

Graduation Speech

Hello. It is an honor for me to be here tonight to bring greetings and congratulations from the school board.

As I began thinking about what I should say to you, I discovered that I could go on for hours talking about your years at (*name of school*) High School . . . about the experiences you've had which prepared you for this day and for the future. I began making notes about all the advice I should share with you and about all of the many topics I wanted to cover.

Then a friend reminded me about the fate of the famous Greek philosopher, Socrates, who lived a long, long time ago.

Socrates was very intelligent. But Socrates gave long speeches, and his friends killed him.

Since I am no Socrates . . . nor do I want to end up like Socrates . . . I will be brief and to the point.

Tonight (*number of graduates*) seniors are graduating from (*name of school*) High School. The room is packed with your friends and relatives, and every person here is proud of you . . . of your accomplishments . . . and of the goals that you have reached. If each of us were to write down a definition of a successful graduate, we would quickly discover that some of the same words and phrases would be repeated over and over again. Common themes would be – dedication, perseverance, integrity, honesty, conscientiousness, dependability and hard work.

From all of the terms used to describe graduates, the one I think should receive top billing is "winner". Each and every one of you is a winner! You have demonstrated through hard work, dependability, conscientiousness,

The Individual and the Group Malcolm Pines, 2012-12-06 lcolm Pines and Lise Rafaelsen The Seventh International Congress of Group Psychotherapy organized in Copenhagen by the International Association of Group Psychotherapy was one of the largest and most representative congresses on this subject that has yet been held Probably for the first time we achieved the declared aim of the International Association that of bringing together representatives of the different approaches to group psychotherapy in the same forum to allow for communication exchange and development of our relation ships Previous congresses have been less representative and it seems to augur well for the future of the Association and of it s congresses that there was this strong force and wish for unification and for exchange within the field

of group psychotherapy The Congress theme The Individual and the Group Boundaries and Interrelations in Theory and Practice was chosen because it gave an opportunity once again to examine the very basis for group sycho therapy as theory and as practice The basic theme stated in the opening papers by Professor Marie Jahoda and Professor James Anthony was replayed daily with new developments and variations according to the theoretical position of each subsequent speaker

Cormac McCarthy's Neoliberalism Brian Schill,2025-04-10 In **Cormac McCarthy s Neoliberalism Breakdown in Mercantile Ethics** editor Brian James Schill gathers insightful essays that probe how McCarthy s works have commented on and caricatured the economic political and cultural forces of neoliberalism Spanning McCarthy s career from Suttree to his final novels *The Passenger* and *Stella Maris* this volume positions McCarthy as both a chronicler of and a participant in the neoliberal era The contributors explore how McCarthy s fictions often set against vast barren landscapes reflect the predatory logic of neoliberal capitalism marked by economic inequality

environmental degradation and social upheaval The nine essays presented here argue that McCarthy's critiques go beyond the superficial and delve deeply into the material and cultural conditions shaped by neoliberal governance By examining the commodification and accumulation of wealth both in the settings of his novels and the lives of his characters McCarthy is revealed as both a sharp observer of the social consequences of unchecked capitalist expansion and a participant in that expansion Ultimately Cormac McCarthy's Neoliberalism demonstrates how the master's works grapple with the ways in which neoliberalism has reshaped human relationships from the intimate to the institutional while casting a spotlight on those left behind by global economic forces *Pivotal Voices, Era of Transition* Rigoberto Gonzalez, 2017-09-14 A volume in the Poets on Poetry series which collects critical works by contemporary poets gathering together the articles interviews and book reviews by which they have articulated the poetics of a new generation *On Staying the Course* K. Ibura, 2021-07-05 Artistic careers can be mercurial so it takes a mix of faith and fortitude to stay the course with a writing career There's never a promise that the accolades will match the effort or that the output will match the vision Add in the external messages of what success should look like exhaustion from day jobs and life responsibilities and the enormous learning curve required to get from beginner to mastery there are many opportunities to quit creating before you've gotten to the good part On Staying the Course provides powerful perspectives on the obstacles that knock us off course and discusses the mental tools needed to push through maintain momentum and move through the stages of artistic evolution [Confirmation Hearings on Federal Appointments](#) United States. Congress. Senate. Committee on the Judiciary, 2013 [The History of the Mercer University School of Medicine, 1965-2007](#) Martin L. Dalton, 2009 The story of the Mercer University School of Medicine is both inspiring and compelling Rarely in the annals of higher education has a dream so remote and an idea so right come to fruition because of the resolute commitment of individuals who for differing reasons devoted themselves to the realization of an unlikely dream While this story includes drama intrigue and uncertainty it is mostly a story fueled by hope and vision This book is a compilation of first person accounts and narrative histories that combine to tell the story of a most remarkable school that trains physicians to provide health care to Georgia and the South *The Operation of Grace* Wolfe Gregory, 2016-12-29 The Operation of Grace collects a decade's worth of essays by Gregory Wolfe taken from the pages of Image the literary journal he founded more than a quarter century ago As he notes in the preface his Image editorials while they cover a wide range of topics focus on the intersection of art faith and mystery Wolfe believes that art and religion while hardly identical offer illuminating analogies to one another art deepening faith through the empathetic reach of the imagination and faith anchoring art in a vision beyond the artist's ego Several essays dwell on how aesthetic values like ambiguity tragedy and beauty enlarge our understanding of the spiritual life There are also a series of reflections that extend Wolfe's campaign to renew the neglected and often misunderstood tradition of Christian humanism Finally there are sections that contain more personal meditations arising from Wolfe's involvement in nurturing and promoting the work of emerging writers and artists

The Operation of Grace demonstrates once again why novelist Ron Hansen has spoken of Wolfe as one of the most incisive and persuasive voices of our generation Water and American Government Donald J. Pisani,2002-12-31 Donald Pisani's history of perhaps the boldest economic and social program ever undertaken in the United States shows in fascinating detail how ambitious government programs fall prey to the power of local interest groups and the federal system of governance itself Tales from the Trenches, a Life in Primary Care George F. Smith,2025-04-15 Come along for the professional life journey of Dr Smith as he weaves together the world of medicine from medical school through the crucial years of internship and training into the work world taking him from Boston to the West Coast For several years he treats patients in clinics and emergency rooms before joining a multi specialty group treating spine disorders He spends the last 25 years in solo private practice in a working class ethnically diverse area south of San Francisco dealing with all the issues related to medical care He dives deeply into the major medical epidemics of the past forty years with personal accounts and interactions of the HIV AIDS epidemic the obesity epidemic the increasing diabetes epidemic the opioid crisis the advance of dementia in society and a detailed first person account of the Covid 19 pandemic He chronicles the history of medicine from ancient times to the present allowing the reader to understand that current medical practice is a very recent development since the mid 20th century Dr Smith's in depth patient stories allow readers to understand the doctor patient relationship how doctors really think and the challenges of complex diseases from a humanistic and compassionate viewpoint This comprehensive account of the life of a primary care physician during the past 40 years will serve as a reference for future doctors to accurately understand the profession during this period in history He hopes you enjoy his honest perspective observations and humor
