For courses in Developmental Writing. A lively integrated approach that emphasizes the connection of the reading and writing processes. Pathways Scenarios for Paragraph and Sentence Writing Fourth Edition teaches fundamental sentence and paragraph writing skills by engaging student interest, maintaining a focus on expressing ideas rather than on following rules. Students learn grammar in the context of the whole paper. Seven of the 17 chapters deal with grammar topics; in these chapters, students examine student essays, read and respond to ideas, and write and revise paragraphs. In Parts II through IV, students apply what they have learned about sentence-level correctness to their own writing as they explore logical paragraph development and organization of ideas. The last two chapters introduce essay writing, enabling students to accelerate from paragraphs to essays with the goal of achieving stronger, more fully developed writing skills. Also Available with MyWritingLab™. This title is also available with MyWritingLab, an online homework tutorial and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. **Pathways: Writing Scenarios** Kathleen T.
