Exquisite Fabrics Traditional Weaving And Embroidery Patterns In China:

Exquisite Fabrics Gao Chunming, 2010-03-16 This authoritative collector's book is the largest collection of Chinese weaving and embroidery patterns available. For more than twenty-five hundred years, the patterns of Chinese silk textiles captured the imaginations of their beholders. The woven and embroidered designs catalogued in *Exquisite Fabrics*, a survey by Gao Chunming, combine consummate mechanical and technical skill with an aesthetic vision driven by the need to communicate the most important message of Chinese culture. This Chinese art book is a compilation of over one thousand Chinese traditional designs found in weaving and embroidery. Known as *zhiwen* or *wen* in ancient China, these traditional patterns are the products of brilliant artistic skills that have been passed down from one generation to the next. Available in a gorgeous slipcase, this book presents a wide and comprehensive range of classical design motifs that include dragons, phoenix, birds, auspicious animals, floral patterns, insects, and fish figures, religious, allegorical. *A General History of Chinese Art* Xifan Li, 2022-10-03 This volume examines the progress of Chinese art during the time period of the Five Dynasties, Northern and Southern Song, Liao, Western Xia, Jin Dynasties, as well as the Yuan Dynasty. A special focus lies on the analysis of cultural policies adopted during the reign of the respective dynasties and their effects on the development of dance, court music, and drama. *A General History of Chinese Art* comprises six volumes with a total of nine parts, spanning from the Prehistoric Era until the 3rd year of Xuantong during the Qing Dynasty, 1911. The work provides a comprehensive compilation of in-depth studies of the development of art throughout the subsequent reign of Chinese dynasties and explores the emergence of a wide range of artistic categories, such as, but not limited to, music, dance, acrobatics, singing, story telling, painting, calligraphy, sculpture, architecture, and crafts. Unlike previous reference books, *A General History of Chinese Art* offers a broader overview of the notion of Chinese art by asserting a more diverse and less material understanding of arts, as has often been the case in Western scholarship. *Introduction to Chinese Embroidery* Hongfu Li, 2024-10-15 This book provides a comprehensive introduction to Chinese embroidery, including its history, styles in different regions, patterns, techniques, and its appreciation. It serves as the first guidebook in the international community for scholars, students, either at undergraduate or postgraduate level, artists, and other interested general audience to get a bird's-eye view of Chinese embroidery. Through this book, readers will not only acquire a general understanding of this brilliant folk art but also be carried away by the sophistication and exquisiteness of a legion of embroidery works created by Chinese artists. *Silk Road Chronicles* A.J.
