**The Second Mountain** David Brooks, 2019-04-16 1 NEW YORK TIMES BESTSELLER Everybody tells you to live for a cause larger than yourself but how exactly do you do it The author of The Road to Character explores what it takes to lead a meaningful life in a self centered world Deeply moving frequently eloquent and extraordinarily incisive The Washington Post Every so often you meet people who radiate joy who seem to know why they were put on this earth who glow with a kind of inner light Life for these people has often followed what we might think of as a two mountain shape They get out of school they start a career and they begin climbing the mountain they thought they were meant to climb Their goals on this first mountain are the ones our culture endorses to be a success to make your mark to experience personal happiness But when they get to the top of that mountain something happens They look around and find the view unsatisfying They realize This wasn't my mountain after all There's another bigger mountain out there that is actually my mountain And so they embark on a new journey On the second mountain life moves from self centered to other centered They want the things that are truly worth wanting not the things other people tell them to want They embrace a life of interdependence not independence They surrender to a life of commitment In The Second Mountain David Brooks explores the four commitments that define a life of meaning and purpose to a spouse and family to a vocation to a philosophy or faith and to a community Our personal fulfillment depends on how well we choose and execute these commitments Brooks looks at a range of people who have lived joyous committed lives and who have embraced the necessity and beauty of dependence He gathers their wisdom on how to choose a partner how to pick a vocation how to live out a philosophy and how we can begin to integrate our commitments into one overriding purpose In short this book is meant to help us all lead more meaningful lives But it's also a provocative social commentary We live in a society Brooks argues that celebrates freedom that tells us to

be true to ourselves at the expense of surrendering to a cause rooting ourselves in a neighborhood binding ourselves to others by social solidarity and love We have taken individualism to the extreme and in the process we have torn the social fabric in a thousand different ways The path to repair is through making deeper commitments In *The Second Mountain* Brooks shows what can happen when we put commitment making at the center of our lives **Living Beyond Nightfall**

Troy Buckner, 2015-10-05 *Living Beyond Nightfall* Troy Buckner's real life journey to wholeness The world is about to read a true story filled with pain disappointment and one woman's emotional fight for her life and that of her four wonderful sons Buckner's story will take you to the very depths of despair and show you peace beyond understanding It will reveal how her belief in the betterment of her community and love for her culture left her struggling to survive through a felonious alleged embezzlement charge which left her determine to put the fragments of her life back together again Buckner's desire for penning this book is to ensure that the world never forgets the mayhem committed within our own communities by people who claimed their undying love for us Buckner is force to cling to the most powerful vestige of her childhood the wisdom she had been endowed with by her father and her southern community She was raised by a compassionate father who instilled greatness in her life by examples of his own broken struggles of growing up in the Deep South during slavery Someone once said home isn't just a place where you live it's a state of the heart However growing up in the Deep South meant so much more for Buckner Lake Providence may have held a very small place on the map but it held a bigger place in her heart and soul something that she have connected to her entire life Her community believed in hard work and integrity most of all having the courage not to give up not to quit She was encouraged by her community to pursue an education during a time when no one cared enough to see that black youths had a professional career On Buckner's fifteenth birthday her father arranged for her to fly to Las Vegas to visit her mom for the first time in eight years Later that same year her father roused with a vision to start a general contractors and plumbing business despite the fact that he couldn't read or write nor could he add or subtract Recognizing his limitations he never minimized the importance of education Her father instilled in her the value of education and that the mind was too valuable to waste by introducing her to the business world at an early age He inspired her to see that the greatest equalizer is indoctrinating one's mind with wisdom and knowledge recognizing that ignorance is the only bridge that separates us He taught her to set realistic goals and then work harder than anyone else to experience success as a result of her hard work He asked her to teach him how to read and write This moment she would cherish for a lifetime Buckner was elated to see her father signing his checks and reading his first book even though it was on a first grade level at the age of 50 Buckner had kept a diary since she was eight years old and eventually acquired a passion for writing It provided a natural outlet to help her find that perfect peace in the things that she could not understand nor change She felt somehow God was preparing her for an unknown journey Buckner and her family went through five of the most implausible years of their life orphaned penniless and nearly homeless Buckner unwavering perseverance forced a

victorious triumph in her matter of the heart that was swept up in the chaos of deception lies and cruel intentions For over five years the Institution and CPA Firm attempted to strip her of every shred of her dignity character and integrity In a climate of systematic abuse where ignorance is power and justification for wrongdoing Buckner fights for her improbable survival Buckner s story will give you hope and it will confirm the power of faith Her story will take you through many levels of brokenness gleaned from her journey will lift you up and help you not only survive but transcend suffering injustice and loss Displaying her extraordinary strength and endurance *Living Beyond Nightfall* is a brilliant display of individual resilience
