INTRODUCTION OF APPLYING MAKEUP

Anyone who wants to look their best at any occasion can learn how to apply makeup correctly Whether it s a formal event or a more casual get together a few basic steps will help you look your best First take some time to assess your facial features Figure out what type of makeup best suits your face and skin tone For example choose a light color if you have fair skin and want to wear lipstick If you have olive skin go for a darker color Once you have a general idea of the type of makeup that will look best on you find the right products The best way to find the right products for your face is to experiment Try different types of makeup shadows and blush until you find something natural and flattering Now it s time to apply the makeup Start by blotting your face clean with a tissue This will help to remove any oils or sweat that might be blocking your makeup Apply your Foundation in a light layer blending your hands into your skin Apply your powder if you are using it and then your blush using a light touch For your eye makeup start with a light color around the eyes and build up if necessary Finish by applying a lip balm if you are using one Remember makeup is a way to enhance your natural features not to cover them up Experiment until you find the look that works best for you And always be sure to test any new makeup on a small area first to ensure it won t cause any irritation

How To Apply Makeup Like A Pro

There is no one rule for applying makeup as everyone s skin is different and reacts to different types of makeup However everyone can use tips and tricks to improve their makeup application This guide will teach you to apply makeup like a pro so you can look your best regardless of skin type When it comes to makeup there is no one right way to do it Every person s skin is different and reacts differently to different makeup types However everyone can use tips and tricks to improve their makeup application First and foremost it s important to know your skin type Everyone s skin is different so it s important to know your skin type before applying makeup There are three main types of skin dry oily and combination Each skin type responds differently to different types of makeup so knowing which type is best for your skin is important If you have dry skin you should use a matte foundation If you have oily skin you should use a light foundation And if you have combination skin you should use a matte and light foundation Another thing to keep in mind is the weather In the summer you should avoid wearing heavy makeup In the winter you should avoid wearing too little makeup Finally it s important to

practice If you want to apply makeup like a pro practice Practice applying your Foundation your blush and your lip color Practice applying your eye shadow and your mascara The more you practice the better you will be at applying makeup
