answer how the Keswick theology of sanctification contributes to the socio ethical understanding of walking in the light and consequently influences the mission of the Anglican Church in the Mount Kenya region Dr Robinson Kariuki Mwangi uses careful exegetical analysis to understand the biblical roots of revival and calls us to action in showing what our faith stands for integrating practical theology with pastoral practice Scholars of theology and lived Christianity will find the observations in this work informative for further study

Justification as the Speech of the Spirit Jeffrey K. Anderson, 2021-08-10 In the past few decades there have been an increasing number of authors and movements that reject the classic Protestant understanding of justification e g the New Perspective on Paul Auburn Avenue Theology the Renewal Movement etc While the various proposals differ in many respects they are generally united in their rejection of justification as a legal declaration made by the Father about the believer based on the work of the Son In particular among renewal Pentecostal Charismatic authors there have been several attempts to redefine justification insisting that it is an umbrella term incorporating numerous redemptive ideas rather than a declaration of the believer s righteousness These attempts are in part rooted in the absence of any overt pneumatology in the doctrine s typical formulation One need only read the above sentences to see that there is no mention of the Holy Spirit This book addresses these and other concerns especially by renewal authors and demonstrate that the doctrine is in fact pneumatologically informed albeit latently rather than blatantly As a result there is no need to redefine the theology of the Reformers and their successors

Apostle of the Crucified Lord Gorman, Michael, 2017 THIS COMPREHENSIVE WIDELY USED TEXT by Michael Gorman presents a theologically focused historically grounded interpretation of the apostle Paul and raises significant questions for engaging Paul today After providing substantial background information on Paul's world career letters gospel spirituality and theology Gorman covers in full detail each of the thirteen Pauline epistles Enhancing the text are questions for reflection and discussion at the end of each chapter as well as numerous photos maps and tables throughout The new introduction in this second edition helpfully situates the book within current approaches to Paul Gorman also brings the conversation up to date with major recent developments in Pauline studies and devotes greater attention to themes of participation transformation resurrection justice and peace **The Mind of the Spirit** Craig S. Keener, 2016-06-21 Leading Scholar Explores Paul's Teaching on the Mind This major work by a leading New Testament scholar explores an important but neglected area of Pauline theology Paul's teaching about the mind In discussing matters such as the corrupted mind the mind of Christ and the renewal of the mind Paul adapts language from popular intellectual thought in his day but he does so in a way distinctively focused on Christ and Christ's role in the believer's transformation Keener enables readers to understand this thought world so they can interpret Paul's language for contemporary Christian life The book helps overcome a false separation between

following the Spirit and using human judgment and provides a new foundation for relating biblical studies and Christian counseling

Witch Hunt in Galatia Jeremy Wade Barrier, 2020-09-29 Approximately 2 000 years ago some Jewish communities of Galatia in central Asia Minor believed they had fallen under a curse argues Jeremy Wade Barrier A fellow Jew named Paul wrote the letter we call Galatians to help them escape its effects In the letter Barrier argues Paul called for the Jews in Galatia to stop practicing circumcision The rite had fallen into disuse within many Jewish communities in the Roman Empire but Barrier argues the Galatian Jews believed it was a talisman that would protect them from harm As a further precaution they needed to deal with the person who had brought this evil to their community A witch hunt was underway and some had concluded that the witch was none other than Paul Barrier provides a reconstruction of the original occasion of Paul s letter to the Galatians and shows how Paul defended himself from accusations of witchcraft by countering that the ritual that would protect them from the Evil Eye was not circumcision but rather baptism Through the ritual of baptism they could receive healing from a material yet divine breath of God Barrier also reconstructs an earlier understanding of this pneuma that was lost to subsequent Christianity under the influence of Neoplatonism

Justification, Volume 1 Michael Horton, 2018-11-27 The first of a two volume project delving into the doctrine of justification Michael Horton seeks not simply to recover a clear message of its role in modern Reformed theology but also to bring a fresh discovery of the gospel in a time when contemporary debates around justification have reignited The doctrine of justification stands at the center of our systematic reflection on the meaning of salvation and grace as well as our piety mission and life together And yet within mainline Protestant and evangelical theology it s often taken for granted or left to gather dust in favor of modern concerns and self renewal Volume 1 is an exercise in historical theology exploring the doctrine of justification from the patristic era to the Reformation This book Provides a map for contemporary discussions of justification identifying and engaging principal sources Origen Chrysostom Augustine Thomas Aquinas John Duns Scotus William of Ockham Gabriel Biel and the magisterial reformers Studies the transformations of the doctrine through Aquinas Scotus and the nominalists leading up to the era of the Reformation and the Council of Trent Concludes by examining the hermeneutical and theological significance of the Reformers understanding of the law and the gospel and the resultant covenantal scheme that became formative in Reformed theology Engaging and thorough Justification will not only reenergize the reader whether Protestant or Catholic with a passion for understanding this essential and long running doctrinal conversation but also challenge anyone to engage critically with the history of the Church and the heart of the gospel

Grace and Law in Galatians Dennis Ngien, 2023-01-19 The author does not aim to defend Luther s and Calvin s reading of Galatians against modern biblical scholarship but to read and hear them in their own contexts He grapples with major theological themes underlying their approach law and gospel active and passive righteousness faith alone yet not alone attribution of contraries between Christ and the justified saints human love and God s love Christ as gift and example the creative power of God s word union with

Christ the economic action of the Son the role of Holy Spirit in the justified life faith in Christ and the faith of Christ the uses of the law true identity as God's gift flesh and Spirit and radical discontinuity of the old existence and the re-creation of the new Readers will learn from the Reformers how they apply a text or theological theme homiletically in a pastoral context and appreciate how their understanding of the gospel can spiritually nurture the life of faith

Dörnyei, 2022-11-01 For centuries the fruit of the Spirit has rightfully served as a wellspring of reflection on the virtues that epitomize the Christian life and character building However the notion of the fruit of the Spirit is not limited solely to forming the biblical foundation of ethical living Psychologist and theologian Zoltán Dörnyei argues that if we understand the nine attributes collectively as a concise portrayal of the ideal Christian self this approach places the notion of the fruit of the Spirit at the intersection of several important theological themes such as being conformed to the divine image the gradual advancement of the kingdom of God and new creation In *The Psychology of the Fruit of the Spirit* Dörnyei offers a scholarly exposition of the relevant theological content associated with the fruit of the Spirit Complementing his theological reflections with findings from the field of psychology he brings expertise in both psychology and theology to bear on this important biblical concept His integrated perspective helps to uncover the full meaning and theological potential of the fruit of the Spirit by helping to clarify the nature of its nine facets defining broader psychological dimensions that underlie the fruit and offering practical lessons for cultivating it in the Christian life
