Spencer,Sandra Vavra,2015-01-01 The Common Core Standards have recently been adopted in most states across the nation and teachers are in the process of getting to the core of these standards Teaching to standards is not a new concept teachers have adapted to new standards every few years for quite some time And teachers are adaptable as can be seen in this book We are writing this book to demonstrate how teachers use research based strategies to meet Common Core Standards while still focusing on students Our goal is to help teachers visualize students in action as other teachers describe the implementation of research based strategies in their own classrooms show student work samples and provide reflections of student success in achieving the standards Many Common Core Standards books focus on the standards but our approach focuses on strategies that

engage the students in the classroom showing how different teachers at varying grade levels have used the strategies to meet the standards With this focus we believe that teachers gain a new and positive perspective on approaching the new standards and see the flexibility of strategies for meeting standards across subject areas We have examined research on the strategies with the purpose of giving teachers a brief description of why these strategies work before giving actual examples from classrooms We also work closely with teachers in the public schools and have our finger on the pulse of what is happening in the public schools one of the current stressors being unpacking the Common Core Standards This book actually focuses on practice We begin by laying out a rationale in our first chapter The Core Value s of Education Then each chapter focuses on a strategy including 1 a brief description about the research supporting each strategy and 2 several examples from different grade levels which include a description of how the strategy was used student work samples and a reflection on the use of the strategy The research descriptions are fairly short because while we believe professional educators aka teachers in this case should know the research that supports practice we know they are not typically interested in long diatribes about the research

Key to Aligning Your K-5 Class with CCSS Ask a Tech Teacher, Structured Learning IT Team, 2012-06-12 Looking for Common Core lesson plans THE KEY TO ALIGNING YOUR K 5 CLASS WITH COMMON CORE STATE STANDARDS 30 Projects that integrate technology into core lesson plans is for classroom teachers technology integration specialists and lab professionals as a resource for aligning their technology program with the Common Core State Standards now implemented in forty six states You will find it a foundational tool for scaffolding technology into the areas of math language reading writing speaking and listening as is required in CCSS Overall they are authentic approaches to student centered learning asking the student to be a risk taker in his her educational goals and the teacher to act as guide The essential questions are open ended and conversations organic and inquiry driven ultimately asking students to take responsibility for the process of their own learning It can be used as a resource book to provide exciting new lessons that seamlessly blend technology with lesson plans and involve students in the many new tools available to enrich their educational experiences or a road map plotting the vertical planning and differentiated instruction fundamental to CCSS goals There are thirty lessons five per grade level covering audio stories blogging brainstorming Collaborative writing Create how to directions creative book review digital storytelling Essential ingredients to stories Explore the world Parts of a whole Write and publish a story write stories in comics Writing craft and structure Digital portfolios Estimate visualize verify Excel and arrays GE Literary Tour GE research Math Online communication tools Practice letters and words online Research source authenticity Shapes are everywhere Shelfari book reviews Skype Storybird Timelines word recognition Each includes The Common Core State Standard alignment The Essential Question the Big Idea An Overview Objectives and Steps A Sample where appropriate Links to related websites and material where applicable Additional grade levels suitable for the lesson
