describe their attempts to remake schooling in ways that bring hope and dignity to their participants *Handbook of Research on Assessment Practices and Pedagogical Models for Immigrant Students* Keengwe, Jared, Onchwari, Grace, 2019-06-14 Standardized tests have been selected as a key assessment factor in expanding the academic achievement of the national student population. However, these tests position immigrant students at the risk of academic failure, leading education experts to search for new strategies and teaching models. The *Handbook of Research on Assessment Practices and Pedagogical Models for Immigrant Students* is a critical research publication that focuses on research-based pedagogical practices for teaching immigrant students. Edited by a prominent IGI Global editor, this book examines the latest professional development models and assessment practices of English learners (ELs). Covering essential topics such as second language acquisition, SLA, classroom management, teacher education, refugee resettlement programs, and more, this publication is a valuable resource for academicians, professionals, researchers, administrators, faculty, and classroom teachers, as the social and academic needs of English language learners continue to present a challenge for many schools and teachers. *Today's Guide to Educational Policy* Joel Spring, 2021-04-12 In his latest book, Joel Spring covers major political, economic, and social issues affecting US and global education policy today. Crafted to evoke classroom discussion, this book explores contemporary issues such as the pandemic, institutional racism, religious controversies, nationalism, and immigration. Increased reliance on online instruction, climate change, economics of education, and the deep state in education are given students the opportunity to engage in critical thinking and explore the growing sense that US and global education is in distress and in need of fundamental transformation. This book forces readers to examine their own values and how they might apply this thinking to their own education policy and practice.
