upsurge of interest in religion and religious issues Some have linked this to a neo liberal form of individualism while others
noted that secularism has left people bereft of a humanly necessary link with the transcendent The importance of identity
issues has also been remarked upon This book examines how liberal forms of religion are allowing people to engage with
religion on their own terms while also feeling part of something more universal Looking at liberal approaches to the
Abrahamic faiths Judaism Protestant and Roman Catholic Christianity and Islam this book teases out how postmodern culture
has shaped the way in which people engage with these religions It also compares and contrasts how liberal thinking and
theology have been expressed in each of the faiths examined as well as the reactionary responses to its emergence By
considering how liberalism has influenced the narrative around the Abrahamic faiths this book demonstrates how malleable
faith and spirituality can be As such it will be of interest to scholars working in Religious Studies Theology Sociology and
