Commentaries On Living First Series:

Commentaries on Living Jiddu Krishnamurti, 1956-01-01 Krishnamurti's essential message is that to find truth we must go beyond the limits of ordinary thought. In public talks worldwide he strove to free listeners from conventional beliefs and psychological mind sets in order to understand what is. This 3 volume series records his meetings with individual seekers from all walks of life during which he comments on the struggles common to those who work to break the boundaries of personality and self limitation. In the first volume Krishnamurti discusses many topics including knowledge, belief, simplicity of the heart, love in relationship, ambition and clarity in action.

Commentaries On Living 1 J Krishnamurti, 2012-08-08 In this series of commentaries J Krishnamurti, one of the great thinkers of our time, touches upon many human problems: our hopes, our fears, our illusions, our beliefs, our prejudices, and in the simplest language seems to pierce to their roots. The sheer simplicity is breathtaking. The reader is given in one paragraph, often in one sentence, enough to keep him exploring, questioning, thinking for days.

Anne Morrow Lindbergh: The insight, spiritual and poetic of these commentaries is as simply expressed as it is searching in its demand. Times Literary Supplement, London. Krishnamurti is no other than he seems: a free man, one of the first quality, growing older as diamonds do, but the gem like flame, not dating and alive in these Commentaries. It is a treasure. Francis Hackett, The New Republic.

Commentaries On Living Jiddu Krishnamurti, 1956

A Wholly Different Way of Living Jiddu Krishnamurti, Allan W. Anderson, 1991. In a time of unprecedented outer change in the political and social spheres, is there a fundamental inner challenge that faces each one of us? In these 18 dialogues Krishnamurti indicates that pinning hopes on organized religion, science, political ideology or the market economy not only fails to address basic human problems but actually creates them. Instead, he discusses with Professor Anderson the concept of a wholly different way of living.

On Right Livelihood Jiddu Krishnamurti, 2023-04-25. On

Right Livelihood explores ways for us to be engaged in but not engulfed by our work In a world frantic to produce possess and consume few of us have time to wonder if our work damages the environment if we are making the most of our talents or simply making a living if we truly savor our leisure time Krishnamurti presents sage and eloquent teachings on these issues of vital concern to us all Krishnamurti has said Is it not necessary for each to know for oneself what is the right means of livelihood If we are avaricious envious seeking power then our means of livelihood will correspond to our inward demands and so produce a world of competition ruthlessness oppression ultimately ending in war **Awakening** Rodney

Smith, 2014-03-11 An amazingly succinct and accessible answer to the question What is enlightenment from one of America's most prominent teachers of Insight Meditation Former Buddhist monk and highly regarded Insight Meditation teacher Rodney Smith describes the process of enlightenment in a way anyone can understand demonstrating in clear language why we operate with the illusion of separation how we can move out of it to the realization of emptiness and no self and how we can live from that state of awakening He provides brief powerful exercises that enable us to challenge the reality of our thoughts in order to free ourselves from the illusion they keep us bound to all the while steering us away from the temptation to regard spiritual practice as a process of self improvement or a goal to be obtained With systematic precision and with subtle wisdom born of a lifetime of practice Rodney Smith uses science psychology and traditional Buddhism to explain the unexplainable the how and why of authentic spiritual awakening an original work by a contemporary spiritual master at the height of his powers Norman Fischer author of Training in Compassion *Freedom and Other Keys to Creativity* Joaquim Franch, 2022-06-13 There is a lot of buzz on creativity and there are many ways to look at it but in this book you will not find a methodology for unlocking your inner creative soul Instead you will be immersed in a thought provoking dive into neuroscience philosophy psychology and a variety of references from arts and sciences Creativity takes courage and it also takes time one must take the existential approach of becoming a meaningful engagement with life Enjoy creativity as a process not as a tool to conquer a goal Most people read one or two books on creativity in a lifetime Joaquim Franch has probably read them all In this book he has broken them down sorted out the common denominators and put them in order to produce a book that is both thought proving and practical An essential read for anyone interested in creativity Ian Gibbs with a degree in astrophysics and a postgrad in education is an entrepreneur working as a learning strategies specialist Author of The Sorites Principle and the 2022 TEDx Talk The Secret Key to Learning Hidden in Plain Sight I consider it of great value that the author has made use of creative parameters to address its nature The result is a useful and original book that undoubtedly helps to take a step further in understanding creativity Matilde Obradors Professor in the Department of Communication at the Pompeu Fabra University Barcelona Author of Creatividad y generaci n de ideas My friend Joaquim is a true generalist and a systems thinker and not surprisingly with this work he has achieved a balanced vision of a widely studied subject in the Anglo American world It's an honest intellectual analysis of diverse sources Pere Mar's former

