Cusack, 2016-05-06 Utilizing contemporary scholarship on secularization individualism and consumer capitalism this book explores religious movements founded in the West which are intentionally fictional Discordianism the Church of All Worlds the Church of the SubGenius and Jediism Their continued appeal and success principally in America but gaining wider audience through the 1980s and 1990s is chiefly as a result of underground publishing and the internet This book deals with immensely popular subject matter Jediism developed from George Lucas Star Wars films the Church of the Flying Spaghetti Monster founded by 26 year old student Bobby Henderson in 2005 as a protest against the teaching of Intelligent Design in schools Discordianism and the Church of the SubGenius which retain strong followings and participation rates among college students The Church of All Worlds focus on Gaia theology and environmental issues makes it a popular focus of attention The continued success of these groups of Invented Religions provide a unique opportunity to explore the nature of late post modern religious forms including the use of fiction as part of a bricolage for spirituality identity formation and personal orientation **How to Become a Witch** Amber K, Azrael Aryn K, 2011-02-08 Set forth on the Witch's path this friendly introductory guide presents the key beliefs and practices of Witchcraft and offers step by step instruction on how to become a Witch Best selling authors Amber K and Azrael Aryn K have nearly fifty years of Craft experience between them They've taught hundreds of students the basics of Witchcraft and now they're offering readers the same clear structured guidance here This Witchcraft book teaches you everything you need to know about Craft essentials Ritual tools Daily practices Ethics Spellcasting Deepening your connection to nature Divination and dreams Sabbats and Esbats The Wheel of the Year Gods and Goddesses Pentagrams and other Craft symbols Training initiation and degrees Learn about Witchcraft as a way of life how to locate a coven or work as a solitary and most importantly how to grow magickally and spiritually Grounding God Arianne Conty, 2023-12-01 Now that we have entered the Anthropocene the geological age in which humans have altered the natural world to such an extent that nature and culture can no longer be separated the modern dichotomies of mind versus body and culture versus nature have become implausible and need to be replaced In Grounding God Arianne Conty argues that it is in the field of religion where we can find a new ontology better suited for the Anthropocene Conty calls this new religious ontology the grounding of the

sacred in that it seeks to deconstruct the binaries of modernity and provide in their place a revalorization of the immanent earth and the more than human beings that inhabit it. Such a grounding of the sacred is a potent means to overcome the exploitation and desecration of the earth and its nonhuman beings and to provide in its stead an inclusive cosmopolitics that extends mind into matter and culture into nature. Tracing such a grounding in the Christian Buddhist neopagan and animist traditions, Conty seeks to elaborate an interdisciplinary ecosophy, one that uses philosophy, anthropology, and religious studies to provide new values for the present age.
