Ender In Exile The Ender Quintet:

Ender in Exile Orson Scott Card, 2008-11-11 After twenty three years Orson Scott Card returns to his acclaimed best selling series with the first true direct sequel to the classic *Ender's Game*. In *Ender's Game* the world's most gifted children were taken from their families and sent to an elite training school. At Battle School they learned combat strategy and secret intelligence to fight a dangerous war on behalf of those left on Earth. But they also learned some important and less definable lessons about life. After the life changing events of those years these children now teenagers must leave the school and readapt to life in the outside world. Having not seen their families or interacted with other people for years where do they go now? What can they do? Ender fought for humanity but he is now reviled as a ruthless assassin. No longer allowed to live on Earth he enters into exile. With his sister Valentine he chooses to leave the only home he's ever known to begin a relativistic and revelatory journey beyond the stars. What happened during the years between *Ender's Game* and *Speaker for the Dead*? What did Ender go through from the ages of 12 through 35? The story of those years has never been told. Taking place 3000 years before Ender finally receives his chance at redemption in *Speaker for the Dead* this is the long lost story of Ender. For twenty three years millions of readers have wondered and now they will receive the answers. *Ender in Exile* is Orson Scott Card's moving return to all the action and the adventure the profound exploration of war and society and the characters one never forgot. On one of these ships there is a baby that just may share the same special gifts as Ender's old friend Bean.

First Meetings Orson Scott Card, 2004-09-01 Welcome to the Enderverse. When *Ender's Game* was first published as a novella twenty five years ago few would have predicted that it would become one of the most successful ventures in publishing history. Expanded into a novel in 1985 *Ender's Game* won both the Hugo Award and the Nebula Award for Best Novel. Never out of print and translated into dozens of languages it is the rare work of fiction that can truly be said to have transcended a genre. *Ender's Game* and its sequels have won dozens of prestigious awards and are as popular today among teens and young readers as adults. *First Meetings* is a collection of three novellas plus the original *Ender's Game* that journey into the origins and the destiny of one Ender Wiggin. *The Polish Boy* begins in the wake between the first two *Bugger Wars* when the Hegemony is desperate to recruit brilliant military commanders to repel the alien invasion. In John Paul Wiggin the future father of Ender they believe they may have found their man. Or boy. In *Teacher's Pest* a novella written especially for this collection a brilliant but insufferably arrogant John Paul Wiggin now an American university student matches wits with an equally brilliant graduate student.
