Vocational Education ,1980 *Telling the Stories of Life through Guided Autobiography Groups* James E. Birren, Kathryn N. Cochran, 2003-05-22 Telling the Stories of Life through Guided Autobiography Groups based on James Birren s 25 years of conducting autobiography groups discusses all the topics an organizer faces while developing a program for adults who want to recall and write down their life histories This book is ideal for adult education programs church groups social workers psychologists gerontologists and others who work with adults who might be interested in exploring recording or sharing their personal histories It helps professionals and trained workshop leaders at community centers senior centers schools and other settings guide group participants in exploring major themes of their lives so that they can organize and write their stories and share them in a group with others on the same journey This exercise is rewarding for adults of any age in a period of transition or with interest in gaining insight from their own stories Personal development and a feeling of connection to other participants and their stories is a natural outcome of this process This book provides background material and detailed lesson plans for those who wish to develop and lead an autobiography group The authors explain the concept of guided autobiography discuss the benefits to the group participants and provide logistical information on how to plan organize and set up a group An appendix provides exercises handouts and suggested adaptations for specific groups The book also

explains a systematic method of priming memories including the history of family and of one's life work the role of money health and the body and ideas about death At a time when rapid change has created a widespread yearning to write down and exchange personal accounts sharing life stories can reveal a great deal about how we have come to be the persons we are Telling the Stories of Life through Guided Autobiography Groups shows how to organize record and share life experiences through a proven and effective technique Resources in Education ,1999 **Acceptance & Commitment Therapy for Body Image Dissatisfaction** Adria N. Pearson,Michelle Heffner,2010 ACT for Body Image Dissatisfaction is an acceptance and commitment therapy ACT manual practitioners can use to help clients overcome body image dissatisfaction and disordered eating behaviors such as food restriction and binge eating **Careers For Dummies** Marty Nemko,2018-06-19 Feeling stuck Find out how to work toward the career of your dreams If you're slogging through your days in a boring or unrewarding job it may be time to make a big change Careers For Dummies is a comprehensive career guide from a top career coach and counselor that will help you jump start your career and your life Dive in to learn more about career opportunities with a plethora of job descriptions and the certifications degrees and continuing education that can help you build the career you've always wanted Whether you're entering the workforce for the first time or a career oriented person who needs or wants a change this book has valuable information that can help you achieve your career goals Find out how you can build your personal brand to become more attractive to potential employers how to create a plan to get from here to there on your career path and access videos and checklists that help to drive home all the key points If you're not happy in your day to day work now there's no better time than the present to work towards change Get inspired by learning about a wide variety of careers Create a path forward for a new or better career that will be rewarding and fun Determine how to build your personal brand to enhance your career opportunities Get tips from a top career coach to help you plan and implement a strategy for a more rewarding work life Careers For Dummies is the complete resource for those looking to enhance their careers or embark on a more rewarding work experience **Mastering Soft Skills- Essential Tools for Success** Surender Allam,Dr. K. Sareen Raj,2024-06-19 Mastering Soft Skills Essential Tools for Success is a comprehensive guide designed to equip individuals with the critical interpersonal abilities needed to succeed in both personal and professional situations Written by experts in personal development this book highlights the core competencies that define successful interactions and relationships The text covers a range of topics including communication teamwork problem solving and emotional intelligence Each chapter is thoughtfully structured starting with a theoretical overview followed by practical exercises and real life examples This approach ensures that readers can easily understand and apply the concepts in a variety of scenarios A special feature of the book is its focus on emotional intelligence It provides detailed information on how to identify and manage one's own emotions and understand and influence the emotions of others This skill is increasingly being recognized as important in promoting effective leadership and collaboration in the modern

workplace Additionally Mastering Soft Skills addresses the importance of adaptability and flexibility in today's rapidly changing environment It encourages readers to develop a growth mindset which is essential for continuous learning and personal development The book also emphasizes the importance of cultural awareness and sensitivity in a globalized world By promoting an understanding of diverse perspectives it helps individuals build more inclusive and harmonious relationships Mastering Soft Skills Essential Tools for Success is an invaluable resource for anyone who wants to enhance their interpersonal skills Its blend of theory and practical application makes it suitable for students professionals and anyone committed to personal growth and success

Computer-Assisted Career Decision Making Martin R. Katz, 2013-10-23
Discussing career decision making CDM career guidance a computerized system of career guidance and the interplay among them this book describes the way people sort themselves or are sorted into educational and occupational options The options represent the content of this book and the sorting represents the process The sequence of decisions may extend over a lifetime but several crucial choice points tend to occur at predictable stages in a career Career guidance is a professional intervention in CDM professional implies that practitioners conform to a standard of ethics knowledge and competence beyond what may be offered by other intervenors Guidance is partly an art but it is also partly a science at least an application of science based on a synthesis of logic and evidence derived from research The computerized System of Interactive Guidance and Information SIGI is a designated guidance treatment clearly defined and specified It was developed according to an explicit model derived from a particular rationale for guidance using modern technology to amplify the practice of career guidance The current version called SIGI PLUS TM is being used at more than a thousand colleges and universities as well as secondary schools libraries corporations community based organizations and counseling agencies These three interdependent topics are treated in a progression from a theory of CDM to a rationale and a model for guidance to the design and development of a system This book weaves together theory principles propositions rationales and models research and development The product of that development SIGI helps to define theory to exemplify it and to test it
