Crandall, 2016-05-23 El Salvador's civil war between the Salvadoran government and Marxist guerrillas erupted into full force in early 1981 and endured for eleven bloody years Unwilling to tolerate an advance of Soviet and Cuban backed communism in its geopolitical backyard the US provided over six billion dollars in military and economic aid to the Salvadoran government El Salvador was a deeply controversial issue in American society and divided Congress and the public into left and right Relying on thousands of archival documents as well as interviews with participants on both sides of the war The Salvador Option offers a thorough and fair minded interpretation of the available evidence If success is defined narrowly there is little question that the Salvador Option achieved its Cold War strategic objectives of checking communism Much more difficult however is to determine what human price this success entailed a toll suffered almost entirely by Salvadorans in this brutal civil war Experiments with Marxism-Leninism in Cold War Southeast Asia Matthew

Galway, Marc H. Oppen, 2022-09-21 One of the most contentious theatres of the global conflict between capitalism and communism was Southeast Asia From the 1920s until the end of the Cold War the region was racked by international and internal wars that claimed the lives of millions and fundamentally altered societies in the region for generations Most of the 11 countries that compose Southeast Asia were host to the development of sizable communist parties that actively and sometimes violently contested for political power These parties were the object of fierce repression by European colonial powers post independence governments and the United States Southeast Asia communist parties were also the object of a great deal of analysis both during and after these conflicts This book brings together a host of expert scholars many of whom are either Southeast Asia based or from the countries under analysis to present the most expansive and comprehensive study to date on ideological and practical experiments with Marxism Leninism in Southeast Asia The bulk of this edited volume presents the contents of these revolutionary ideologies on their own terms and their transformations in praxis by using primary source materials that are free of the preconceptions and distortions of counterinsurgent narratives A unifying strength of this work is its focus on using primary sources in the original languages of the insurgents themselves *Empire of Fear* Andrew Hosken, 2015-12-03 Tourists killed in Tunisia Jihadi John targeted by drone strikes carnage in Paris and
