Financial Management for Church Leaders and Executives Ado T. Noma, 2014-02-13 Church leaders and financial executives are saddled with the responsibility of broad range of decision making which have financial implications However many Church leaders and executives are not experts in financial management Understanding some basic issues and principles surrounding financial management and decisions is to appreciate the value of rationale thoughts This book is designed to show what to do about what is presented The reader is encouraged to respond to the teachings by sharing the knowledge and experience gained Mark 4:24 Hebrew 5:14 1John 2:5-6 James 2:17 **Financial Management for Episcopal Parishes** James B. Jordan, 2017-07-01 Designed to help parishes of all sizes establish good financial management processes and policies Experience shows that open and transparent churches engender a greater feeling of trust and willingness on the part of the donor The policies and processes in Financial Management for Episcopal Parishes which can be implemented by any size church allow clergy vestry and parishioners to establish and document procedures that enable a financially transparent organization The book defines the roles of the clergy staff vestry and congregation and outlines what needs to be done by them to design and implement a system of checks and balances for financial oversight and stewardship in order to protect donations and assets Throughout the book real life examples of processes and procedures that did not work and why make for enjoyable reading of an otherwise business like subject Every reader will recognize some of them in their own church life How to Lead a Church to Reach People and Grow Robert A. Young, 2009-05 This book presents a unique approach to church growth It is written mainly to help churches that are declining but will help all churches The underlying premise is that churches do not grow and reach new people because they do not know how or because they are so poorly structured and organized that they spend most of their time and efforts in conflict This disrupts the fellowship and leaves very little time and energy for reaching new people The subtitle could be Fifteen Essential Steps To Growth Basic

growth and administrative principles The combining of these areas makes this a unique book Young has brought together these basic elements from over 40 years of experience The book is a practical guide for a local church to follow to function efficiently and effectively and reach people for Christ When the steps are followed and in the proper order the church can pretty well be assured of growth and effective ministry Dr Robert A Young is currently President of Samuelite Corp Church Outreach and Consulting He served as Associate Pastor Administration of Walnut Street Baptist Church Louisville KY and Park Cities Baptist Church Dallas TX and President of the National Association of Church Business Administration He has conducted Total Church Consultations and Capital Fund Campaigns for churches of all sizes and denominations He is now available to serve churches as a consultant in these areas He is also the author of *The Development of A Church Manual of Administrative Policies* *Counseling through the Storm* Brooke Osborn, Karen Roudkovski, 2025-06-01 Seasons of crisis can come without warning and their impact is lasting Grief and trauma can reshape our lives our relationships and our faith For those walking alongside someone in a time of crisis the path forward may seem shaky and unclear In *Counseling through the Storm A Guide to Treating Crisis and Trauma* licensed professional counselors and professors Brooke Osborn and Karen Roudkovski provide an in depth trauma informed guide for those ministering to someone in crisis From their years of professional and classroom experience Osborn and Roudkovski offer practical and sensitive guidance for mentors ministry leaders and counselors *Developing Church Financial Policies and Procedures* Claud McHorse, National Association of Church Business Administrators, 1993 *Accounting Articles* Commerce Clearing House, 1975 **CCH Accounting Articles**, 1975 **Resources in Education**, 1999-04 **Minutes of the West Michigan Annual Conference of the United Methodist Church** United Methodist Church (U.S.). Copyright Office, 1977 **Church Laws and Ecumenism** Norman Doe, 2020-09-27 Written by experts from within their communities this book compares the legal regimes of Christian churches as systems of religious law The ecumenical movement with its historical theological focus has failed to date to address the role of church law in shaping relations between churches and fostering greater mutual understanding between them In turn theologians and jurists from the different traditions have not hitherto worked together on a fully ecumenical appreciation of the potential value of church laws to help and sometimes to hinder the achievement of greater Christian unity This book seeks to correct this ecumenical church law deficit It takes account of the recent formulation by an ecumenical panel of a Statement of Principles of Christian Law which has been welcomed by Pope Francis and the Ecumenical Patriarch of Constantinople leader of the Orthodox Church worldwide as recognizing the importance of canon law for ecumenical dialogue This book therefore not only provides the fruits of an understanding of church laws within ten Christian traditions but also critically evaluates the Statement against the laws of these individual ecclesial communities The book will be an essential resource for scholars of law and religion theology and sociology It will also be of interest to those working in
