Kids of Knutby Sanja Nilsson, 2023-09-29 This book tells the story of the children and youth of the charismatic new religious commune Knutby Filadelfia in Sweden It recounts the history of the congregation which started out as a part of the Swedish

Pentecostal movement in 1921 In the 1990s it developed into a new religion when the congregation's female pastor embraced the role of the Bride of Christ The congregation became widely known in 2004 when one of its members was murdered by another member the latter claiming to have been acting on orders from God In 2018 the congregation dissolved after a few years of internal crisis Sanja Nilsson provides rich empirical analysis of archival material and interviews with the congregation's children and youth The young informants' personal perspectives on their own childhoods encompass narratives from their time inside the congregation when they identified as members of a stigmatized minority religion as well as from the time after the dissolution of the group when they identified as defectors from what they came to view as a sectarian milieu This work offers a comprehensive insight into the Knutby Filadelfia congregation a group that although notoriously charted by the media has been hitherto unexplored by academics It adds to the growing field of studies concerned with childhoods within new religions and expounds the dynamics of the defection process from the rarely applied perspective of children and youth themselves

Rave Culture and Religion Graham St John, 2004-06-01 The collection provides insights on developments in post traditional religiosity especially New Age and Neo Paganism through studies of rave's Gnostic narratives of ascensionism and re-enchantment explorations of the embodied spirituality and millennialist predispositions of dance culture and investigations of transnational digital art countercultures manifesting at geographic locations as diverse as Goa India and Nevada's Burning Man festival Contributors examine raving as a new religious or revitalization movement a powerful locus of sacrifice and transgression a lived bodily experience a practice comparable with world entheogenic rituals and as evidencing a new Orientalism Rave Culture and Religion will be essential reading for
