take in order to prepare ourselves and our loved ones to move smoothly into the new world of Peace      *Spiritual Genocide*  
Sonia Sabharwal, 2021-01-27 *Spiritual Genocide Reincarnation of Earth* encompasses channeled information illustrating Earth's past history. This history is unfolding today and into the future and is based on a topic in every scripture: Thou Shall Not Kill. This book is rich in defining other archetypes with every chapter revealing hidden celestial truths. Every chapter is written as a mystical gate which is stylistically related and adventurous. Every chapter is like a photograph in God's album surveying the past, present, and the possible future of this unremitting heavenly war and its everlasting effect on Earth and her population. While some photographs bring joyful memories of Earth being God's heartbeat before her separation from him during the heavenly war, some reveal the celestial truth behind the inexplicable mysteries of Earth's vortices: Mt Shasta, The Pyramids, Mt Kailash, etc. and vortexes: Bermuda Triangle, Mohenjo Daro, Arctic and Antarctic Circles, etc. that continue to baffle scientists, geologists, and many others in their quest for spiritual knowledge. A spiritual analysis of some of the cataclysmic photographs predicts the possible future of Earth. This could be analogous to Mars or the sunken Lemuria or the Lost Continent of Atlantis; there could either be a new Earth or no Earth at all in the future celestial album. Some historical snapshots describe wretchedness where mass atrocities such as the Holocaust, genocides, wars, world wars, nuclear disasters, abortions, murders, September 11 attacks, etc. show that Earth's soil is losing its fertility and the quality of its harvest; her inhabitants are being reduced. They are also subject to devitalization. Though the mystery of devitalization entails the deciphering of DNA codes so as to trace the initial reincarnation of Earth and the human soul, the book's chapters will unlock the key mystery that the cosmos, including Earth, planets, and extraterrestrials, has reincarnated numerous times and is reincarnating as per its karmic activity for spiritual ascension. Based on the current threat of nuclear disaster and mass atrocities, including shootings that are closing the traditional doors of churches, temples, and synagogues, these photographs will reveal the possibility that the celestial windows for Earth and her inhabitants are closing with no doors to escape. Are the current meteorological changes depicting that when one wants to plant a garden, the soil has to be rich in order for the new crops to grow? This book will reveal that if the quality of the Earth and soil is diminished because of mass atrocities that have occurred since Earth's inception and the effects of present nuclear threats, the crops may not grow. *The Spiritual Genocide Reincarnation of Earth* captures the essence of the author's beliefs and further explains the mysteries of the universe. For thousands of years, humans have been destroying Earth. This divinely inspired book is the truth about man's veiled secrets, the denial of their own soul truth, and the attempt to unconsciously place fault on other human beings for their karma. This is an awakening of truth that each soul is responsible for in their ascension with God. This spiritual book is a spiritual initiation for entering into God's heart and pure love. It is a spiritual initiation of the birthing of dreams for believers and non-believers of faith. This book is guidance for everyone as we all have sorrows and tragedies that have been felt for centuries on Earth. It provides a link to all souls existing today. The author hopes that *Spiritual Genocide Reincarnation of Earth* is a resource for all souls.

**The Encyclopedic Sourcebook of New Age Religions** James R. Lewis, 2004-08-30 In the late 1980s the New Age movement became the focus of both media attention and widespread ridicule as some of the more outlandish aspects of the movement such as channeling and the use of crystals for healing briefly piqued the public's curiosity While the movement was at its height scholars of religion generally sneered at what was perceived to be a daffy shallow craze and ignored it as a subject of serious study Professor James R. Lewis was among the first to examine this growing religious phenomenon scientifically In previous books he has investigated the New Age as the most visible manifestation of a significant spiritual subculture the roots of which reach back to Theosophy Spiritualism and New Thought The present collection pursues this theme bringing together some of the best recent scholarship on new religions Since the height of its popular influence the New Age has declined in strength but has given rise to a plethora of new denominations all shaped by New Age ideas and spirituality Reflecting the emergence of this new denominational structure the core chapters of this book focus on specific groups Other chapters examine the movement's historical roots A unique feature of Dr. Lewis's work is his inclusion of extensive selections from New Age literature thus allowing readers to experience firsthand the unusual perspectives of the various groups This is a fascinating examination of a significant and persistent religious and social phenomenon
