**Challenging Western Christians and Their Neighbours** Steven Paas, 2020-05-14 This concise study searches for what is needed to awaken or strengthen the faltering missionary consciousness of Western Christians with regard to their own environment In Jesus Christ and his Holy Spirit the whole missionary enterprise of God the *missio Dei* started and continues by him and his Holy Spirit it will also be accomplished and finished All Christians are meant by Jesus to be participants in his mission The apostles had to start at home in Jerusalem Judea and Galilee Consequently for today's Christians participation in the mission of Jesus expresses itself in their relationship with people next door those who are not religious and those who are of other religions and cultures The mission field is in our direct vicinity where we daily meet the people we may know

**Perspectives on theology of religions** Jaco Beyers, Piet J. van der Merwe, Wilhelmina Magdalena Shaw, Ronald Allen Baatsen, Johannes Janse van Rensburg, Tessa Freeman, 2017-11-23 In the public theology discourse the concept public square has become significant In today's multicultural and globalised world it is inevitable that people with different religious affiliations will encounter one another in the public square Public theology cannot but become theology of religions Scholars in the field of religion studies are compelled to reflect theologically on the relevance of religiosity in the postmodern secular world The term theology of religions refers to the academic inquiry into the relationship between religions The collected essays constitute such an inquiry In the end it is not so much about the encounter of religions but rather of people Religion is no longer regarded as a monolithic body of beliefs and practices The authors concede that the concept religion is too fluid to be delineated precisely The book's approach to the relationship between religions i.e. theology of religions reflects how the authors understand the origin and nature of religion a theology of religion in the singular This book focuses more on theology of religions plural than on theology of religion singular The main objective of the book is to present a variety of perspectives on how theology of religions manifested in different contexts This includes historical i.e. Luther's theology of religions and the Roman Catholic position on other religions as taken by Vatican II as well as cultural and religious perspectives In the first chapter the editor gives a brief overview of the development of the discipline of theology of religions The postmodern era is characterised by an almost non-foundational approach The second chapter traces the development of the discipline in the Roman Catholic tradition in particular This contribution is based on the insights of P. J. van der Merwe 1944-2014 who as researcher and Head of the Department of Science of Religion and Missiology at the University of Pretoria developed a specific theological position on non-Christian religions A whole generation of theologians was trained in this school of thought He passed away in 2014 and this publication pays tribute to his life's work on religions and their relations The contributions that follow are the culmination of the research of postgraduate students at the University of Pretoria The third chapter presents a perspective on the Reformation with a particular focus on Martin Luther In this year of the quincentenary anniversary of the Reformation the legacy of Reformed belief is highlighted The fourth

chapter describes the relationship between Christianity and Islam from the perspective of a willingness to embrace The fifth chapter analyses the relation between Christianity Judaism and Islam from the perspective of intergroup threat theory A model for theology of religions in a South African context is developed in the sixth and final chapter This scholarly book pays tribute to the academic contribution of P J van der Merwe mentor of the authors of these multifaceted reflections on theology of religions The target audience is specialists in the field of religion studies The distinctive contribution of the book is the innovative perspectives on the relationship between Islam and Christianity in both the Roman Catholic and Protestant contexts

Jongeneel, 2018-09-04 Nederlandse zendingsgeschiedenis Deel II van Jan Jongeneel behandelt de Nederlandse zendingsgeschiedenis vanaf De Eerste Wereldoorlog tot nu Al sinds de Verenigde Oost Indische Compagnie en West Indische Compagnie waaieren protestantse Nederlanders naar alle windstreken uit Dat is zo gebleven in de postkoloniale periode Predikanten zendelingen en bijbelvertalers lopen voorop bij het nadenken over andere godsdiensten en geloven en bij het ontmoeten van hun aanhangers Het eerste deel van dit handboek besprak de ontwikkelingen tot de Eerste Wereldoorlog