Professor in the Automatic Control Department at the Polytechnic University of Catalonia Barcelona **Divided Desire**

Kenny Damara, 2013-12-17 Can your ultimate desire ever be fulfilled Everywhere you look every time you listen with each click and tap there's something you desire How do you know if what you desire will satisfy or if you are seeing a desire mirage The global village presents countless ways to connect to all kinds of information We think we can scarcely live without these connections Do we realize however that these connections often block or slow down connections to God self and others Divided Desire is a journey along the road of desire a road everyone travels Along the journey Kenny Damara explores why we desire what we desire in the global village today What role does God have in fulfilling the ultimate desire of the heart And how should we respond **J. Krishnamurti and the Nameless Experience** Rohit Mehta, 1979 J

Krishnamurti is one of the most revolutionary thinkers of our age To listen to him or to read his books is an experience by itself He challenges every norm and value of individual as well as social life He is not interested in mere outer changes he stands for a fundamental transformation what he calls the Mutation of the Mind He states that there must arise first the New Man before a New Society can be brought into existence The present book deals comprehensively with all aspects of Krishnamurti's teachings his philosophy his psychology and a practice of no practice Krishnamurti says Society is always static only in the individual can there be a radical revolution It is with this individual revolution that this book is fundamentally concerned **The Science of Meditation** Rohit Mehta, 1995-05-31

Coming in the wake of his earlier books Yoga The Art of Integration and The Nameless Experience which dwelt on the philosophy and psychology of Meditation this work treats the subject from a purely practical standpoint The theme of Meditation is discussed in terms of the three main constituents namely the Brain the Habit mechanism and the Mind The revitalisation the modification and the transformation of the triad respectively would usher in the wholeness of spiritual life In passing the book discusses the way of spontaneous awakening of Kundalini the biological energy the human body contains which no longer the author avers requires any Hatha Yoga practice or the guidance of an expert It is sincerely hoped that a practical treatment of the subject of meditation will help man to lead a healthy and creative life amidst his baffling psychological life *On God* J. Krishnamurti, 2024-05-20 In *On God* J. Krishnamurti talks about our quest for the sacred exploring the futility of pursuing knowledge of the unknowable He explains that only by relinquishing the pursuit with our intellects can we achieve true liberation enabling us to experience reality truth and bliss in their purest forms Krishnamurti presents the religious mind as one that directly apprehends the sacred rather than adhering to religious dogma According to Krishnamurti in order to discover God we must comprehend the process of thought the process of self discovery He dispels common misconceptions about God and religion paving the way for original thought In this transformative exploration readers are invited to embark on a journey toward genuine wisdom where the constraints of belief dissolve and the essence of reality and divinity is unveiled in all its raw splendour **Sayings of J. Revelation of Saint John Zachary F. Lansdowne,2006-05-01 The Revelation of St John the last book of the canonical Bible has been a mystery since it first appeared No other part of the Bible has caused more controversy Traditional interpretations of the book fall into one of three categories the major prophecies that are supposed to have been fulfilled in the destruction of Jerusalem in 70 A D the historical view that Revelation predicts the course of human events from the founding of

Christianity to the end of the world or the futurist view that Revelation predicts events that will occur at the end of the world. It's actually none of the above, writes Zachary F. Lansdowne, a leading expert in the field of spiritual initiation. In the Introduction to this rich and complex interpretation, he writes: "According to its own verses, the Revelation is concerned with the present time, which is whatever time we happen to be reading it, and contains information that we can apply immediately to become blessed. This is not a book about end times or Armageddon, and when it might come, this is a book written entirely in symbols concealing a path for early Christians and for the contemporary reader. Lansdowne has applied a unique psychological method of interpretation that takes each symbol as depicting some aspect of human consciousness rather than an eternal event, thus showing that the Revelation is actually a detailed instruction for the spiritual journey, a map to the wakening of higher consciousness. Moreover, while the Revelation appears in the great lineage of Judeo-Christian tradition, Lansdowne shows that its instruction can be appreciated and applied to seekers from any tradition. Lansdowne's line-by-line and verse-by-verse interpretation presented here in an easy-to-read side-by-side format is a manual for the true seeker who would follow teachings of Jesus as they were and are laid out rather than as they have been interpreted by theologians and biblical historians. The Revelation of St. John, when unlocked by the key of psychological methodology, is revealed to contain ideas from many diverse wisdom traditions and philosophies: archangels in Judaism, chakras and kundalini in Hinduism, Buddhist mindfulness, the redemptive power of love in Christianity, and absolute standards of comparison in Platonic philosophy. Zachary Lansdowne's revelatory text makes these teachings of the path to true soul initiation available to seekers from every spiritual tradition."
