the Forum Against Violence. Many of the articles have appeared previously in the *International Journal on Minority and Group Rights* Volume 4. This book should be of interest to academics and practitioners in the fields of human rights, anthropology and related topics. Routledge Handbook of Ethnic Conflict, 2010-10-18 A definitive global survey of the interaction of race, ethnicity, nationalism and politics, this handbook blends theoretically grounded, rigorous analysis with empirical illustrations to provide a state-of-the-art overview of the contemporary debates on one of the most pervasive international security challenges today. The contributors to this volume offer a 360-degree perspective on ethnic conflict from the theoretical foundations of nationalism and ethnicity to the causes and consequences of ethnic conflict and to the various strategies adopted in response to it. Without privileging any specific explanation of why ethnic conflict happens at a specific place and time or why attempts at preventing or settling it might fail or succeed, the *Routledge Handbook of Ethnic Conflict* enables readers to gain better insights into such defining moments in post-Cold War international history as the disintegrations of the Soviet Union and Yugoslavia and their respective consequences and the genocide in Rwanda as well as the relative success of conflict settlement efforts in Northern Ireland, Macedonia and Aceh. By contributing to understanding the varied and multiple causes of ethnic conflicts and to learning from the successes and failures of its prevention and settlement, the Handbook makes a powerful case that ethnic conflicts are neither unavoidable nor unresolvable but rather that they require careful analysis and thoughtful and measured responses.
