Forrest C. Pogue

Churchill Roosevelt Stalin Sought Princeton Legacy Library:

Churchill-Roosevelt-Stalin Herbert Feis, 2015-12-08 This is the story of the great coalition formed by the United States Great Britain and Soviet Russia to combat the Axis in World War II Mr Feis traces the ideas and purposes that governed each member of this alliance and the gradual separation between the West and Russia as victory over Germany was achieved While adding new information and new interpretation Mr Feis comprehends this one war and three wills as a whole relating diplomacy and strategy to each other against the background of circumstance The acts and characteristics of the dominating figures Churchill Roosevelt Stalin emerge in new historical perspective as the story tells what they did and why The narrative begins early in 1941 as the coalition is emerging and ends after the collapse of Germany in 1945 Among the elements are the early grasping of the Soviet government for territorial claims the continuous discussion over strategy the dramatic difficulties with the Soviet authorities over control of Italy Poland and Rumania the variations in the plans for Germany including dismemberment the Casablanca Moscow Cairo Teheran and Yalta conferences the spreading disquiet over Soviet intentions in Europe and the Far East Originally published in 1966 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **George C. Marshall:**

Ordeal and Hope, 1939-1942 Forrest C. Pogue, 2020-05-26 Covering the period between George C Marshall becoming Chief of Staff in September 1939 and the first military successes in 1942 Guadalcanal El Alamein Northwest Africa this volume describes how Marshall built up an army and air corps of fewer than 200 000 in 1939 with key players such as Harry Hopkins FDR's confidant Secretary of the Treasury Henry Morgenthau Secretary of War Henry Stimson President Roosevelt and Congress This work on Marshall continues to be the fine scholarly product that one expects from its author C P Stacey International Journal Dr Pogue has written a splendid account of the army high command in World War II It makes an important contribution to the history of our times and complements previously published memoirs and official histories The military specialist will be impressed by the systematic coverage Dr Pogue gives to the way in which Marshall used his staff and managed the war General readers will be fascinated by the new information provided about the characters and wartime actions of such leaders as Roosevelt Churchill MacArthur and Eisenhower This is a thoroughly satisfying book and a splendid companion to the first volume H A De Weerd The Virginia Quarterly Review The United States Sir John Dill told General Brooke has not repeat not the slightest conception of what the war means and their armed forces are more unready for war than it is possible to imagine Mr Pogue has as his subject the movement of the country from such material and spiritual limitation to the landings in North Africa and as his special thesis the contribution of General George C Marshall in the

production of this remarkable transition What General Marshall did was to plan negotiate organize and above all decide Mr Pogue s narrative is lean clear and well controlled What so often he is dealing with in these pages is the resolution of endless conflicts of prejudice and interest His capacity to recognize and define the issues in debate to expose with clinical balance the motives and feelings of the debaters to weigh out honestly the merits and defects of the conclusions reached is impressive and a valuable aid to fuller understanding Mr Pogue succeeds as well in giving the reader a good feeling for the administrative situation in which General Marshall spent most of his time how policies were developed officers selected for special tasks decisions taken and all the rest of it A solidly constructed carefully developed book Elting E Morison The Journal of Southern History This second volume of Forrest Pogue s long awaited authorized biography of General George C Marshall has reached the period of Marshall s first three years as Chief of Staff when he initiated the vast expansion of the US Army for World War II Excellent footnotes and detailed appendixes interviews and bibliographical notes will ensure Pogue s Marshall a permanent place in US military history and biography Trumbull Higgins The American Historical Review

Diplomatic Realism Alfred L. Castle,1998-01-01 This book describes Castle s intellectual preparation for foreign service and his life long commitment to diplomatic realism in the making of foreign policy Castle s application of diplomatic realism is examined in his impact on U S Japan relations the Manchurian incident the London Naval Conference of 1930 the Republican Party s opposition to intervention in Asia and to Roosevelt s World War II foreign policy and the reconstruction of Japan after 1945 Special attention is paid to the strengths and weaknesses of diplomatic realism as a foreign policy position

The Julian Street Library Princeton University. Library. Julian Street Library,1966 A biography of the nineteenth century pioneer in the struggle for women s rights **American Attitudes Toward the Wartime Resistance in Yugoslavia, 1941-45** Connie Kovac Radovanović,1986 **The Junior College Library Collection** ,1970 **Books for Secondary School Libraries** National Association of Independent Schools. Library Committee,1971 **The Junior College Library Collection** Frank J. Bertalan,1968 Books for Secondary School Libraries National Association of Independent Schools,1976 **Great Documents of the World** Xaver Schnieper,1977 *Churchill, Roosevelt, Stalin* Herbert Feis,1967 America's Parallel Michael C. Sandusky,1983 **George C. Marshall** Forrest C. Pogue,1966

New York Times Saturday Review of Books and Art ,1970 **Books for Junior College Libraries** American Library Association,1969 The Origins of World War Two Robert Boyce,Joseph A. Maiolo,2017-03-14 No issue in modern history has been more intensively studied or subject to wider interpretation than the origins of the Second World War A conflict involving three arguably four major aggressor Powers operating simultaneously but largely separately on two continents inevitably raises complex theories and debates Each participating power has its own history and each one must take account of various influences upon the behaviour of its soldiers and statesmen His wide ranging collection of original essays each by an international expert in their field covers all aspects of the subject and highlights the controversy that

continues to characterise current thinking on the origins of the war Going beyond the usual Eurocentric approach Part I examines the roles of all seven of the Great Powers including Japan and the USA as well as the parts played by several of the lesser Powers such as Czechoslovakia Poland and China Part II contains chapters which explore key themes that cannot be fully understood within the context of any single country These themes include the role of ideology propaganda intelligence armaments economics diplomacy the neutral states peace movements and the social science approach to war Written in clear jargon free prose together these essays provide a comprehensive single volume text for students and teachers and are essential reading for all with an interest in the debates surrounding the causes of World War Two

Bulletin of the Atomic Scientists ,1975-12 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world
