Hassell,Sigrid MacRae,Simone Ameskamp,2008-04-15 Alliance of Enemies tells the thrilling history of the secret World War
II relationship between Nazi Germany s espionage service the Abwehr and the American OSS predecessor of the CIA By
mining secret WWII files only recently declassified personal interviews diaries and previously unpublished accounts to
unearth some of history s surprises authors von Hassell and MacRae shed new light on Franklin Roosevelt s surprising stance
toward Hitler before the United States entered the war and on the relationship of American business to the Third Reich They
offer vivid details on the German resistance s desperate efforts first to avert war and then to make common cause with
enemy representatives to end it And their work details the scope and depth of German resistance and its many plots to
eliminate Hitler and why they failed Alliance of Enemies fills a huge void in our knowledge of the hidden layered warfare and
the attempts for peace of World War II Nowhere has such a complete and provocative history of the wars behind WWII been
told until now **Cicero's De Provinciis Consularibus Oratio** Luca Grillo,2015-02-17 Perhaps no other single Roman
speech exemplifies the connection between oratory politics and imperialism better than Cicero s De Provinciis Consularibus
pronounced to the senate in 56 BC Cicero puts his talents at the service of the powerful triumviri Caesar Crassus and
Pompey whose aims he advances by appealing to the senators imperialistic and chauvinistic ideology This oration then yields
precious insights into several areas of late republican life international relations between Rome and the provinces Gaul
Macedonia and Judaea the senators view on governors publicani tax farmers and foreigners the dirty mechanics of high
politics in the 50s driven by lust for domination and money and Cicero s own role in that political choreography This speech
also exemplifies the exceptional range of Cicero s oratory the invective against Piso and Gabinius calls for biting irony the
praise of Caesar displays high rhetoric the rejection of other senators recommendations is a tour de force of logical and
sophisticated argument and Cicero s justification for his own conduct is embedded in the self fashioning narrative which is
typical of his post reditum speeches This new commentary includes an updated introduction which provides the readers with
a historical rhetorical and stylistic background to appreciate the complexities of Cicero s oration as well as indexes and maps
