**Contactees** Janet Lessin, 2017-02-04 According to the latest surveys millions have been abducted by aliens One contactee revealed that he was told by ET that all human beings are taken at punctuated periods of their lives tested and analyzed for various factors known only by ET and then some are chosen for ongoing contact throughout their lives Based on that information we re all experiencers yet don t know it because the memories of our encounters are blocked Abductees are among the groups that are studied by Experiencer organizations such as F R E E aka The Edgar Mitchell Foundation for Research into Extraterrestrial Encounters According to their website [www.experiencer.org](http://www.experiencer.org) experiencer categories include NDEs near death experiences OBEs out of body experiences Hallucinogenic Entheogenic natural substances hypnotic regression Mystical Meditation Travel Channeling Remote Viewing and human encounters with non human intelligence and related paranormal contact experiences Thus the focus is not solely on UFO contact experiences but on all types of paranormal contact experiences In Experiencers Conscious Contactees Volume I we relate our adventures with extraterrestrials We start with U S President Eisenhower s treaty with ETs and Dr Lessin s method of hypnotic exploration of extraterrestrial and paranormal contact Then our authors recount their alien and paranormal contacts UFO briefings and recovery of uncensored UFOs Moon and Mars anomalies We relate our military MILAB abductions and revelations of the secret space programs breakaway civilizations and time travel We share what happened in missing time and describe our encounters with levitation extraordinary abilities astral projection prophetic visions and telepathy Experiencers also relate our encounters with nonhuman entities Anunnaki Blue Beings Plasma Spheres spiritual guides and angels We discuss our contacts with Reptilians Greys Agarthans and our own hidden subpersonalities Join us as we open your mind expand consciousness awaken humanity and guide us all human and not to the Golden Age of Aquarius the age of enlightenment promised long ago Edited By Janet Kira Lessin Featuring Korey Lavoie Melinda Leslie Miesha Johnston Sherry Wilde John M Polk Joan Hangarter Hildegard Gmeiner Barbara Jean Lindsey Karen Christine Patrick Bret Colin Sheppard Rebecca Hardcastle Wright Russell Scott Brinegar Sasha Alex Lessin Ph D [Passport to the Cosmos](#) John E. Mack, 1999 In his groundbreaking follow up to the best selling Abduction Pulitzer Prize winner John E Mack M D powerfully demonstrates how the alien abduction phenomenon calls for a revolutionary new way of examining the nature of reality and our place in the cosmos Harvard professor John E Mack stunned the world when he first published in Abduction the astonishing results of his

extensive research involving clients who reported they had had encounters with alien life forms In *Passport to the Cosmos* Mack who has done additional research with abductees in the United States and around the world provocatively asserts that this phenomenon is part of a new era in human consciousness a time in which we must be willing to embrace the idea that alien visitation is real on some level For Mack the alien abduction phenomenon is nothing short of a cosmic wake up call to humans that we do indeed live in a world filled with spirits and beings who can cross the barrier we have thrown up between the material and immaterial worlds Drawing on the rich tradition of non Western and indigenous cultures which more readily accept that we live in a multidimensional universe Mack persuasively shows that by broadening our definition of what is real we can begin to explore a phenomenon that has deep and lasting implications for humanity By sharing the vivid and dramatic encounters of experiencers Mack illuminates a phenomenon that has shattered the worldviews of the people who have experienced it Time and time again experiencers from all cultures say their lives have been radically altered by their encounters with aliens in ways that are both traumatic and transformative This transformation seems to be an intrinsic part of the alien abduction phenomenon which is marked by a variety of elements that go beyond the physical manifestation of alien visitation In *Passport to the Cosmos* John Mack further solidifies his reputation as a brave pioneer on the forefront of the science of human experience an authoritative voice that will take us into the twenty first century

**One** Yossi Ronen, 2020-08-27 It has been said that once we know that we are not alone the greatest revolution in human culture will occur My personal meetings with the visitors showed me that this experience was completely different from the reality we know This was an encounter with the complete

unknown and during this visit I feared for my sanity In those moments I was not able to understand the experience rationally Trying to fully understand what transpired has become the project of my life Communicating with the visitors at that meeting was not like the familiar communications that we normally have they did not speak to me in words or any language they shared with me their consciousness They allowed me to experience their thoughts their feelings their existence and their perception of reality During the time of our shared consciousness I could see who we truly are from their perspective which is so vastly different than our own At the beginning of the encounter I experienced terrible fear as I overcame it I experienced the most profound and meaningful content of my life Content that led to the writing of this book In the first part of the book I am sharing the experience of the encounter itself exactly as it happened and then the physical psychological and mental impact that followed The second part of the book is written after a gradual journey of understanding the experience and the meaning of the communication in depth a journey that lasts about 30 years still today continues Years in which the experience of their abstracted consciousness became clear and the different parts of it merged into one complete picture Throughout this time the visitors support and continue to help me in their unique way of understanding what they are how their vast consciousness sees reality the special connection between their consciousness and that of us and most importantly who we are and our evolutionary process of consciousness I hope that sharing my experiences will help in our shared journey into the new spaces we are going to one where we realize that we are not alone I m not saying I have all the answers but I m sure trying to understand
