The End Times Kurt B. Bakley, 2016-01-20 In this book we will read the ancient prophecies for the next 1000 years and beyond It quite different then any other works on this subject but I feel this is the correct one I could be wrong We will read the dates and time periods of Daniel and Revelation all the Bible Nostradamus and ancient Egyptian art to see what will happen and when All prophecies in all books will be fulfilled if true during this time span Se read on and see your future Be sure to read my other books entitled Predictions for 2015 Revised Edition The Experiment at Philadelphia Revised Edition End Time Signs II and The End Times Prophecies dont always happen the way we think they will and many times give more than one date event and time Some preachers call this secondary fulfillment For the prophecies of this book to come true the events of September 24 28 and or October 15 17 December 31 29 24 25 14 7 November 10 11 22 2016 or 2017 must come to pass or else another type of future will happen I explain this in this book and document how other books predicts four or five possible futures and from four or five one will come true as Isaac Newton and a woman in a life after death experience predicted She said when she was dead she saw four or five futures unfold before her She came back to life and forgot about them and one day in her kitchen she notice it was the exact copy of one of her futures she saw long ago when she was dead One comes true out of four or five If the people remain sinning the good prophecy could fail This book was finished on December 14 2015 leave in [Committee Prints](#) United States. Timeslite and Timestrash Writing as a skeptical outsider and devoted lifelong reader Schwarz concludes that the Times is the worst newspaper in the world except for all the others Endtimes is a must read for Times readers as well as anyone interested in the radical change in print and broadcast media in the rapidly evolving Internet Age A balanced grappling with big issues and tumultuous changes in journalism and at The Times between 1999 and 2009 CHOICE Fascinating Schwarz raises many questions about the future of printed newspapers and about how Americans will stay informed about news Charleston Gazette Mail Endtimes is a product of brain and heart passion for its subject yes but also clear eyed critique of that subject s strengths and weaknesses Huntsville Times Schwarz is diligent in his research and his interviews He puts the Times on the couch and gives us a very thorough psychoanalysis Washington Independent Review of Books Struggling to maintain its journalistic preeminence in a world of accelerating change the New York Times has often stumbled but not yet fallen Scrupulously researched judiciously argued and accessibly written Endtimes provides a sympathetically critical account of the Times s strengths and weaknesses as it responds to the economic technological cultural and political challenges of our day No one alarmed by the threatened survival of quality journalism can afford to ignore this trenchant book Martin Jay author of The Virtues of Mendacity On Lying in Politics Daniel Schwarz s lucid well researched and passionate book reminded me of the saying that the best criticism comes from admirers who are willing to tell us our faults Benefiting from his own extensive interviews with key players in the Times s story including Max Frankel Arthur Sulzberger Jr and Howell Raines Schwarz offers a complex judicious history of a prominent American cultural institution as it responds to a period of crises and turmoil in print journalism Pulling no punches Schwarz laments the current version of the paper s fluff lack of gatekeeping and news judgment and failure to stand up to government At the same time he appreciates how the Times remains after more than a century a preeminent source of information This is a lover s quarrel at its best Daniel Morris Purdue University Dan Schwarz is a knowing reader and a master teacher Endtimes shows that he is a great student of journalism as well He takes us on a roller coaster ride from the era of the New York Times s cultural ascendancy to the current financial crisis over its very existence And he looks into the Times s future too Everyone who cares about the news in America should read this book Barry Strauss author of The Spartacus War Dan Schwarz writes with terrific energy about an important subject the threat posed by today s flood of information to the integrity and even the existence of what is arguably the world s most influential newspaper Not every reader will agree with his criticisms of the paper s leadership or his prescriptions for its survival But every reader will be deeply informed and sharply challenged by his well documented narrative and his provocative argument Steven Knapp The George Washington University Stage Manager Larry Fazio,2017-01-12 Stage Manager the Professional Experience Refreshed takes the reader through all aspects of the craft of stage management in theatre from prompt books and technology to relationships and people management Using interviews with other professional stage managers the author provides a practical experience based guide for students and aspiring
